### A QUESTION OF DIGNITY.

Why do physicians and lawyers consider it infra dig to advertise? This query has long constituted a poser to the ordinary layman.  
Why should not the young doctor or barrister, struggling to establish a practice, be able to advertise his profession without any more loss of dignity than the merchant prince suffers by making known his wares thru the public prints?  
No doubt the professional man's attitude towards the press is based upon a very high conception of his calling. His views were recently voiced by a doctor thus:

"The services of the professional man are not paid for, in the ordinary sense, but for the service of the community. The lawyer who serves an estate and rescues from poverty a family for several generations, who saves a child from death—can these services be settled for at so much per hour?"

To the lay mind, however, the sense of dignity or professional etiquette, which insists on such extreme conservatism as is now characteristic of the legal and medical fraternities, is false, or to say the least of it, unwise. Surely the laborer is worthy of his hire, and the professional man should be allowed to advertise, if he is to help him to make an honest living. Even Hippocrates himself, if he lived in these days of competition, would admit this much.

### THE CORONATION GIRL.

The coronation, we are told, is to introduce a new type of girl—or rather it is to re-introduce a very charming city girl.

For some years society has been devoid of the ingenuite. This generation of girls in England, as well as on this continent, springs from the status of school miss direct into woman-of-the-worldhood. Our up-to-date maid, some people think, goes to extremes in freedom of dress, speech, and conduct, and vies too much with matrons in the leadership of society.

But this dashing modern girl is to be toned down; she is to be relegated to a back seat at the English court; she is to be taught to be less exuberant in manner, to curtsy and defer to her elders in conversation. In short, it is promised that we shall have returned to "the old-fashioned 'sweet-simplicity' type of girl, who will blush, cultivate reserve of manner and conversation and wear simple gowns."

An American writer predicts that this sweet coronation maiden is to do a lot of ministerial work and to become the prevailing type in Canada and the United States.

From the man's standpoint the jaunty independent girl makes a jolly good comrade, but the average bachelor, it is said, would probably prefer the sweet and simple maiden for a wife.

So, while we're sorry in a way to lose the cake-walk girl, perhaps we shall find the minuet-maiden quite refreshing.

### "THE SLEEPING EMPIRE BEYOND."

The Minneapolis Journal has gathered together some interesting facts in regard to the "sleeping empire beyond." The warm, wet, western wind and the far-flung, fenestral prairie, which the late American Consul Taylor at Winnipeg called "the sleeping empire beyond." A contemporary observes that in Manitoba and Assiniboia alone there are 60,000,000 acres of rich arable land, which could easily support a population of 6,000,000 with a per capita income of only \$20 a year. Much of this land formerly sold for \$3 an acre, but owing to the present immigration the price for favored sections has gone up to \$5 and sometimes \$15 an acre. Even \$50 an acre has been offered for choice lands in Southern Manitoba. The soil of this land is so deep that its fertility is incalculable.

The laws are just, the taxation is light, and the climate and soil are being rapidly built. Many Americans, indeed, who have taken farms are growing rich, and even farm laborers find steady employment at good wages. All, of whatever nationality, are welcomed on condition that they will take a hand in the industrial development of the country. Apparently "the sleeping empire beyond" is awakening to a realization of its great possibilities.

### THE PULP SCANDALS.

Will the Globe tell the voters of Ontario, now about to cast their ballots, why the pulp limits were not put up at public auction, as the timber limits are put up? That is the way that the Liberals of other days favored. Now the pulp limits are distributed among favorites of the government, and never forget that there are always a certain number of Conservatives who are willing to be favorites of the government if they can do a turn for themselves and "be on with it."

Why were not the pulp limits put up to competition?

The answer is that the government wanted to help their own friends (at the people's expense), and to choose a certain number of Conservatives at the expense of their party running the risk of continuing another four years in opposition.

### OUR TOURIST BUSINESS GROWS.

The increasing commercial importance of the Georgian Bay is one of the features of the Canadian development of the present day. The huge undertakings at Sault Ste. Marie have created a new industrial centre to the west of the Georgian Bay, and already are causing an enormous increase of trade. The upspringing of huge lumber mills on the shores of the bay, due to the prohibition of the exportation of logs, has also caused a great industrial activity. An especial feature of the development of the transportation facilities afforded by the Georgian Bay has been the great part taken by the western peninsula of Ontario. By the water route this wealthy section is participating in the trade caused by the sudden expansion of lumbering, manufacturing and settlement on the northern shore, and the traffic has within the last two or three years expanded beyond the present means of meeting it.

