

GIVES CORNELL GIFT OF MILLION

Acting Under Direction of
Her Husband's Will, Mrs.
Straight Provides Building
for Social Centre.

Ithaca, N. Y. June 28.—Carrying out a direction in the will of Major Willard D. Straight, New York banker, that she do something to make Cornell a "more human place," Mrs. Dorothy Whitney Straight will give the university a million-dollar building to be used as a centre for the social and recreational life of the students, according to an announcement of President Livingston Farrand.

The building, preliminary plans for which have been prepared by Delano & Aldrich, architects of New York City, will be located in the centre of the university campus on Central avenue, south of the library.

The building will contain a large memorial hall for banquets, dinners and

general recreational purposes, reading and billiard rooms, a large dining room or cafeteria, office facilities for student organizations and activities, and bedrooms for alumni. Provision for women students will be made in one section of the building.

An interesting feature is a small theatre with a seating capacity of approximately 500, which will serve as a centre for the activities of the dramatic club and other organizations needing similar facilities. No attempt will be made to cover the athletic interests of the university in the present building, for it is hoped that an adequate gymnasium will be obtained in the near future.

"I can think of no gift more welcome than this of Mrs. Straight," said President Farrand. "The problem of providing a social centre for student life is as difficult at Cornell as at all other American universities and the building so generously and thoughtfully provided will help materially in its solution. It is particularly gratifying to the university that the Cornell Union, as the building will probably be known, will be forever associated with the name of Willard Straight, who, both as a student and alumnus, personified the best traditions of Cornell."

ARROW SHIRTS

HAVE you ever been unable to get a shirt with the sleeves just right for you? The Arrow Shirts are made with several sleeve lengths to each neck size—So that you can get an exact fit. Be you short or long of arm—There is an Arrow Shirt for you. See your dealer.

brought to a close with the singing of the national anthem. The accompanists were Mrs. D. J. Barrett and Mrs. C. Conlon. Miss Muriel Corkery was general convenor, Mrs. W. C. Fewings convenor of the business committee, and Mrs. B. P. McCarthy convenor of the entertainment committee.

FARMERS FAVOR EASTERN COUNCIL OF AGRICULTURE

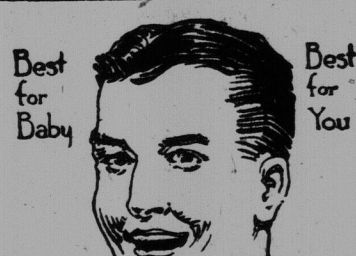

Truro, N. S. June 27.—The second annual convention of the United Farmers of Nova Scotia, which began here this morning, and which will continue all day tomorrow, was thinly attended today, but a few more delegates may arrive tomorrow.

The feature of the morning meeting was an address on "Organization" by J. J. Morrison, secretary of the United Farmers of Ontario. Mr. Morrison urged the farmers to assert themselves. Labor men, he said, were active in demanding recognition, but farmers were "backward in coming forward."

In the afternoon, Mr. Morrison urged the formation of an Eastern Council of Agriculture, with headquarters at Ottawa, and representative of all that part of Canada east of the Great Lakes. He would divide Canada into two sections for council of agriculture purposes, one council for the west, and one for the east.

The convention favored his proposal, which included the grouping together of the three Maritime Provinces into one unit, and paying one fee.

He announced that a meeting to form the Eastern Council would be held at Moncton this week. Three delegates, he said, would be present from Quebec but he would probably be the only one from Ontario.

TO ENLARGE THE CHURCH BUILDING

Unanimously, the congregation of St. Matthew's church at a special meeting last night voted that steps be taken at once to enlarge the church accommodation to provide room for carrying on work among the young people. The meeting was presided over by John Thornton and the secretary was J. W. McCarthy. The meeting had been specially called to discuss what could be done in order to provide adequate facilities for the young people's work and recreation in connection with the church. It was agreed that the church should be raised, moved back from the sidewalk and a basement constructed beneath it. The basement was to provide the necessary accommodation for lack of which the congregation felt its work for the younger members was suffering. The scheme as proposed would call for an expenditure of between \$9,000 and \$10,000. A committee consisting of the moderator, Rev. W. H. Spencer, Austin Galbraith and John Thornton was appointed to bring the matter before the presbytery and bring back a report to the congregation.

DELAY IN PLANS FOR MEMORIAL HOME AT ROTHESAY C. S.

The committee having in hand matters concerning the new Memorial hall for the Rotherham Collegiate school met recently and opened tenders for the erection of the building. Three tenders were received and all were in excess of the sum which had been decided upon by the Fredericton diocesan synod, \$45,000. It was decided to forward the tenders to the architect of the building, Delancy Robinson, in New York, and the committee is now awaiting his reply. The building, as planned, was to consist of a dining hall and a chapel and is to be a memorial to the pupils of the school who gave their lives in the great war. The erection of the building eventually will be undertaken but may be found necessary to alter original plans.

