Purity Sundae

Whatever other names distinguish their varieties, they are, nevertheless, Purity Sundae, for each, as a base, has PURITY HEATHORIZED ICE CREAM with its natural fruit flavors, wonderful richness and velvety smoothness and absolute purity. Do you wonder so many folks prefer our Purity Sundae? Come in and have one at the

GARDEN CAFE, - - Royal Hotel

Home-Heating Needs and Comforts

The bright, blazing logs or bit of coal fire in the grate or heating stove is so inviting and comfortable these cold, chilly days which remind you once more of the need of

Fire Dogs

Fire Irons, Wood Baskets, Coal Hods and Fire Shovels. Stove Pipe, Elbows and Stove Pipe Enamel will also be required in many a home. All these you will find, in the more dependable grades, in our Household Department where other necessities, such as

Rotary Ash Sifters

—so cleanly, convenient and economical—also ordinary ash sieves, galvanized iron ash barrels and coal shovels await you. Then, for the open grate, there are

SPARK GUARDS

Fenders, of many designs, in bright brass and dull black finishes; also grate baskets. These you are welcome, at all times, to inspect in our

HOUSEHOLD DEPARTMENT

Street Floor.

W. H. Thorne & Co. Limited

Store Hours—8 to 6. Open Saturday Evenings until 10.

Advertising Copy

Advertisers in The Times are requested to note that it is necessary to have change of copy or new copy delivered at the advertising department of The Times before 2.30 p.m. to ensure insertion in the next day's paper.

LOCAL NEWS

CUBAN TRADE.

In reply to a request from a firm in Manzanillo, Cuba, the secretary of the board of trade has sent a list of potato and codfish exporters of this district.

THE MILITARY.

Lieut.-Colonel H. C. Sparling, D. S. O., left last evening for Moncton where he will give a lecture on the military staff course inaugurated this winter.

BANK CLEARINGS

The St. John bank clearings this week were \$2,471,886; last year \$2,890,387; in 1920, \$3,439,030.

AT DORCHESTER COURT

Daniel Mullin, K. C., is at Dorchester this week where he is acting prosecutor as counsel with the local crown counsel in several season cases.

INSPECT WATER GATES

Necessary repairs to the water gates at Marsh bridge have been completed and the water and sewerage department crews are now engaged in inspecting gates in Lower Cove.

FAIRVILLE FIRE.

At last midnight the Fairville fire department was called out to extinguish a chimney blaze in a property owned by Geo. Tippet in Prospect street, Fairville, and occupied by Wm. Arbo, sr. Fortunately the fire had been seen in time and prompt work by the firemen soon put out the blaze. The alarm, coming at midnight, caused a good deal of concern to most householders, as this is the neighborhood of the fires of last spring.

PREMIER MURRAY HERE.

Premier Murray of Nova Scotia passed through the city today en route to his home in Halifax. He went through with a special party from Halifax, Gloucester, Mass., to see the schooner race between the Bluenose and the Henry Ford. He said that Monday's race was a good one and he regretted not seeing yesterday's. He said he decided to return home as a result of the uncertainty of a continuance of the racing.

MATTERS FOR THE COUNTY COUNCIL

Finance Committee This Afternoon Will Discuss Some of the Subjects Scheduled for Next Week's Meeting.

The municipal council will meet next Friday afternoon, November 3, at 2.30 p.m. This afternoon the finance committee will hold a meeting in the office of the county secretary. Amongst the matters to be dealt with will be the following:

A petition for sewers in the Parish of Simonds.

An application of the commission of the General Public Hospital, relating to an expenditure for improvements and to provide for money to pay for these improvements.

The erection of a fire station and other matters arising out of a proposal to erect a building for parish and local purposes in the Parish of Lancaster and to provide money to pay for it.

Other matters to be taken up at the council meeting next week include the appointment of members to the sub-district board of health and the resignation of the local county housing board.

OCTOBER BRIDES

Siegmans-Growweiner.

A very pretty wedding will be solemnized at the home of Mr. and Mrs. Max Growweiner, 74 S. Catharine street, this afternoon at six o'clock, when their daughter, Miss Dora, will be united in marriage to Thomas Siegmans, formerly of this city, but now of St. Catharines, Ont. The ceremony will be performed by Rev. Rabbi Saksberg, while the bride and groom stand under a canopy.

