## Help for Weak Backs

Few old people are entirely free from kidney trouble. That is why so many men and women of 50 and 60 and over, suffer with backaches, sharp twinges in the back and legs, Rheumatism and Sciatica, bladder troubles, scalding urine and frequent passages at night.

Gin Pills meet a healthy, hearty old age. Gin Pills keep the kidneys well and strong. Even when there are no severe pains or dizzy spells, three or four Gin Pills a day will keep the kidneys flushed and free from accumulations and in perfect order so that they can perform their work of filtering the impurities from the blood, and thereby keep up the vigor and vitality of youth.

HALIFAX, N.S., Feb. 12.

"I have suffered from sick kidneys for about five years and had got very little relief from various medicines I had taken, until I tried Gin Pills which gave me instant relief. I cannot speak too highly of them and will recommend them to my friends."

Mrs. M. LAWRENCE.

Don't make the mistake of neglecting your kidneys. Pains in the back and limbs are not "signs of old age." They are signs of kidney trouble. Get Gin Pills today and see how quickly you improve. Gin Pills are guaranteed to cure or money refunded. For sale by all druggists and medicine dealers at 50c. a box or 6 for \$2.50. Sent on receipt of price if your dealer does not handle them.

We have such unbounded faith in the curative qualities of Gin Pills that we will let you test them free. Mention this paper and we will send you a sample box free of charge.

ANOTHER RECORD BROKEN  
AT EXHIBITION YESTERDAY

Admission Totalled up 13,680 Which Was Best Fifth Day on Record—W. W. Black of Amherst Wins Biggest Share of Prize Money.

A comparative statement of the attendance at the exhibition to date is:

Saturday	1908	1908
Monday	4,072	3,988
Tuesday	11,884	11,300
Wednesday	16,172	16,372
Thursday	14,821	14,820
Friday	9,012	13,680
Saturday	5,293	
Total	71,772	

The attendance yesterday took a surprising jump and 13,680 paid admissions were registered, or 4,998 more than on the corresponding day in 1906. The continuance of fine weather, the fact that it was children's day and the excellence of the attractions largely contributed to this total. Today with nearly every feature still on the programme and a new attraction added in the amusement hall the management are looking forward to setting the last exhibition figures exceeded. It will require but 5,293 admissions to do it.

The new attraction on the amusement programme is a comedy grotesque act by Smith & Rudd, who have been the principal attraction at the Chatham fair. Arrangements were made yesterday for the diving horses to perform as usual both in the afternoon and evening in front of the grand stand. The first act with Professor Norman as originally made terminated with this afternoon's performance. The attendance in the grand stand was 50 per cent. better than in previous years.

The only judging yesterday was in the butter making competition. The awards will be made known this morning. In the fine arts department winners were announced. The prize winners in the agricultural department were also decided.

The parade of prize winning horses and cattle was witnessed by a large crowd. The smart turnouts in the driving classes, and the excellent condition of the cattle, greatly took the fancy of the spectators, and there was frequent applause.

The Big Prize Winners

Today prize winners will be busy receiving their awards. As in 1906, W. W. Black, of Amherst, is the heaviest winner, his share totalling \$404. Another Amherst firm, Logan Bros., comes next with \$383. Sir William Van Horn will receive \$208 for his French Canadian and Dutch belted cattle, and is third on the list. McIntyre Bros. of Sussex, will be paid \$225, and Roper Bros., of Charlotte town (P. E. I.), \$207. Guy Carr, of Compton (Que.), follows with \$200, and C. A. Archibald, of Truro, next with \$185.

Other heavy winners are W. McConagie & Sons, of Sussex, \$175. Stonestorff Farm, St. Anne de Bellevue (P. E. I.), \$173. A. Snowball, of Chatham, \$164, and Joseph & Young, of Simonds, \$132.

Taking the prize winners by provinces, New Brunswick will receive about \$3,650, Nova Scotia about \$1,775, P. E. Island about \$800 and Quebec, \$880.

