## Curling.

### Moncton Curlers Win.

The combined St. Andrew's and Carleton curling clubs were not strong enough last evening for the visiting Moncton players who took their match with the two local clubs by a score of 108 to 82. The only St. John rink winning was that skipped by J. M. Magee, of the St. Andrew's club. Against Carleton the score was 42 to 31 and against St. Andrew's it was 48 to 46. A light lunch was served at the close of the evening's play.

## Stars to Halifax.

Joe Moore, Charles Gorman and Richard Donovan have agreed to go to Halifax the latter part of the month to participate in a meet which is intended to hold in Halifax. They were signed up by George Elliott, star pitcher of the Wanderers who is in the city attending the Carnival. He is endeavoring to secure Harry Kaseley and Gladys Robinson for the meet.

## Figure Champions.

New Haven, Conn., Feb. 17.—S. C. Ridger, of Boston, retained his crown as men's singles champion in the U. S. at the conclusion of the national figure championships here last night. Mrs. T. Blanchard, of Boston, woman champion, was again declared the best woman single skater in the contest, and with N. W. Niles, of Boston, was also awarded first place in the pair skating.

## HOCKEY.

### Revised Schedule.

A revised schedule for the play-off for the N. B. and P. E. I. hockey championship was issued yesterday and is as follows:  
Feb. 22—Sussex at Charlottetown.  
Feb. 28—North Shore at Charlottetown.  
March 4—North Shore at Sussex.  
March 8—Charlottetown at Sussex.  
March 12—Charlottetown at North Shore.

## ART STAFF WINS CHAMPIONSHIP

Cleans Up Outdoor Meet at Lake Pontiac With 175 Points—Bobby McLean Second.

The United States professional outdoor speed skating championship was won yesterday by Arthur Staff, of Chicago, who finished with 175 points. Bobby McLean, of Chicago, finished second with 125 points; Edmund Lamy, of Saranac Lake, 110, and Everett McGowan, of St. Paul, 70. Staff's time for the 440 was 87 1-5 seconds. Lamy won the 5-mile race in 14:15 4-5.

Summaries:  
440-yard—Won by Arthur Staff, Chicago, 87 1-5 seconds; Bobby McLean, Chicago, 110; Edmund Lamy, Saranac Lake, 125; Everett McGowan, St. Paul, 170.  
5-mile—Won by Lamy; second, McGowan; third, Everett McGowan, St. Paul, 170; Lamy, 175; McGowan, 185; Lamy, 110; McGowan, 70.

## WINNERS AT THE KENNEL CLUB SHOW

Nearly one hundred entries were shown in 280 classes Thursday night in the closing of the New Brunswick Kennel Club's show and there were many promising puppies. Best puppy, best sporting dog and second best in the show was judged to be Mrs. Gerald McCarthy's Irish setter, Mayfly Garry Owen. Best dog in the show and best in terriers was Robert Magee's Irish terrier, Maritime Michael. In the terrier class he was closely followed by William Kierman's Alredale, Bellview Ranger. Charles Perkins's Pekingese, Thornhaven Chang, won the special prize for the best English bulldog. Lord Byng, was the best non-sporting dog, followed by Mr. Vowles's French bull, Lady Toek.

## Winners in the different breeds were as follows:

Newfoundland—Blitch owned by Isaac Hahn, Little River.  
St. Bernard—Lady Nero, the only entry.  
Pointers—E. S. Buchanan's Donald B., first; Tiverton, second; Robert Orr's Viny Ridge, best bitch.  
English setters—Herbert Key's Tip, special prize; Driscoll's Don Echo, second; G. Frank Boyer's Shafter, third; Thornhaven Cutler, best bitch.  
Irish setters—Mrs. McCarthy's Mayfly Garry Owen, first; G. Gorman's Irish setter, second.  
Collies—Robert Jamieson's Ormskirk Charlie, first; J. W. Cameron's Ormskirk Aquina, second.  
Curley Retrievers—Harry Dolan's Molly O, first; Teddy, second.  
Boxers—Roy May's Roy May's Lady Bygn, first; Mrs. Francis Kerr's Lady Bygn, second.  
French bulldogs—Mrs. Kerr's Lady Toek, first; Roy May's General Foch, second.  
Spaniels—James Whitehead's Champion Enright's Centre Star, first; John Scott's Romeo, second.  
Hockey spaniels—Ed Ruth, first; J. Bruce McPherson's Miss Rowdy, second; Arthur Hector's Bessie, best puppy.  
Except in a few families, the use of fresh vegetables and fruit was limited to a short period in the summer and fall, and the use of fresh meat to an even shorter period. A small number of eggs were produced but these were sold to secure ready cash, and milk, the report states, was thus the only food that could be counted on to any extent to furnish the protein, minerals, and vitamins needed for children's growth. In this district when milk is lacking, decreased in amount, or changed to skim milk for buttermilk, the effect is declared to be "disastrous."