The bride will be given away by her father and will be costumed in a coming dress of sand colored georgette with lace panels and gold trimmings and will wear a black picture hat trimmed with roses and streamers to match the dress, and will carry a bouquet of Ophelia roses. She will be attended by her sister, Miss Rose, who will wear a henna dress of Canton crepe with hat to match and will carry a bouquet of white roses. Nathan Rozovsky will officiate as best man. The wedding march will be played by Miss Bertha Boyaner, pianist, and Hymen Elman, violinist. Following the ceremony a dainty supper will be served, after which the bride and groom will be tendered a reception.

On Friday the bride and groom will leave on a honeymoon trip to Montreal, Ottawa and Toronto, after which they will proceed to St. Catharines, where they will reside. Mr. and Mrs. Siegmans, parents of the groom, are in the city to be present at the ceremony. The large number of magnificent presents received testify to the popularity of the young people. Among them is a large mahogany floor lamp with a Japanese shade, a gift from the fellow employees of the groom with the Ontario Paper Company of Thorold, Ont.

Mann-Bates.

At the residence of Rev. R. G. Fulton, pastor of Centenary church, on Wednesday afternoon, Oct. 25, Miss Gladys Alfreda, daughter of Mr. and Mrs. Alfred Bates of Hammond River, was united in marriage to James Frederick Mann of this city. The bride was becomingly attired in a navy blue tailored suit with hat to match and wore a corsage bouquet of Ophelia roses. Many beautiful presents were received, showing the high esteem in which they are held. Best wishes are extended to them for their future happiness.

"Who Said Taxes?"

In Ontario every dollar spent for any purpose in connection with the development and distribution of hydro is paid by the users of hydro. Every cent is charged up against the consumer.

Does he have to pay it in taxes? Not one cent. Does he pay it in increased charges for light and power? Not at all. He gets them far cheaper than he did before. Why? Because there is no profit to be paid to a private corporation. He is really buying light and power from himself, and gets the full benefit. Toronto people saved \$28,000,000 since 1911 by this method. Not only did they not have to pay any more taxes, but they saved this enormous amount by cutting the rates for light and power which they had previously been forced to pay to a grasping monopoly.

No increase in taxes for anybody; a great saving in cost of light and power for everybody. This is what St. John will experience when it gets its own hydro.

BIG WINTER IN GRAIN HANDLING

That is Railways' Word to Board of Trade

All That Ships Can Carry— Assurance of Co-operation of Harbor Department is Given— More Publicity for City and Port.

Mr. Wood, general foreign freight agent of the C. N. R., recently replied the winterport shipments of grain the winterport shipments of grain through this port sent by the St. John Board of Trade. He wrote that there would be an unusually large amount of grain shipped through Canadian ports this winter instead of through U. S. ports. The reasons for this were based on the coming of the winter strikes in U. S. as well as on other matters. The port of Montreal had reaped the benefit of this diversion of traffic to date, he said, but with the coming of cold weather the winter seaboard of the dominion would be used. Arrangements for handling as much grain as possible, and so far as St. John was concerned, it was probable that the big elevator here would be used to its full capacity.

Mr. Wood wrote that the amount of grain that could be handled by an elevator depended on the number of ships sent in to load it. If there were enough ships sent, the C. N. R. elevator here could handle from one million and a half to two million bushels a month.

He concluded his letter by stating that the railway had taken the necessary precautions to have the grain brought here by rail and would be working to its limit.

The Board of Trade has also received a communication from the C. N. R. stating that the grain shipments this year should be extremely large, and prospects would appear very bright for a heavy port business this season.

Board Council Meeting.

At a meeting of the council of the Board of Trade, today, correspondence was submitted from the C. P. R. and the C. N. R. freight departments outlining the possible shipments of grain through this port in the coming winter. The secretary reported having consulted with the railway lines so as to secure a shipment of grain as possible through the port. It was said by Mr. Bullock that in 1919 there had been a similar co-operative arrangement which had produced very satisfactory results. A resolution was passed expressing the thanks of the council to Commissioner Bullock for his promise of close co-operation in the matter.

As the date of the November meeting of the Board of Trade, at which the nomination of officers takes place, falls on Thanksgiving Day, it was decided to postpone the meeting until November 13.

A committee was named to give consideration to the matter of stamp tax on receipts, which tax will come into force on January 1. It was also decided that in this matter there should be co-operation among all the boards of trade of the province and with other interested organizations.

