Dr. R. Withers Had a Notable Career—Was Prominent in Sport.

(Annapolis Spectator.)  
The whole town and countryside were gripped by the death of Dr. Russell Withers, which occurred about noon on Sunday, Jan. 29, and although he had considerably exceeded the fountaineer, was always so active and such a cheery, familiar figure about town that he will be sorely missed.  
Dr. Withers was one of the oldest practicing physicians in Nova Scotia, and had enjoyed quite an eventful career before settling down in Annapolis Royal, which he did forty-five years ago, and was ever since been a prominent citizen. He was born in St. John, N. B., on February 22, 1836, the anniversary of Washington's birthday, which often led him to remark that he should have been an American. Indeed his long residence in the United States gave him an affection for the republic which he never sought to eradicate and to the day of his death he was an active member of St. John's Lodge, No. 1, A. The parents of Dr. Withers were James Withers and Jane Longmire, who had been born in England, but when he was about two years old they moved from St. John to Granville with relatives of the same names. As a young lad he was delicate and at the age of

## Helps digestion.

—and cleans a coated tongue

Thousands of men and women have found relief from various digestive disturbances by eating Fleischmann's Yeast.  
It is human nature to want to find out "why." So far as science can tell us this is the reason:  
Fleischmann's Yeast is a food abundant in certain elements which are necessary to health and life itself. It promotes the flow of bile and of pancreatic juice. It has a remarkably beneficial effect on the whole digestive process. It cleans a coated tongue.  
Try Fleischmann's fresh yeast in orange juice or in milk. Men like it in milk shakes and malted milk. Women like it spread on bread or crackers.  
Keep your digestion in the pink of condition and your tongue clean and healthy by using 2 or 3 cakes of Fleischmann's Yeast fresh every day before or between meals. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer today.