### Shameful Treatment.

Mrs. Troman, of 360 Parliament-street, has been a regular visitor at the jail for over four years and she says that the treatment given to the women in the County of York is the most shameful she has ever seen. They are cared for by prisoners who have been on the black list for from ten to fifteen years. She gives many cases of respectable women who have been cared for by some of the worst elements in the County. A great number of these women are allowed to sit with no other person to take care of them but the prisoners.

### Information Wanted.

A few days ago, J. W. Cunningham, the well-known Irish man of Trenton, was placed in a Galt's institution on account of a trouble. On Tuesday, the 22nd inst., he disappeared from there, and has not since been heard of. He is a large, well-built man of 56, with iron grey mustache. It was reported that a man answering his description was seen on the streets of Trenton, but it was not confirmed. He is a native of Ireland, and is a member of the Irish Brotherhood in Lambton County, but nothing further than this has been heard. As his disappearance is a great mystery, and as he is a man of considerable means, it is hoped that some information will be given to his brother, D. Cunningham, who resides at 222 Queen-street, Toronto, who will be appreciated.

### East End Paragraphs.

The East End Queens' Methodist Church gave a cantata entitled "The Hallelujah Chorus" in East Queens' street, on Tuesday night. The church was packed, and the audience appreciated the piece very much. Mr. J. H. McIntosh, a McMaster University student, preached his farewell sermon in Eastern-avenue Baptist Mission. A large congregation was present, and it is regretted by all that he has to leave.

### At Osgoode Hall.

Reuben T. Butler is the plaintiff in an action instituted yesterday against the Newell & Co. Company, Limited, of King and Bathurst-streets. The action is to recover damages for personal injury. An action was yesterday begun on behalf of Mrs. Sarah A. H. Brown against George B. Elliot. Mrs. Brown seeks to recover possession of the house No. 202 Robert-street.

### To-day's Ceremony.

The corner-stone of Annesley Hall, the women's residence of Victoria University, will be laid at 3 o'clock this afternoon. The ceremony will be performed by Mrs. Hart A. Massey. The building is expected to be completed and ready for occupation in October.

### Carnegie—Have a Look.

George A. Sanborn, one of the promoters of the Log Cabin Gold and Copper Company of Ontario, The Home Gold and Silver Company of Ontario and the Imperial Corundum Company of Ontario, and other Buffalo gentlemen, will have a large collection of maps and pamphlets for sale at the corner of King and Bathurst-streets, on Tuesday afternoon.

## Mrs. D. Arnold, President German Woman's Club, Grand Pacific Hotel, Los Angeles, Cal., Relieved of a Tumor by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered four years ago with a tumor in my womb, and the doctors declared I must go to the hospital and undergo an operation, which I dreaded very much and hesitated to submit.

"My husband consulted an old friend who had studied medicine, although he was not a practicing physician, and he said he believed that Lydia E. Pinkham's Vegetable Compound would cure me. That same day I took my first dose, and I kept it up faithfully until twelve bottles had been used, and not only did the tumor disappear, but my general health was very much improved and I had not felt so well since I was a young woman.

"As I have suffered no relapse since, and as I took no other medicine, I am sure that your Compound restored my health and I believe saved my life."—MRS. D. ARNOLD.

### \$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone," and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

It is participating in the trade caused by the sudden expansion of lumbering, manufacturing and settlement on the northern shore, and the traffic has within the last two or three years expanded beyond the present means of meeting it.

result of this is the appearance of the Algoma Navigation Company, Limited. This new company will take over the business of the Owen Sound Georgian Bay S.S. Co. of steamships. This latter enterprise began operations in 1897 with one steamer, the City of Windsor.

The City of Owen Sound, which was the first steamer, had at least one more large and fast steamer necessary to cope with the traffic, and the old company has been doing a business sufficient to pay an average dividend on the capital invested of over 20 per cent. The present move is designed to increase and strengthen the line so as to enable it to meet the demands upon its accommodation. The new steamer will make two trips per week between Owen Sound and Sault Ste. Marie, a number of prominent business men in Toronto and other parts of the province are interested.