The president, H. C. Schofield, and the secretary were named a committee to consider the annual report and also to investigate the general information respecting the city and port of St. John. The need for more publicity for the city and the port was strongly pressed by the president and others. An application for membership was accepted, after which the council adjourned.

INVESTIGATING THE TORONTO UNIVERSITY

Toronto, Oct. 26.—A parliamentary committee appointed by the Ontario legislature to investigate the organization of Toronto University and its relation to the General Hospital and other affiliated institutions met yesterday and adjourned until Nov. 16. During the recess the committee members will digest various official reports and acquaint themselves with the intricacies of higher education.

LAYING OF CORNER STONE IN ROTHESAY

Bishop Richardson Officiates at Ceremony in Connection With the Memorial Building in the College Grounds.

With simple yet impressive ceremony Bishop Richardson, Lord Bishop of Fredericton, this afternoon laid the corner stone of the memorial building to be erected on Rothesay college grounds. A notable gathering of prominent people witnessed the proceedings and listened in hushed silence as the speaker paid a tribute to the brave sons of the school, twenty-four in number, who had died that others might live.

The ceremony began at half-past three at the building which is situated at the top of college hill. On the outside of the stone the date in Roman numerals and into a box placed in the stone were put copies of the two St. John morning papers, the school calendar for the current year, the roll of the cadet corps of this year and the roll of honor containing the names of the boys of Rothesay college who gave up their lives in the war.

Work on the new building was begun on July 22 and it is expected to be ready for use next September. It will be built of brick with stone trimmings and will be two stories high with dining room, kitchen, serving room and store rooms on the ground floor. On the upper floor will be a chapel with beautifully designed windows, the vestry and the matron's suite consisting of parlor, sitting room and bedroom.

The Honor Roll.

A tablet bearing the names on the honor roll will be placed in a suitable place in the chapel. The following are the names: Jasper Boyd, Andrew Percy Irving Baker, John Samuel Brown, George Stuart Burchill, John Daniel Brock, Herbert Montgomery Campbell, Reginald Heber Hamilton, Daniel, Frank Russell Fairweather, Arthur Vernon Hatch, James Walter Holly, Charles Edward Kingston Jones, Charles Murray Lawson, Reay McKay, Ralph Markham, Norman Mungall, Theophilus Henry Oliver, Lieut. Overton Oliver, George Nugent Dickson Olty, Frank Sharp Rankin, Earle March, Alexander Seaman, Hugh Mariner Teed, Daniel Lionel Teed and Lawrence Tremaine Wilkinson.

After "Blue Water," "Bull-Dog Carney" May Be Filmed Here

Not only is David Hartford, who is producing "Blue Water" here, the president of the Motion Picture Directors' Association of America—he is now a scenario writer and the next picture of the New Bedford Film, Ltd., may be one he has purchased in Toronto. Already Mr. Hartford has secured the picture rights of enough successes to cover two years producing. He is interested only in stories that have made good in book form. The adapting for screen purposes he will have seen to himself. For instance the 400 odd scenes in "Blue Water" were actioned out on his own typewriter at the Dufferin Hotel.

The story that may be finally decided upon for the second picture of the local company is "Bull-Dog Carney," by W. A. Fraser, a Toronto newspaper man who has made a name as a fictionist. Mr. Hartford considers that with the excellence of its plots and strength of characters, plus the rugged locations available round St. John, it will have a zest for the right kind of appeal. Mr. Hartford has made a specialty of late years in Canadian scenes with the production of "Back to God's Country," "Nomads of the North," "The Golden Sinner," "The Rapids" and "Blue Water."

FILED PETITION FOR CLEMENCY FOR TIBEAU

William R. Scott returned to the city today from Ottawa where he had filed a petition with the department of justice today on behalf of his client, Garfield Tibeau, who was sentenced to be hung on November 30 for shooting Watters Hutchins in Digby county on August 7. Mr. Scott also had business in St. Thomas, which he transacted prior to returning to the city.

OAK HALL - SCOVIL BROS., LTD.

Germain St.—King St.

A Cedar Chest is Ample Protection

To pack away garments in one of our Cedar Chests is to protect them from dust and harmful moths.

Government statistics show by actual tests that Cedar Chests really stop the ravages of the moth, the young larvae are killed, and never hatch out to do damage to the articles stored in one of them.

We are now showing a splendid assortment, made of genuine Red Cedar, fragrant and all-protecting. Some are plain, some trimmed with copper, various sizes and designs, commencing at \$19.80.

A splendid gift suggestion.