## PHYSICAL EXAMINATIONS OF THE CHILDREN

Physical examinations of the children were made by a Children's Bureau physician with the "Child Welfare Special" a motor truck built and equipped for such examinations. Four-fifths of the children did not own a toothbrush, and the examination showed that 91 out of 104 of those 6 to 11 years of age had decayed teeth. Fifty per cent of all the children had enlarged or diseased tonsils and many had adenoids; still other defects indicating lack of early attention were found.

## THE NEED OF SOIL IMPROVEMENT

Is pointed out in the report, and employment of a full-time county agricultural agent or nutrition specialist to encourage raising and preserving more vegetables and greater utilization of milk, eggs, blackberries, unshelled beans and other available foods is recommended. While it is declared that higher standards of living would follow improvement of the soil and farming methods, education of the mothers in regard to the special requirements of children is also said to be necessary. The giving of solid food to infants at too early an age, coffee drinking by children when milk is scarce, and promiscuous eating between meals were among the common customs found. The need of more sleep for children than for adults was generally ignored. The services of a county public health nurse and instruction in diet and hygiene through the public schools are means suggested for education in health and child care.

## OPPORTUNITY CIRCLE ELECTS

Opportunity Circle of the King's Daughters in annual session on Thursday evening received a very successful year. Mrs. H. W. Robertson presided, officers were elected as follows: President, Mrs. R. D. Innes; first vice-president, Mrs. R. B. Irving; second vice-president, Mrs. W. L. Robson; treasurer, Miss Bessie DeVos; secretary, Mrs. Charles Dearborn. The committees were appointed as follows: Spiritual, Mrs. M. D. Austen and Mrs. W. L. Robson; hospital, Mrs. R. D. Innes and Mrs. R. B. Irving; telephone, Mrs. Charles Dearborn and Mrs. R. B. Irving; supplies committee, Mrs. W. L. Robson and Mrs. Charles Dearborn.

## Treasure Farm Yields Gold, Silver And Gems For Pennsylvania Owner

Valley Forge, Pa., Feb. 16.—A "treasure farm" belonging to Morris A. Barr of this county has produced not only fresh spring water and bumper crops, but deposits of platinum, tin, quartz, silver, gold, topaz, sapphires, garnets, opals, lapis lazuli, tourmaline, iron, aluminum, lead, silver, zinc, coal, vanadium and radium.

According to the report, only 16 per cent of the children studied belonged to families which were clearly "adequate" to provide the modern requirements of adequate living. Nearly half the children were living in homes in which the family income, taking into consideration the number of acres cultivated, the quality of the soil, the amount of stock and the wages earned by the head of the family from work at trades for other farmers, was so small as to make a minimum standard of life appear impossible. A large number lived in board sheds, small, new shanties, or old log cabins in bad repair, where the cold in winter made habits of cleanliness almost out of the question, and only about one-fourth of the children were found to have clothing which could furnish adequate protection against the weather.

Mr. Barr examining pockets in the spring for gems.

Many of the children having a diet which consisted largely of milk and unadorned corn meal were found, on examination, to be well nourished, but the other foods available in the community so failed to supply the essentials of growth that undernourishment frequently resulted when the quantity of milk was small. Three-fourths of the children examined were classified as either poorly or only fairly well nourished, and this classification corresponded closely to the grades of diet which they were found to be receiving.

## A STIRRING APPEAL

In a recent address before the State Grange, Dr. E. D. Merrill, president of the Maine Public Health Association said:—"Avoidable illness costs the people of Maine each year millions of dollars—to the individual it means, if a wage earner, loss of wages plus expenses attending such illness. To the employer it means loss of production and to the consumer higher cost or loss of the product."

## "Five added years of life!"

"A gift to this generation from the generations preceding. At no period in recorded history have five years meant so much to the individual as at the present—whether we look at it from a spiritual, scientific, educational or industrial point of view, we must admit that we have life, and life more abundantly than the world ever knew!"

## PRINTING UNDER DIFFICULTIES

(Welland Tribune and Telegraph.) This paper is being issued by a staff that sickness has cut in two. In every department there are gaps. The devil, that highly worthy helper in the art of printing, has ceased to devil; through machine rooms, accounting rooms, reporters' rooms, to the very Editor himself, valiant figures have been laid low by disease. Day by day the casualty list varies. Some sick yesterday are missing today, till one thinks of De Foe's "Journal of the Plague Year" only that Welland's plague has not the death-dealing qualities of the one De Foe wrote about. Except at the time of the terrible "flu" epidemic, Welland never had so much sickness. Factories, stores, offices, schools, homes—all are contributing their quota. What is true of Welland appears to be true of all the other centres of the Province if the newspapers are to be believed.

## INCREASE THE GRAIN HANDLING FACILITIES

AT PORT OF MONTREAL  
Montreal, Feb. 17.—Montreal's grain handling facilities will soon be notably increased by the building of an addition to the Grand Trunk elevator here that will more than double its rate of delivery to steamers. The enlargement will be made by the Montreal harbor commissioners who completed arrangements for its purchase from the Grand Trunk Railway at Ottawa today.
