

BURLINGTON—J. S. Lean, Pastor.—In public and social means of grace, God has graciously blessed us. Congregations have improved, and interest in the cause of Christ is increasing. One of our oldest and ablest supporters has passed away to his Heavenly rest. Our membership has slightly increased. We need a greater baptism of the Holy Ghost, and more earnest self-consecration to God.

NEWBURGH—Under the pastoral charge of Bro. H. J. Nott -- We are sorry not to be able to report greater progress. The arrangement made two years ago, has not accomplished all that was expected. The Church debt has not diminished, as was anticipated. Three years interest has been provided for, and \$129.00 paid on the principal. We want a little white-heat interest in the members of the Church, and then Newburgh will rise.

ROCK LAKE DISTRICT—John Greenway, Missionary.—Delay (through illness) in reaching his distant field; severity of the winter, rendering it almost impossible to travel for about four months; late Spring, with high water from April 1st until May 15th, have militated against successful pioneer work. Nevertheless, evidences of Divine approval, and the prospects before us, give good reason to thank God and take courage. Various parts of the Province have been visited, means of grace provided, and Societies formed. We trust the little one shall become a thousand. The erection of a Church is contemplated at Alexandria, and also at Snowflake. Our services, public and social, have been characterized by much of the Divine presence and power. Sad hearts have been cheered, dead souls brought to life, and many who were in darkness now see the light; so that we feel to say:

“Fly abroad, thou mighty Gospel,
Win and conquer, never cease,”

until it shall be said, “The Kingdoms of this world are become the Kingdoms of our God and his Christ.” Haste, glad day! So we pray!
