OLD LINEN DAY.

To the Editor of the Times: Sir—To correct an impression that seems to have been made in some of the papers, I would like to explain that Loyalist Chapter's "Old Linen Day" is not for the purpose of collecting old linen. Old linen and cotton are asked for because it is better than new goods for Red Cross work, being softer and more absorbent, and having no "dressing" in it.

Donations should be cleaned before being delivered. Our duty is to receive donations and see that materials are properly sorted and only goods suitable for the work, delivered to the Red Cross.

Thanking you, Mr. Editor, for helping correct this wrong impression, we are, Yours truly, L. O. D. E. Loyalist Chapter, I. O. D. E.

WAS TROUBLED WITH SHORTNESS OF BREATH

When the heart becomes affected, there ensues a feeling of choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, and a feeling of sinking, all of which are symptoms of a weak heart.

On the first sign of the heart becoming weakened or the nerves unstrung, you should be alone, have a horror of society, start at the least noise and are generally fatigued.

FINANCIAL

NEW YORK STOCK MARKET

Quotations furnished by private wire of J. M. Robinson & Sons, St. John, N.B., New York, May 17.

After an illness of but a few days, Mrs. Sarah P. Tuck, widow of Hon. William Tuck, late chief justice, died early this morning at the home of her daughter, Mrs. Freeman-Lake, Sackville. The deceased, who was eighty-two years of age, was the daughter of the late Colonel Favor, of Toronto, was at the bedside when the end came. She is survived in addition to her two daughters by two sons, Frank H. Tuck, of Edmore (B. C.), and Charles F. Tuck, Winnipeg. Funeral services will be held at 11 o'clock this morning, but interment will be made in St. John.

The death of Mrs. H. M. Condon of Hopewell Hill, occurred on May 11. Her husband and one son survive.

Mrs. William Kirkpatrick of Douglasville died on Thursday of last week. She was seventy years old.

The death of George A. Brittain occurred at his home in Bristol on Monday evening. He was seventy-six years old.

Walter W. York of Rosedale, Carleton county, died on Friday. He was fifty-six years old.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all druggists, etc.

AMUSEMENTS

ANOTHER BIG BILL AT THE GEM

Ethel Clayton and Carlyle Blackwell Stars in Thrilling Screen Play—Excellent Vaudeville

If you had been a prosperous manufacturer, blessed with a beautiful and devoted wife and many friends, if one day you had come to business with a tired and irritable mind, quarrelled with an employee who, knowing that the premiums on your fire insurance had not been paid, revenges himself by setting fire to your factory, resulting in a total loss, if your health broke under the awful strain, and you found yourself forsaken by the time-revels as a daughter of the late Thomas Brudage, of this city, who had ended herself by a large circle of friends by her true hearted and generous disposition. She leaves four sons—Allan F., Charles T., Gilbert A. and John D., and one daughter, Helen B., who make their home in Minneapolis, the brother and sister in Boston; Miss Bertha, St. John (at present visiting in New Hampshire), and other relatives in Massachusetts and St. John. Funeral was held from the Calvary Baptist church, Minneapolis, where Mrs. Hay has resided since her marriage. Her husband died several years ago.

RECENT DEATHS

Mrs. Alice R. Hay.

News was received last week of the death of Mrs. Alice R. Hay, widow of Fred T. Hay, of Minneapolis, who passed away suddenly on Tuesday, April 25, from the effects of a severe shock of the late Thomas Brudage, of this city, who had ended herself by a large circle of friends by her true hearted and generous disposition. She leaves four sons—Allan F., Charles T., Gilbert A. and John D., and one daughter, Helen B., who make their home in Minneapolis, the brother and sister in Boston; Miss Bertha, St. John (at present visiting in New Hampshire), and other relatives in Massachusetts and St. John. Funeral was held from the Calvary Baptist church, Minneapolis, where Mrs. Hay has resided since her marriage. Her husband died several years ago.

ACID STOMACHS ARE DANGEROUS

Nine-tenths of All Stomach Trouble Said to Be Due to Acidity.

A Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of Stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary bisulphated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach as it is to treat the foot with rub liniment on the foot without first removing the tick. Remove the tick and the foot will heal itself—neutralize the acid and the stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the acidity of the stomach remains acid; remove the acidity, and there will be no need of medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisulphated magnesia from their druggist, and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, if necessary, this being the dose which the doctor has found most efficacious in all cases.

J. Roderick & Son BRITAIN STREET

infidelity—what would you do? Go with Howard Barton among the shadows, and see if your wife will follow and after the first climax go through the many thrilling episodes to the end. Then decide.

