### Note and Comment

The old Caledonians vesterday talked of Mutual-street in the times before the rink was up. They were curling in the open afternoon and evening at Swansea, and never enjoyed better play. W. D. McIntosh was as spry and mirthful as a youngster, while John Watson, too was in juvenile mood. The good work of these two veterans materially aided their skip in gaining a margin for the President.

The Varsity track team are getting antious. They have a relay team of four ney think can beat anything in Canada four miles. The student milers would placed from Halbhaus, Siebert Wright, tandler, Sheppard, Follinsbee, Foord and codley. They are holding a closed track set on March 11.

Attell looked the picture of health and the many sporting men who visited his quarters predicted that he would put up the greatest fight of his career.

"Driscoll will score a knockout," said one of the Briton's camp followers to-day. "He has been under a pull in all his bouts in this country, but he wants to that Attell decisively. He will make the laquired weight, 125 pounds, at 6 o'clock and will enter the ring in splendid condition."

When told that Attell would weigh 122 pounds, briseoil said he was sorry that the American would not meet him at practically even-weights and when informed that Attell expected to beat him with body punches, he said with a laugh: "That's jolly good, you know, but whot'll I be doin' while 'es tapping me bread basket."