No feature of an exhibition is so liable to pass unnoticed as the catering department, unless there are complaints. This year under the auspices of the ladies of St. John the Baptist church, the hungry crowds have been well fed and cared for. Yesterday it was learned that between 5,000 and 6,000 meals had been served in the big dining hall, and that from exhibitors, who may be regarded as connoisseurs of exhibition fare, the management of the exhibition had received many compliments on the excellence of the service.

Rev. W. J. Holland and his staff are apparently leaving nothing undone to give entire satisfaction.

On the closing of the exhibition this evening, the judges and the representatives of the press will be entertained in the dining hall by the executive. The awards made yesterday were:

WHBT GENERAL WOLFE'S RELATIVE  
SAW WHILE VISITING IN CANADA

Mr. George Wolfe Was Not Very Favorably Impressed With What he Saw of Quebec During Tercentenary Time.

The Yorkshire Herald publishes an interview with Mr. George Wolfe, of Acomb Priory, York, and County Kil-dare, Ireland, who, at the invitation of the Dominion Government, attended the Quebec Tercentenary. In part, the article is as follows:

Naturally, Mr. Wolfe paid particular attention to the Plains of Abraham, where Wolfe defeated Montcalm in 1759 and Lewis triumphed over Murray six months later. These precious Plains, sacred to French and English alike, appear to have been a sort of Tom Tiddler's ground.

"They are in a most deplorable condition," said Mr. Wolfe, in answer to a question. "There are no trees, perhaps there never were any; there is plenty of stones and rubbish; there is no grass. Really, the look of the place is disgraceful. A great deal has been encroached on, many houses have been built, and there are big market gardens. Very little remains. One of the objects in view in organizing the pageant was to raise money to help on buy out those people who have acquired rights over the plains in one way and another, and turn the place into a park."

"The famous Plains of Abraham look like a piece of waste land."

"Exactly so. Like a city building plot not ready for the market."

"And what about the monuments?"

Mr. Wolfe picked up a picture of a very much more imposing monument. "It is a beautiful piece of work," he said. "The monument to Murray is a little better, too."

"Nelson's monument in Trafalgar square is a pillar, and we think a lot about it."

"It is not elaborate, then?"

"It is sadly neglected. The place seems to be the resort of all the cats and dogs of the neighborhood. It is in a bad condition. The joint memorial to Wolfe and Montcalm is a little better, but not much. That also is a straight pillar. The monument to Murray is a little better, too."

"Nelson's monument in Trafalgar square is a pillar, and we think a lot about it."

"Oh, but this is nothing like Nelson's monument. This is a small affair. But, then, of course, one could not expect the French to join in any glorification of their own hero."

"The French to join in any glorification of their own hero?"

"Now tell me what you think about the French Canadians?"

"I received nothing but the most conspicuous kindness from them. They are intensely religious people, and are really the French before the Revolution. They are 150 years behind our neighbors across the Channel, and are indeed no more like them than a Scotman is."

OVER SEVEN HUNDRED  
DIE OF TUBERCULOSIS

This is Montreal's Annual Record—A Great Exhibition in That City in November to Enlighten the People on This Subject.

(Montreal Witness)

Over seven hundred people die of tuberculosis every year in Montreal. At least half of this number could be saved if the people knew the real facts about the nature of the disease and its treatment; and if the whole community were co-operating in the work of curing the disease.

The most modern method of destruction of the human body for repair, granted it is the most modern sanitary appliance.

The most important part of the exhibition, however, will undoubtedly be that in which the methods of prevention of the disease and the means of cure or arrest are shown.

The most modern sanitary appliance will be demonstrated, together with the value of the sick, the tent upon the roof of the church on the gallery or even the yard.

Effort will be made to dispel the morbid fear of consumptive cases shown by so many people by the means of the exhibition.

as to be of interest to the physician as well as the layman. Every effort will be made to prevent this department from being chaotic and from being morbid.
