NEW DRIVE, AT PLACES, IS THREE MILES IN DEPTH
Yesterday's Attack Was By Anglo-Scottish Troops
GAIN ALL ALONG LINE

Important Villages Captured—Advance Over Difficult Country and in Spite of Obsolete Resistance

London, Oct. 23.—Over the entire front held by the British further gains have been made by Field Marshal Haig's men from the region south of Leateau to the Scheldt River, according to the British official communication issued tonight. At some places enemy positions to a depth of more than three miles were penetrated, numerous villages were taken, and several thousand prisoners and many guns were captured.

The text of the British official statement tonight follows:
"The attack this morning was delivered by Anglo-Scottish troops of the third and fourth armies between the Sambre Canal and the River Scheldt, south of Valenciennes.
"An advance was made over country that was difficult, over many streams and through villages and woods which were defended with much resolution.
"In the period of assembly and the early stages of the battle the hostile artillery displayed great activity with high explosives and gas shells.
"We have fought our way forward in spite of obstinate resistance, especially by the enemy's artillery and machine guns.
"Advancing with great steadiness some hours before dawn our infantry penetrated the enemy's defense along the whole of the front, and at an early hour had captured the important village of Pommereulle Forest and Romeries. On the extreme right there was strong resistance at the fortified farm of Gimbremont and the railway nearby, but at both places the enemy's defense was quickly overcome.
"Left of the centre the village of Beaumont, which was held by the enemy with great tenacity, was stormed by the English with the assistance of tanks.
"On the left other English troops crossed the Harpines River at an early stage of the advance and captured Vertin.
"During the morning we pressed on over the whole of the front, carrying the enemy's positions to a depth of more than three miles, driving him from many strongly defended villages, farms, woods and other localities organized for resistance.
"The English 28th division had hard fighting in the Bois Leveque, but progressed through the wood. East County troops, advancing to a depth of three and a half miles, captured Bouze (Rousiez).
"The Anglo-Scottish troops secured crossings of the Harpines at the Vendegies village. English and New Zealanders operating on their left reached the outskirts of Neville and established themselves on the high ground northwest of the village. Further north the village of Escorniaux was captured.
"In these highly successful operations several thousand prisoners and many guns were captured by our troops, whose advance is continuing on the whole of the front."

French Report.
Paris, Oct. 23.—The war office statement of the operations on the western front today reads:
"There was great artillery activity on the Oise front. Between the Oise and the Serre we gained ground north of Caillou du Temple, and carried our lines as far as the outskirts of Chevreuil-Dames.
"Further east we captured a wood, which was energetically defended, to the north of Mesbrecourt-Richecourt. One hundred and fifty prisoners remained in our hands.
"There was stubborn fighting during the day on the Serre-Souche front. Our units succeeded in debouching between Froimont-Ochartille and Pierrepont and in maintaining themselves on the east bank opposite Braucourt, despite strong German counter-attacks.
"Southwest of the Aisne lively fighting was carried on in the region of Vouziers. The Germans attacked the village of Tervin and our positions east of Vandy, but were repulsed with serious losses. Between Oisy and Grand Pre we captured the Moulin-Beaupre, taking prisoners.
"Belgian communication: There is nothing to report regarding the army group in Flanders except progress by the French army on the right bank of the Lys, in the course of which Waereghem was occupied and 200 prisoners taken."

A Side Show Man.
Some time ago a fire occurred in a house in Baltimore, and as the staircase was in flames before the blaze was discovered the occupants had to seek some other means of escape. Next day the companion of an elderly lady was reading to her the newspaper report of the fire, which stated that one servant escaped down a waterpipe at the back of the house. Whereupon the old lady, astonished at this statement, exclaimed, "But how thin the poor man must have been!"—Harpers.

A Stunning Seal Coat, as Shown by H. Mont Jones, 92 King Street.

NEW MILITARY HOSPITAL.

It is reported in military circles that a district general hospital is to be established in the city within the next few days. One of the military hospitals now in operation in the city will no doubt be Major A. J. Loder of the local medical used for the purpose. It is reported that staff, will be placed in command.
