CHILDREN

M. R. SAWYER, D. O. W.
an experienced Nurse and Female Physician, presents to the attention of mothers her SMOOTHING SYRUP.

FOR CHILDREN TEething,
which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—and will allay ALL PAIN and spasmodic action; and
SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to themselves and RELIEF AND HEALTH TO YOUR INFANTS. We have put up and sold this article for over ten years, and can say, in confidence, and truth of it, what we have never been able to of any other medicine. NEVER HAS IT FAILED. Is a SINGLE INSTANCE, TO PRESENT A CASE when it failed? Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We ask in this matter WHAT WE DON'T KNOW, is not a question of experience, AND PLEASE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after they are administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives a good cut to the whole system. It will almost instantly relieve GRIPING in the BOWELS and WIND COLIC and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY in the WORLD, in all cases of dysentery and DIARRHOEA in children, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your Prejudices, nor the Prejudices of others, stand between you and your suffering child, and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of currier & pekins, New York, is on the outside wrapper. Sold by Druggists throughout the world.

RISKS OF PARTNERSHIP.—The Policy-holders are wholly exempt from the liabilities of Partnership, and the Sum Assured are guaranteed.

PROFIT—A Share of Profits is allocated yearly to every Policy-holder of five years' standing at the preceding annual balance and it applied so as to reduce the present outlay for his Policy.

This remedy is just what it purports to be—a "remedy for Dyspepsia." Though containing no alcohol, yet it will retain its virtues in any climate. It is highly concentrated, a teaspoonful is a taster of water constituting a dose. Among all the remedies ever discovered for these prevailing and distressing complaints, there is none which ever wrought such great and permanent cures, or which can produce so many and unaccountable cures from the remotest of the bowels. It is a simple dose of a single glass of the remedy, and a permanent cure is speedily effected.

From a highly respected Physician in Maine.

SOUTH PARIS, Me., Dec. 22, 1859.
Messrs. S. W. FOWLE & CO.,—Gentlemen: For several years past I have had a knowledge of the operation of the OXYGENATED BITTERS in some cases of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them.

Respectfully yours,

STONDAARD, N. H., Sept. 20, 1859.
Messrs. S. W. FOWLE & CO.,—Gentlemen: For many years, a great sufferer from Dyspepsia and WATERBURY, and tried almost everything without success, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazen, to make use of the OXYGENATED BITTERS. The first bottle produced but a slight alleviation in the disease, and had it not been for the urgent request of my physician I should have discontinued their use, thinking them to be of no use; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all dyspeptic persons will be induced to give them a fair trial, being satisfied that this remedy is the most potent for the various forms of Dyspepsia, that has been produced. Yours,
