FOOD PRICES ARE ABOUT THE SAME HERE AS ONE YEAR AGO

The Figures Compared Show Some Changes But Not a Very Marked Difference

It has been claimed, and reasons for the cost variations have been given, that the cost of living in this city this year is considerably less than was the case last year, in so far as the prices of food-stuffs were concerned. Local grocers and butchers are of the opinion, however, that with few exceptions, there is no reduction in the cost of articles for the table to the consumer although in some cases prices are less.

It is a fact however that the prices of many articles of table use have increased rather than declined in value. A glance at trade journals will show that St. John is not alone in this respect although there may be slight differences in prices of various food products in other cities but few of great importance.

The following is a table of the average prices of articles of every-day use in St. John today, in which the cost of goods, as compared with a year ago is given:

1911	1910
Beef,	10 to 22
Lamb (hinds)	20 to 22
Lamb (fores)	1.25 to 1.75
Pork,	16 to 18

Cheese,	18c.

THE NEW PRESIDENT OF Y. M. C. A. AN ABLE YOUNG BUSINESS MAN

Only One Other Member Longer in The Work Here Than W. C. Cross

Successful in Business and Interested in Y. M. C. A. for More Than 25 Years—Has Seen Great Growth of The Association in St. John

The selection of W. C. Cross as president of the Young Men's Christian Association in St. John this week, is accepted as a fitting continuation of the work of progress which has of late marked the work of the association, for he will bring ex-

W. C. Cross

perience and energy and ability to the direction of its affairs. A sketch of the new president is timely.

William Carter Cross, the new president of the Y. M. C. A., is yet a young man who, by his sterling qualities, has forged to the front rank in St. John and in the maritime provinces. He is head of the wholesale grocery house of Hall & Fairweather.

Mr. Cross has been associated with Y. M. C. A. work for more than twenty-five years, having joined here in 1885, and there is but one man who has been longer active in the association work here, George A. Henderson, Mr. Cross was elected a member of the board of directors in 1888, and has been ten years vice-president, and his present term comes well described. He has been a tower of strength to the organization which now places him at its head and it was largely through his efforts that the institution have the present fine new home in Hazen Avenue, which is one of the most up-to-date association buildings in Eastern Canada.

President Cross is an Englishman, being born in England in 1867. He is a son of the late Rev. Henry Cross, who was at one time pastor of the German street Baptist church, at which he himself is a prominent member.

Mr. Cross' father was the immediate predecessor of Rev. Dr. Gates, now of Montreal.

Mr. Cross was but eight years old when he left England with his parents, who located first in St. Paul, Minnesota, where Rev. Mr. Cross was pastor of a church for four years, going from the western town to New York, and from there coming to St. John in 1882. From that date till 1883 he was in the pastorate of the German street church.

Mr. Cross did not leave St. John with his father, having decided to make this city his home. In 1883 he graduated from the grammar school, winning the Marquis of Lorne bronze medal. His career in the business world started on his entering the office of Hall & Fairweather in 1887, and in 1901, when incorporation was decided upon, he was called to the post of manager, which place he has filled with ability.

During his association with the Y. M. C. A. he has seen the membership grow to almost double. The struggle that gave the association their present quarters is a history in itself. The task has been a herculean one, and might have been despair of by other than men of energy and vigor. The building and furnishing of the spacious home in Hazen Avenue cost about \$20,000, and there is still outstanding about \$6,000 debt. In the old Y. M. C. A. quarters in Charlotte street the membership was between 200 and 300. On the site of the building, while the new one was in course of construction they had no home. After taking over the present building there was but thirty-one members in 1908.

Of the plans for the future President Cross said that the recommendations of the annual meeting will be taken up and pushed with vigor. These include special efforts in the lines of religious, educational and financial departments. The president said that they hoped to have a given number of citizens pledge themselves to contribute a stated amount towards the support of the Y. M. C. A. each year. Generally, he said, the association was in excellent condition, which was shown from the fact that but thirty per cent of the receipts was from collections.

THE DUCK COVE CASE

Mrs. Watters Comes Down River With Detective Killen to Give Evidence at Special Police Court Session

Before Judge Ritchie, at a special sitting of the police court last evening, Mrs. Ellen Watters, of Watters' Landing, on the St. John river, gave evidence in the case of Frank Spragg, charged with the theft of a talking machine, records and other articles from the summer home of D. H. Jack at Duck Cove.

Detective Killen, who has been successfully working on the case, went up river yesterday and accompanied Mrs. Watters to the city. In her evidence she said that Frank Spragg, his brother and two other men, called at her house with a talking machine and records. He said that he and his brother paid as much as \$15 for records.

Spragg was further remanded, Mrs. Watters will return home this morning.
