

Little Sweetheart. (His Father Must be a Bird)

By Winsor McCay

SPORT NEWS OF A DAY; AT HOME AND ABROAD

Hockey In Moncton. If better arrangements can be made with the management of the Moncton rink and with the Halifax and New Glasgow hockey team managers, it is assured that Moncton will again have a pro hockey team and one that will be able to hold up the colors of the railway city. If arrangements cannot be made Moncton promoters will not take the matter in hand as it is a long proposition.

Football High School Victorious. In a good football match on the Marston grounds yesterday afternoon the High School second team defeated Rothery, 5 to 0.

Provincial News. Fredericton Gleazer. On Friday King's College will play U. N. B. here. This game will prove the first real test strength for the Red and Black inasmuch as King's team have played both Mount Allison and Acadia in their previous games, and should be able to size up the strength of the three teams of the Intercollegiate League pretty well after the game.

Bowling. The following are the results of the match on the St. Peter's alleys last night: Thistles Won.

Table with columns for Player Name, Total, and Average. Includes names like Joe Dever, Cleary, McEwen, Howard, White, and Shamrocks.

On Saturday Fredericton High will play St. John's College here. It will be the first game here of the Intercollegiate League series, and if Fredericton High wins all doubts as to the winners of the championship will be over. Fredericton now holds the trophy and expect to keep it here for another year.

Monday will be Thanksgiving Day and the holiday week will not be completed without a football game. The St. John team will be here to play U. N. B. team today.

The U. N. B. team's practice yesterday was one of the best of the season. Thirty-nine men were out in uniform and the second team under Capt. City Bender gave the first team a good battle.

Fredericton Mall—There was another hard workout at the College Field yesterday. Players on both first and second teams putting lots of vim into their playing. There seems to be too much shifting about of players, however. With but two days intervening before the King's College game, the first team, particularly the second, should be selected. Ken MacNeil has replaced "Curly" Bellam on the first team's halfback. "Curly" being laid up in bed. MacNeil is making good in the position.

The formation of a second team at U. N. B. is working out well. There have been big turnouts so far this week, and the second XV has given the first all it wanted. In fact, there has been too much ill-fitting displayed.

The U. N. B. hospital lid, besides Ball, includes Joe Dugway and Jewett. Unless some of the cripples get back into the game there will be some new material used against King's on Friday.

Patterson is being used in the first team. His healing ability is very noticeable.

It is understood that the second U. N. B. team will be sent to Chatham next month to play St. Thomas' College. There is material available for a first-class XV among the second team string.

Football Notes. Princeton has scored 33 touchdowns this fall and has kicked 30 goals from touch-downs, which, with two field goals, makes the Tigers' score for the season aggregate 234 points.

Haltback Philbin of Yale, has improved a lot since last fall.

The Maine State college championship games will begin on next Saturday, when Bowdoin and Colby meet and Maine plays Bates. Maine has not beaten Bates since 1909, and last year's match between Colby and Bowdoin was a tie. Since 1882 in nineteen championship seasons, Bowdoin has

Baseball. A comparison of the work of the pitchers in the second game of the world's series in Boston shows that Mathewson had far less to do in retiring the Red Sox than the home pitchers in retiring the Giants. A total of 200 balls were pitched to the opposing batters by the four pitchers who took part in the game, and thirty-four more than Matty. The figures are 128 for Matty and 162 by Collins, Hall and Belmont. Of this number Collins pitched ninety-four during his seven and one-third innings of service. Hall pitched fifty-two in two and two-third innings, and Belmont had to pitch sixteen to retire the Giants in the eleventh inning.

Mathewson, as usual, had wonderful control, and went through the game without giving a pass. In the first inning he was compelled to pitch twenty-five balls to retire the Red Sox. The top figure for any inning in the present series to date. In the eleventh inning he made the unusual record of pitching only three balls, three successive batters going out on grounders.

He averaged 11.7-11 balls per inning, as compared to 14-11 for the three Boston pitchers. Hall's wildness raised the Boston average, the Mexican giving out four passes during his short time on the mound. Both teams went up to the ninth inning without giving a pass.

