HOW DOOLY QUIT HIS JOB. (Chicago Inter-Ocean.)

The sun shone down upon the gang,
And workin' at a drill
Pat Dooly, on that summer's day,
Of labor had his fill.

Now, Dooly was a faithful man,
"Though sometimes he was slow,
But he was workin' by the day,
So give the lad a show.

He bored a hole deep in the rock,
Then, gingerly and light,
He took from out a little box
A stick of dynamite.
Just then the foreman came along
The ledge above Pat's head;
"Come, Dooly, hustle up, yer slow—
Wake up there, noo," he said.

And then Pat Dooly's Irish soul Rose up in wrath sublime,
He yelled, "Come down, O'Douaghue,
Dom quick I'll give me time.
Don't tell me that I'm workin' slow,
Ye can't give me the laff,
I'm not a mon that ye can run
By any bluff or gaff.

"CM tell ye, Mike O'Donaghue,
"Tho I'm a workin' mon,
I'm not the one that ye can drive,
So stir me if ye can."
He raised the stick of dynamite—
For he was done his talk—
And threw it with a spiteful fling
Straight down upon the rock.

A mighty roar, a deafening crash
Shook up the hills around,
And on the spot where he had stood
No Dooly could be found,
And if you ask O'Donaghue
He'll swallow bick a sob,
And tell you-while he sheds a tear—
How Dooly quit his job.

Eastern Association Closes After a Most Successful Four Days' Session.

Cheap, Trashy Literature Condemned-The Committees Appointed for the Year.

Hopewell Hill, July 19.—The fiftieth innual meeting of the Eastern Baptist Association closed tonight and the delegates have separated after a four days' profitable sojourning to-gother. The meetings have been among the most largely attended and successful in the history of the as-sociation. At this, the closing day, a large amount of business was transacted. This committee requested that in the

The committee deplored the prevalence of the cheap and trashy literature of the day. All literature placed in the hands of the young should be that which will ennoble the mind, awaken right thoughts, and inspire high am-

bitions. The Baptist Union, published in Chicago, had their unqualified recommendation, but the Messenger and Visitor should have first place. The Baptist book room was highly recommended as furnishing the best literature obtainable. It was also suggester that two colporteurs be ap-pointed for the field. This report was spoken on by A. H. From Quebec, Canada, a correspon-

Strolling in lower Quebec you might easily fancy yourself in Amiens or Dieppe. In the upper town there is more English, but everywhere an amusing mixture. On the same card you will read "Malson a louer," and "House to fet"; on one side of the door "Pas d'almission sans affaires," and on the let"; on one side of the door "Pas d'admission sans affaires," and on the other "No admittance except on business." This bilingual necessity causes a little extra painting and printing. Each "railway crossing" must be marked likewise, "Traverse du chemin de fer," and every official "notice" must be printed also in full as an "Avis." The blending is often curious, as when two adjoining shops French and the other in English, Along the Grande Alle, running right across the Plains of Abraham, you might be in Brussels or Paris, only that "Clifton Terrace" seems to recall you to Kensington. French continues uppermost until you pass Montreal, but from Ottawa and King-ston to the Pacific the legend of the nearly universal tongue is like that of the Paris shopkeepers, who announced "English spoken." In most of the best schools English is taught, and a large number of the people are conversant with both languages, English being indispensable for commerce.