Piles

are usually due to straining when constipated. Nujol being a lubricant keeps the food waste soft and therefore prevents straining. Doctors prescribe Nujol because it not only soothes the suffering of piles but relieves the irritation, brings comfort and helps to remove them.

Nujol is a lubricant—not a medicine or laxative—so cannot grip. Try it today.

IN HONOR OF THE 1922 GRADUATES

The high school graduates of the class of 1922 were tendered a reception last evening in the assembly hall of the building by the members of the High School Alumnae. The affair was attended by all the members of the graduation class, which totalled 116, the largest in the school's history, as well as former graduates from almost every class since the opening of the school.

The opening ceremonies last evening were under the direction of Miss Grace B. Campbell. Miss Jean Sommerville presented the alumnae life membership pin to Miss Harriet Roberts as valedictorian of the class, according to the usual custom. The members of the graduation class then repeated the roll call of the classes given at the morning exercises. Jack Bond, winner of last year's alumnae scholarship, announced that Miss Harriet Roberts had won that honor this year. The scholarship carries with it \$100 to help the winner through any college he or she wishes to attend.

Miss Frances Murdoch and Paul Cross sang solos which were heartily cheered. A special orchestra furnished music for dancing and the remainder of the evening was taken up in this manner.

The dancing was under the direction of Dr. D. C. Macdonald. Miss Grace B. Campbell and Mrs. R. O'Brien were in charge of the reception committee and the refreshment committee was under the direction of Miss Grace Estey, Miss Jean Smith and Miss Alice Walker. The assembly hall was prettily decorated for the occasion and the chairs had been cleared from the floor, making a large space available for dancing.

St. Vincent's Girls.

The banquet given by St. Vincent's Alumnae last night to the twenty members of the graduating class was one of the most enjoyable and successful in the history of the alumnae, which since its formation always entertained the graduates at dinner on the evening after the school closing. The banquet was served in the dining hall of the Clifton House and there were 160 present. The tables were attractively decorated in light blue and dark blue, the alumnae colors, and as a central ornament at the table of honor where the graduates were seated there was a doll, correctly costumed as an acting miniature of a graduate.

Miss Muriel Corkery, the president, was the chairman and gave an address of welcome. A hearty sing-song opened the programme and there was a lengthy list of toasts to honor. The president proposed the toast to the King, which was given musical honors. The toast to "Canada" was given by Miss Annie Gonnell, the past president, and was followed by the singing of "O Canada." Miss Corkery proposed the toast to the graduating class, to which Miss Lillian Clark replied. "Our Teachers" was the next toast and this was proposed by Miss Mary Chelston and responded to by Miss Annie McGuigan. "The Press" was toasted by Miss Susan Robson and the toast was replied to by Mrs. James McMurray. The toast "Our Absent Members" was proposed by Miss Ena Higgins and Mrs. E. J. Ryan replied. The toast to "The Men" was proposed by Miss Agnes Collins and replied to by Mrs. Joseph Kennedy.

During the programme Mrs. Arthur Goddard and Mrs. W. F. Duerr rendered vocal solos and Miss Helena Scully gave a violin solo, all of which were greatly appreciated. The delightful evening was

Had Your Iron Today?

Work Brains—Not Digestion

Here's an ideal hot-weather luncheon!

Two packages luscious Little Sun-Maid Raisins—one cool glass of milk. Big men don't need more.

290 calories of energizing nutriment in the little raisins. Pure fruit sugar, practically predigested so it acts almost immediately, yet doesn't tax digestion and thus heat the blood.

There's fatigue-resisting food-iron also in this lunch.

Vital men eat like this and resist the weather. Don't work their digestion because they want to work their brains.

Try it for a few days and you'll feel better.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

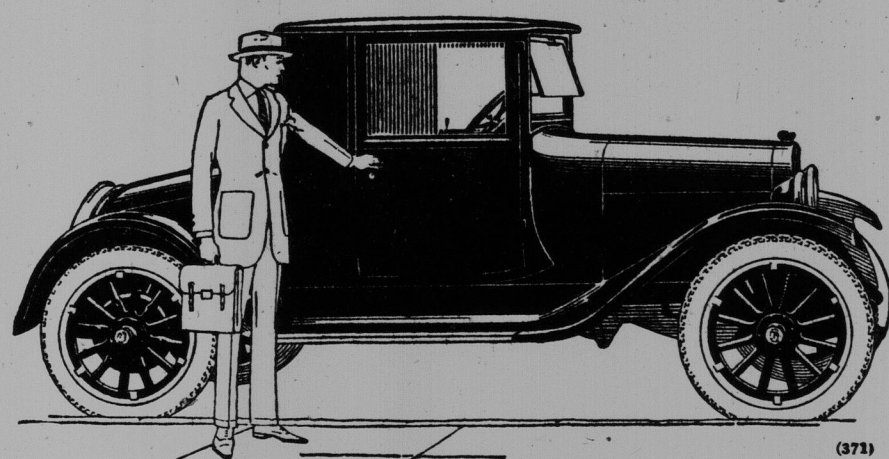

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.
