

NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapepsin" stops fermentation and makes your upset stomach feel fine in five minutes

Wonder what upset your stomach—whether portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has fermented into a mass of lumps; your head dizzy and aches, hunches and acids and eructate undigested food, break foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a mass of lumps, a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

THE DIOCESAN SYNOD CLOSES ITS SESSION

St. John needs an Anglican city missionary to administer to the spiritual wants of patients in hospitals and homes, according to the consensus of opinion expressed at yesterday afternoon's and closing session of the Diocesan Synod.

The Synod expressed itself strongly, too, on the matter of preserving the church records and keeping them either in the "strong room" at Fredericton or in a safe place in the hands of the parochial minister.

Announcements in regard to wiping out the diocesan deficit pleased the Synod thoroughly. After an announcement made by L. P. D. Riley, to the effect that efforts would be made to raise \$1,000 before one o'clock yesterday afternoon for the purpose, it was believed that through the efforts of St. John men the entire deficit of \$5,000 would be wiped out.

One of the most lengthy discussions, and it had its amusing features to the members of the Synod, was over the selection of the date for the holding of the next Synod. Fredericton was unanimously chosen when Very Rev. Dean Schofield extended an invitation but the question of convenience and legality in regard to the date made the choice of October, November or January a difficult one. It was finally decided that the first Tuesday in November of next year be the date of the meeting.

A City Missionary.

The question of a city missionary was brought up by Rev. G. A. Kahring in behalf of the city clergy, who, he said, were now fully burdened with work and the result was that other churches were forgoing their attention to patients in such institutions as the City Hospital, the Home for Incurables, the Home for Aged Women, the Seamen's Institute in Winter, and the City Prison.

Mr. Kahring, in his resolution, recommended the appointment of a missionary to visit these institutions and other institutions that might fall within the scope of his position. He urged further, since the homes are outside of the Synod, the stipend be assumed by the Board of Missions.

His Lordship, the Bishop, spoke in favor of providing aid for the St. John clergy to further the city missionary work but declared that the main question was how to provide the funds for the stipend. The apportionment for the year has already been made. He declared that the matter must be dealt with in the near future and at least the recommendation must be taken as a warning that it should be taken soon. The time is coming too when the board must make a grant for outside missions.

The church of England does not take a greater part in missionary work than other churches in the city. Active, progressive aggressive work should be undertaken. It would be unwise to use the deficit apportionment as a stipend.

Speaking on the matter R. W. Hewson declared that the clergymen should be allowed their time in which to bring more communicants to the average throughout the diocese being but 1.14 communicants to every family.

The City Mission Work.

In answer to questions directed by His Lordship, Rev. G. F. Scovell declared that he had just finished his month visiting the City Hospital and was administering to 25 patients, one third being from the country.

The "N.B." now reads as follows: "A condition of the grant is that all church members in the city should be kept insured for one-half their value."

The notice of motion of Rev. D. Conyers, in regard to adding to section 1 of Canon VI to the effect that "no party to a (so called) divorce shall be granted for causes arising after marriage shall hold any office, parochial or diocesan" went by in the absence of the mover.

His Lordship explained that the matter might be taken up at the next Synod, but that notice were given at the proper time.

Other Business.

The following reports were adopted: The committee on church buildings; the committee on religious instruction in public schools, the trustees of the girls' school; that of the Diocesan Registrar; that of the secretary concerning the proposed new diocesan office; the committee on the Bishop's Kingston Memorial; the corresponding committee of the Colonial and Continental Church Society. The report of the Women's Auxiliary was read by Rev. Mr. Kahring, who ordered printed in the Journal and the secretary was instructed to tender thanks to the Auxiliary for their work.

The salary of the treasurer was made \$1,000 and that of the secretary \$300.

Thanks were extended the wardens and vestrymen of Trinity church for the use of the school room, to Mr. and Mrs. James P. Robertson for their kindness in giving a reception to the clergy.

Immediately before the Synod closed, while Dean Schofield occupied the chair, Archbishop Forsyth extended the gratitude felt by the Synod that His Lordship had so quickly and fully recovered from his recent illness, and moved a vote of thanks to His Lordship for his assistance to the Synod, that despite his weakened condition he showed unending patience with the Synod and at a sacrifice remained throughout every session without once leaving the room during a session at a cost of the danger of a relapse. A standing vote expressed the thanks.

In replying His Lordship declared he was grateful to God for his quick recovery and again thanked the clergy for their written congratulations over his recovery.

An Enjoyable Reception.

Last evening His Lordship and the clergy of the Synod were guests at a reception given by Mr. and Mrs. James P. Robertson at their home. Upwards of 125 clergymen and other guests were present. The guests were warmly received by His Lordship and Mrs. Richardson. After the reception the guests listened to a delightful solo by Miss Louise Knight, who was accompanied by Dr. Arnold Fox. Supper was served.

BOARD OF HEALTH REPORTS FOR YEAR DEATHS WERE A HUNDRED AND SIX LESS THAN IN 1911

T. M. Burns, secretary of the Board of Health, has just made up his report for the year ending October 31, and these show a decided decline in the death rate as compared with 1911, and also indicate that there were only about half as many cases of contagious diseases as during the preceding year. Mr. Burns figures out that there were 814 deaths in the city in the year just ended, exclusive of 43 deaths of non-residents. The year previous there were 106 more deaths, of 760, in the city. The tables for the two years show:

"PAIN COMPLETELY LEFT ME"

So Says Thomas Stephenson after Taking GIN PILLS

Those who have suffered, year in and year out, from the dragging misery of Kidney Disease, anything that will relieve the pain is a blessing indeed. That is just what a well known resident of Lachute Mills, Que., and his wife both found in GIN PILLS.

Lachute Mills, P. Q.

"I was troubled for many years with Kidney Disease, and a friend told me to take GIN PILLS. After taking a few boxes, I was greatly relieved, and after finishing the twelfth box, the pain completely left me. My wife is now using GIN PILLS and finds that she has been greatly relieved of the pain over her kidneys."

"I can safely recommend anyone suffering from Kidney Trouble to give a trial to GIN PILLS." THOMAS STEPHENSON.

Would you welcome such a relief? Then take GIN PILLS. They go right to the spot—ease the pain almost at once—neutralize the Uric Acid which is causing all the trouble—strengthen the kidneys so that they will be able to keep the blood pure and quickly take away that weakness and tenderness of the back which undermines the energy and vigor of manhood and womanhood.

Don't pass GIN PILLS without a trial. Every box is sold on the positive guarantee that if six boxes, used according to directions, do not help you, your money will be cheerfully returned. 50c. a box, 6 for \$2.50. Free sample if you write National Drug and Chemical Co. of Canada, Limited, Toronto.