### POLITICAL INTELLIGENCE.

Mrs. Darwin, the nominee of the Canadian Socialist League, and who, it might be stated, is a relative by marriage of the proposer of the celebrated theory of evolution, states that she has been nominated for the position of a protest against the position in which the women of the day are placed. She is not a chafin, but the slaves of men. Mrs. Darwin is a thorough believer in theosophy and the law of Karma. She is also a firm believer in the Darwinian theory.

According to The Detroit Journal, a Windsor man, who has just returned from South America, states that while away he saw Duncan Bole, who failed to appear to answer charges of bribery in connection with a provincial election in West Elgin. Bole was representing a life insurance company in a town in the West Indies.

Owing to the dates of registration having been extended, the non-day meetings to have been commenced in the Conservative Central Committee rooms yesterday will not be started for a few days.

Hon. F. R. Latchford delivered an address on the Irish question at the Princess Radzwill, on the charge of bribery in connection with the late Cecil Rhodes, but which the latter repudiated. The Rhodes and Schults, the two principal witnesses, have died since the case was first filed, their evidence in the form of affidavits, denouncing the signatures on the notes as forgeries, holds good.

### Princess Again on Trial.

Cape Town, April 28.—The trial of Princess Radzwill, on the charge of bribery in connection with the late Cecil Rhodes, but which the latter repudiated. The Rhodes and Schults, the two principal witnesses, have died since the case was first filed, their evidence in the form of affidavits, denouncing the signatures on the notes as forgeries, holds good.

## CITY NEWS.

### In the Police Court.

Magistrate Kingsford yesterday remanded William Lind for mental examination. Thomas Hayes, who trespassed on the property of his wife, was ordered of protection, was fined \$10 and costs or 30 days. For assaulting a Hebrew, George Valliers was fined \$5 or 10 days. Mrs. Jessie Polard will be tried to-day on a charge of stealing bed and table linen from the residence of Thomas Burns. She was acquitted of a charge of robbing Hunter. John Ryan, whose wife wants an order of protection, and John Morarty, charged with non-support, did not appear, and bench warrants were issued. Wilfrid Denault, charged with attempting to pick pockets in Riverdale Park, was remanded for a week. Mary Mallory, charged with stealing a ring from Jessie Talloch, was released. Willie White, who broke an awning at 122 1-2 West Richmond-street, was fined \$1 and costs. Several Italians were also fined for refusing to keep on the move in the downtown streets.

### Ministry in Session.

Rev. Dr. George Coates of McMaster University read an interesting paper on the life of Frederick Schlemmer, the first ethnologist professor of Berlin University, at the beginning of last century, at the meeting of the Baptist ministers yesterday morning. Rev. J. B. Warkentin presided.

A paper on "Oliver Cromwell" was read by Rev. Dr. Milligan at the meeting of the Presbyterian ministers. The chair was occupied by Rev. T. H. Rogers.

At the meeting of Methodist ministers Revs. William Sparling, Isaac Theobald and C. O. Johnston were appointed a committee to consider the proposal to hold a coronation service. Revs. Messrs. Laker, Housner, Morris, Sparling and Powell were appointed the Bilingual Committee.

### Board of Trade Appointments.

The Canadian Manufacturers' Association will hold a banquet in McCone's on the evening of May 15, at 7 o'clock. The speakers will be Mr. J. B. Warkentin, and the assistant secretary, J. F. M. Stewart, who have recently returned from India, will read their official reports.

The joint committee of the Board of Canadian Manufacturers and the Manufacturers' Association, to discuss the establishment of a commercial department in London, Eng., will meet this afternoon.

The committee of the board appointed to consider questions for discussion at the colonial conference in London, will meet to-morrow at 4 p.m. The meeting House Association will meet at 3:30 o'clock this afternoon at the Board of Trade building.

### Shameful Treatment.

Mrs. Troman, of 360 Parliament-street, has been a regular visitor at the jail for over four years and she says that the treatment given to the women in the County of York is the most shameful she has ever seen. They are cared for by prisoners who have been on the black list for from ten to fifteen years. She gives many cases of respectable women who have been cared for by some of the worst elements in the County. A great number of these women are allowed to sit with no other person to take care of them but the prisoners.
