"A Cheerful Look Makes a Disha Feast."

"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "disha is a feast," for the reason that the vitalizing elements do not reach the proper spot.

A step in the right direction is to purify the body by the use of a natural remedy, Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and whether the seat of the disorder is brain, stomach, liver or kidneys, the purifying process of this medicine is equally sure and successful. It never disappoints.

Back Ache.—My mother had severe pain in her side and back. She was obliged to give up work. A friend persuaded her to take Hood's Sarsaparilla and soon she had a good appetite. MARGIE MORSE, Nasonville, N. B.

Nerve Food.—My wife was stricken with nervous prostration. She suffered from headache, became weak, low-spirited and her appetite was poor. I am glad to state that Hood's Sarsaparilla has completely cured her of her ailments. G. BELZAR, 821 Hanth St., Hamilton, Ont.

Canada's Position. Sir Wilfrid Laurier at Chicago: "Canada occupies to-day a position of honor together unparalleled, for which there is no parallel at all in the history of the world. While it is a nation, it is the same time a nation. Canada is independent. The tie that binds us to-day to England is simply the tie of friendship. We are a soldier on the soil of Canada to maintain British rule. The reign of the Queen, the supremacy of the Queen, no other foundation than the gratitude which is in our hearts for the privilege of being her subjects. [Applause.]"

Hood's Sarsaparilla Never Disappoints.