"His Brother's Wife" is a big beautiful story with a thrill in every scene, and a happy ending that brings you back to the sunshine. It gripped all at the Gem last night as powerfully played by Ethel Clayton and Carlyle Blackwell. It proved another triumph in the Gem's series of World-Brady features. Some of the scenes are very striking and the whole play of absorbing interest.

The vaudeville completes an excellent bill. Al Bason, in a musical act, gave a masterly exhibition of his skill as a cornet player, and at the piano and in playing on both instruments at once. His closing number was "A Soldier's Dream," a descriptive piece illustrating the hour before the battle, the peaceful chiming of cathedral bells, with the Adele Fidelis, then the clash of arms and roar of guns, then taps and finally Dixie. As a piano player the performer gave a wonderful exhibition.

Dickens and Floyd, entertaining character comedy sketch set in a scene which depicted the East River and the sky line of New York. The act includes a lot of bright chatter, songs by each, dancing by Miss Floyd and solos sang in excellent voice and taste by Mr. Dickens. The act was very pleasing.

The Gem will continue the programme until including Friday night and will present an entire change on Saturday afternoon.

THE STAR THEATRE

Famous Actress Plays Child of Slums, Who Attains Temporary Wealth and Social Position by Fraud

The story of a woman who deliberately takes the place on another she believes dead, and is called to account after she has fallen in love with the man who befriended her, makes Theda Bara's new photoplay for William Fox one of exceptionally gripping heart-interest. In "Her Double Life," now showing at the Star Theatre, Miss Bara plays the part of Mary Dwyer, who begins life at disadvantage, as a child of the slums. She works her way to a high position in London society—then comes the discovery, and all is over.

Mary Dwyer lives in the Whitechapel district of London. Ever since she can remember, she has been there among the slums, dragging out a slow existence. It is therefore with a vague feeling of being lost that she finally leaves the district, pursued by the drunken fury of the man who had raised her as his child.

Startling incidents follow in rapid succession, making this Fox feature a splendid mid-week attraction. It will be shown for the last time this evening. The final chapter of "A Lass of the Lumberlands" will be shown on Friday and Saturday.

BREWSTER'S TO UNITE AND RELEASE MEN

Twenty brewery companies in Sheffield, with a capital totalling \$2,000,000, are to be amalgamated as a result of the necessity to save labor. Brewing is regarded officially as a nonsectarian trade. Sheffield, as one of the biggest brewing centres, is one of the first places for experiment. The brewers have met and decided on a plan of amalgamation whereby the desires of the government can be met, while each firm preserves its trade interests and individuality. Some seventeen breweries are to be closed and the production will be concentrated at the remaining three.

Some delay has occurred through the unwillingness of one firm to close, and the time limit for a voluntary arrangement may expire shortly. The amalgamation expected to release many men for the army and national service.

The announcement suggests that the state purchase proposals have been abandoned or postponed. It is argued that if immediate state control was contemplated such a measure as that now adopted would be unnecessary.

The wholesale price of bottled beer by the brewers and bottlers is \$2.75 to \$4.00.

YOU WILL SEE EVERYTHING in its proper light if your glasses have been properly ground and skillfully fitted. The wrong glasses are costly at any price. Our glasses are scientifically accurate and cost no more than the other kind.

K. W. Epstein & Co. 193 UNION ST. Phone 2/43-21.

Bees was fixed at 2s. 8d. a dozen half pint bottles. The new increase brings the wholesale price up to 4s. 6d. a dozen.

IS IT FOR BEER OR FOR BREAD?

Last year, says a New York department of health bulletin, approximately 3,000,000 tons of grain were used in breweries and distilleries. Most of this was millable grain. Careful calculations show that each million tons of grain sufficient to supply a one-pound loaf of bread daily to six million people. Moreover, the fact must not be overlooked that the conversion of grain into alcohol, rather than into bread, represents a distinct loss of 30,000 tons of protein, for each million tons of grain.

No amount of sophistry regarding the food value of alcohol can overcome the fact of this absolute waste of an essential constituent of our food. Nor can it be contended that the protein of the grain is conserved by being converted into beer for the feeding of brewers' grain to cattle. The proportion thus salvaged has been allowed for in our calculations. The fact remains that the amount of protein irretrievably wasted in this country annually through the conversion of the grain into alcohol represents the protein needs of six million people for one year.

How much longer can we afford to waste valuable food materials on such an appalling scale?