Hitting the first ball was indulged in freely by both teams, and less than twenty-three times during the game was the trick accomplished by the two teams. Merrill and Mathewson were the only pitchers who were struck out on three pitched balls. Following are the balls pitched per inning: Mathewson—25, 9, 6, 8, 11, 14, 9, 10, 14, 2-28.

Collins—12, 13, 9, 15, 8, 11, 15, 10, in eight innings—64. Hall—Twelve in eight innings, 24, 16, 22. Bedient—16.

Two Good Suggestions. Manager McGraw of New York has suggested that a rule be made for future world series games that if rain stopped a game, no matter at what stage, play be resumed the following day where the two teams left off, rain checks being provided that all the fans who attend a game see the play-off free of charge, their seat checks being refunded to them if they do not get into the park. It is said both suggestions will be adopted.

Has Three Propositions. New York, Oct. 23.—The Baseball Players' Association has today made three propositions to the baseball magnates this afternoon. Mr. Felt said that every player in the sixteen major league clubs except five were members of the organization. He proposed that the main object of the union was to improve the general morale of the sport and to protect the men from unjust and tyrannical fines and suspensions without a hearing.

The Ring. Johnson's younger brother, Jack Johnson, was yesterday a witness against his brother in the matter of the alleged abduction of Lucille Cameron. A development in the case is the filing of a suit for \$25,000 by Willard Davis, a negro, against Johnson, on charge of abducting the girl.

News of the Boxes. Salt Lake City has again been wiped off the boxing map. Clarence English will meet in St. Louis on October 29.

Kid Williams and Eddie Morgan have been matched to box in New York next month. Jeff Madden, of South Boston, and Tom McLendon have been slated to box in Albany on November 11.

Johnny Dundee, of New Orleans, A. C. on Monday night, and Dundee received a decision in favor of White in the scheduled 12-round bout. Andy Morris, of Boston, was carded to meet White, but the management announced that Morris was out of condition. The sailor sent his left to Wiegner's jaw and the latter went down, but was immediately on his feet again. Wiegner landed a couple of rights to White's body and in ten the sailor pushed, finishing the bout with a back-handed hook to Wiegner's jaw at close quarters.

Ad Wolgast defeated Teddy Maloney in a six round bout at Philadelphia yesterday. The champion, however, made a poor showing.

Billy Papke defeated the French champion George Carpentier in their fight in Paris yesterday. The Frenchman quit after the seventeenth round. At the weigh-in Papke exceeded the middleweight limit and Carpentier was under weight. The manager of the French fighter would not let his man fight for the title of middleweight champion as a result.

John L. Sullivan, the old time champion fighter of the world, who was celebrated in his fifty-fourth birthday.

Fredericton Mall—H. A. Perley, of Calgary, accompanied by his wife, arrived in the city this morning. The people of Alberta, said Mr. Perley, like those of Saskatchewan, were strongly in favor of reciprocity, and if a provincial election came on, although that was not probable, he expected to see the Liberal government elected. As an instance of the importance of the United States market to the west, Mr. Perley stated that he had a friend who, by selling Alaskan catfish in Chicago this autumn rather than in Montreal, would make \$40,000.

WILL SOAK THE GOVERNMENT (Calais Advertiser). T. W. Butler returned from an official visit to Kings county last week, Mr. Butler says that since owners of vacant and abandoned farms have found out that the government is willing to buy their farms at a fair sum, they have located the price with the intention of soaking the government.

AMUSEMENTS

THE SARDINE BUSINESS. A St. George letter says:—Connors Bros., Black's Harbor, are getting pretty well through with their sardine pack for the season. Just now they are engaged in repacking the cases which were damaged by the falling of the warehouse in St. John. Of the 10,000 cases in the building, owned by Connors Bros., probably 300 will be a total loss.

AMUSEMENTS

BOTH AT PENNFIELD. A St. George letter says:—Policeman H. Colby Gardner, of St. John, has gone to New York, where he will marry Miss Marie Brown. The wedding will take place on Friday evening at 8 o'clock, at the home of Miss Brown, near New York city. Miss Brown and Mr. Gardner are both natives of Pennfield.
