How Do You Know You Haven't Neurasthenia?

"Never before in the world's history has there been such an excess of cases of run-down constitutions where the nerves of both men and women alike show the need of an up-building tonic. The condition known as neurasthenia being the most common and most widely known ailment—makes you feel miserable and depressed—have the 'Blues' and existence is nothing but a misery." This is the clipping referred to in the following letter from Mr. Moore: "As a user of your tonic known as Carnol, I wish to state that it is the leader of all tonics. That's the way I speak of it. The clipping enclosed is just the way my wife felt, also she could not eat or relish a meal. Now she is always ready for her meals and work is no burden. I have tried all kinds of tonics but none did what Carnol has done. It was recommended to me and it is a pleasure for me to recommend it to others because what it did for my wife. Anyone who is in need of a tonic or body builder should use Carnol. You can use my recommendation anywhere or any way you like. That's how much faith I have in Carnol. Excuse me writing to you, also accept my thanks for the tonic known as Carnol.—J. Moore, 18 Royal St., Toronto, Ont. 9-9-23. *Carnol is sold by all good druggists everywhere.*"

SUSSEX FIRE DEPT. SEEN IN PARADE

A parade of the Sussex Fire Department was held yesterday, when the efficiency of this fire-fighting body was impressed upon many visitors who witnessed the spectacle. All the equipment has been motorized and painted, and no expense has been spared by the town to afford adequate fire protection. Although Sussex has been a heavy loser by fire in recent years the losses have been due, not to inefficiency but to unfortunate circumstances, and the citizens are fully alive to the necessity of providing against future disastrous fires.

A woman in New York tried to shoot herself, perhaps because she was a woman in New York.
