AUTO BANDITS  
TAKE \$50,000  
IN DIAMONDS

Trio Rob Toronto Jeweler—Get \$5,000 in Victory Bonds Too.

TORONTO, June 18.—Three armed auto bandits got away with \$50,000 worth of jewelry, chiefly diamonds, and about \$5,000 worth of Victory bonds in a robbery at the jewelry store here in broad daylight this afternoon and left the proprietor wounded in the head and tied and gagged in his cellar. The robbery occurred between 6:15 and 6:30 o'clock, and the robbers made their departure from the vicinity of the store in a seven-passenger car.

The police claim that the trio were American crooks, but the only clues left behind are a Salvation Army cap, which one of them wore, and a handkerchief that is stained with blood.

Had Closed Store.

Mr. Rosenthal had closed his store for the day when the man who wore the Salvation Army cap appeared at the door and asked to be admitted. As he had three previous visits to the store in the last few days and made purchases the proprietor had no hesitation in opening the door to him. No sooner had the supposed Salvationist entered, however, than he drew a revolver and felled Mr. Rosenthal with a blow with the butt end of the weapon.

The latter arose and grappled with his assailant and grabbed him by the lip, drawing blood.

Two Companions Appeared.

By this time two companions of the principal in the robbery had appeared on the scene, and together they bound the merchant with a cord which they had with them, gagged him with a heavy towel which they bound around his head, dragged him downstairs to the basement and deposited him on the floor.

Then they went back and helped themselves to things in the store. They emptied trays of diamond rings and brooches in a bag, while one of the men took the Victory bonds out of the safe, walked out the front door to their waiting machine and whirled away. The police were not notified of the affair for almost an hour. A citizen witnessed the escape of the men and had noted that one of them carried a handbag.

**ENLARGES LIST OF EXEMPTIONS FROM SALE TAX**

Wheat Flour Among Free Articles—Exemption For Caps Raised.

OTTAWA, June 18.—(By Canadian Press).—A certain number of articles were exempted from the operation of the 1 per cent sales tax when the bill which imposes this and the new luxury taxes was put through the committee stages in the House of Commons today.

Wheat flour, meal and meal meal were among the articles of food placed on the exemption list, but the minister objected to adding products of wheat to the list, because this would include biscuits, patented cereals and other taxable articles.

Sir Henry Drayton raised the exemption figure for caps not made from fur, for boys and men, from \$2 to \$3, and on his motion the exemption made from taxation on wedding rings was limited to the plain gold variety. He explained it was becoming fashionable at society weddings to have wedding rings of platinum set with jewels. Suggestions that the exemption figure for furs should be raised were not accepted.

The House spent a quiet day, chiefly in the consideration of estimates, the departments of public works and mines being under discussion. A certain amount of progress was made.

**Real Estate Sales Free.**

J. A. Robb strongly urged a tax on real estate sales, but the minister said that the proposal had been found to be difficult of administration. He would like very much to tax real estate sales if it was practicable. A number of members urged that jam and marmalade should be exempt from sales tax. They were more valuable foods than canned goods, which are exempted. The minister added split peas and pea meal to the articles exempted.

**Tax on Overdrafts.**

The clause imposing a tax of 2c per \$100 on overdrafts was also amended. Under the amendment an advance will not be deemed to be outstanding under the fourth day after the account is overdrawn.

The bill was then reported and will be read a third time at the next sitting. The House sat till 8:30 to complete consideration of the bill, and then rose till 8:30 this evening.

**FOX OF ESSEX SAYS HICKS MUST HAVE MISUNDERSTOOD HIM**

KINGSTON, Ont., June 18.—A new phase of the Hicks bribery episode has developed, as a result of an interview today with Milton C. Fox, U. F. O. member for South Essex.

"As soon as I read Hicks' statement in the papers, I felt he was referring to a conversation I had with him," said Mr. Fox. "But Mr. Hicks must have misunderstood or misconstrued my remarks, as I never mentioned a word about having been offered bribes. It is quite possible that Mr. Hicks misunderstood my remarks in discussing this certain piece of legislation I might have made a jocular remark that if a poor farmer wanted to get rich quick he could easily do so."

"Why did you say that?" he was asked.

"I was referring to the large interests at stake."

"Did anyone representing private interests try to bribe you in an effort to influence your vote on any bill?" he was further questioned.

"No—but they thought I was doing wrong."

"Did you ask Hicks to line up the U. F. O. members to carry a bill?"

"I do not remember if I did. I would not be positive above it. I have asked Hicks to give his personal support to a bill."

"Then it was not necessary to tell Premier Drury or Mr. Raney about it?"

"No."

"Have you asked for an investigation?"

"There's no need for one. There's nothing to investigate."

Mr. Fox emphatically declared that no person or company had ever tried to bribe him in any shape or form.

FIFTEEN SQUARE MILES  
OF FARM LAND RUINED  
BY BIG HAILSTORM

Area Around Clachan Laid Waste—Thousands of Dollars Lost.

ST. THOMAS, June 18.—An area five miles long by three miles wide around Clachan was devastated and left as waste lands, so far as this season is considered, by the big hailstorm which covered part of the country recently.

The hailstones broke the windows in many farmhouses and barns and out-houses were overturned by the wind. Everything that was growing was leveled, and means the loss of many thousands of dollars to the farmers. The season is too far advanced to replace any of the crops which were looking so promising, so that the district covered by the storm must lay idle and untill the remainder of the year.
