

## WHITMAN TO TAKE FUSION NOMINATION

District Attorney Will Put Up Fight for New York Ticket Headed by Port Collector John Mitchell.

New York, Aug. 7.—District Attorney Charles S. Whitman, in a statement issued late today, formally accepted the Fusion nomination for district attorney, and declared that he would take an active part in the campaign to elect the entire ticket headed by John Purroy Mitchell, collector of the Port of New York.

The district attorney was in conference all day with the leaders of the various parties and organizations allied in the Fusion movement. It was reported that such pressure had been exerted to influence Mr. Whitman to bolt the Fusion ticket and head a third ticket against Collector Mitchell, and the Tammany candidate. His statement, however, stated his determination since the Fusion nominations were made last week "has been to do nothing to weaken the Fusion movement."

Continuing, Mr. Whitman said that because a third ticket would assure Tammany's success he had determined to accept the place allotted to him by the Fusionists, "irrespective of any other question." Personal ambitions, he said, should be subordinated to the public good and furthermore that "this is no time for the division of the anti-Tammany forces."

## ALL HEAT RECORDS BROKEN IN KANSAS

Thermometer Climbs to 108 Degrees in Some Places—Hot Wind Adds to the Discomfort.

Kansas City, Aug. 7.—Excessively high temperatures prevailed today over Kansas, Missouri and Oklahoma, all heat records have been broken in some portions of Kansas. For the fourth consecutive day thermometers almost everywhere in Kansas climbed to the 100 mark or higher. At Emporia a temperature of 107 degrees was registered, and at Leavenworth 108. Ottawa with 107 degrees reports a new record for the summer. Manhattan, with 100 was the coolest town from which a report was received. A hot wind that blew in some parts at the rate of 25 miles an hour added to the discomfort of the day.

## LEAGUE OF AMERICAN MUNICIPALITIES MEETS

Canada Represented at Annual Convention—Party Politics in Civic Affairs Denounced—Would Emulate Canada.

Winnipeg, August 7.—One hundred delegates from all parts of Canada and the United States are in attendance at the seventh annual convention of the League of American Municipalities, which opened its three-day session here today. Mayors and aldermen of leading American and Canadian cities are present, and are taking keen interest in the various discussions on municipal affairs. The course of partisan politics working against efficiency in United States cities has been the keynote of most of the discussion, and an earnest desire is shown to attain the state of affairs general in Canada, where party politics is practically unknown in municipal affairs.

## STILL TALKING BUT EXPECT SETTLEMENT

Moncton, Aug. 7.—The conference between General Manager Gutelius and the committee of the C. B. of R. E. has not yet been concluded. It is understood, however, all matters have been agreed upon, and unless something unforeseen occurs, the arrangement arrived at will be signed up tomorrow.

**FREE COUPON**

IMPERIAL EMBROIDERY PATTERN OUTFIT PRESENTED BY THE STANDARD

To indicate you are a regular reader you must present this coupon like this one.

THE IMPERIAL EMBROIDERY OUTFIT is guaranteed to be the greatest collection and biggest bargain in patterns ever offered. The 160 patterns have a retail value of 10 cents each, or more than \$16.00 in all. Bring SIX COUPONS and 70 cents to this office and you will be presented with One Complete Outfit, including Book of Instructions and one All Metal Hoop. The 70 cents is to cover duty, express, handling and the numerous overhead expenses of getting the package from factory to you.

N. B.—Out of Town Readers will add 10 cents extra for postage and expense of mailing.

## "CHECKING" UNCLE SAM POPULARIZED HUERTA

Continued From Page One.  
Mexico City, August 7.—Alleging that the state of the country is such that it will be impossible to hold a presidential election on October 27, the date previously set, the Catholic convention has agreed not to nominate a candidate for the presidency. It reserved the right to re-assemble for this purpose in the event of peace being achieved to such an extent that the holding of elections will become possible.

The debate over the resolution not to nominate a candidate developed an anti-American speech by a delegate from the federal district who charged that the conditions of the country were due to the non-recognition of the government by the United States. The speaker advocated that the convention take no action which would further divide the Mexican people, who, he said, should present a united front in case of war with the United States. The speech met with the approval of a large number of the delegates present, but it was opposed by the leader of the federal district organization, who insisted that the attitude of the administration at Washington did not represent the views of a majority of the American people.

The decision of the Catholics not to enter the political fight would appear to remove the last hopes of elections being held, since a similar action had been taken by the Liberal party, and there is a growing belief that Felix Diaz will be unable to return to Mexico from Japan in time to make a campaign. However, there is a well defined belief here that President Huerta himself will become a candidate, possibly of an independent group and in this case politicians believe the Catholics will be likely to get the support of the Catholics.

Mexican Press Opinion.  
Mexico City, August 7.—The native newspapers today express loud praise of Provisional President Huerta's decision.

## LOCOMOTIVE DRIVERS END BUSINESS SESSIONS

Montreal, Aug. 7.—With their business sessions completed members of the International Brotherhood of Locomotive Engineers, in session here now, nothing but the closing round of social events to occupy their minds. Today was a busy one. In the morning some of the delegates met in secret session to conclude what business remained from the previous day. At 10:30 tomorrow evening the C. P. R. excursion to Quebec will take the delegates to the adjacent capital and Montreal. The train will depart for Quebec Saturday evening when the visitors will depart for home.

Philadelphia, August 7.—Ard schir Malcolm Baxter, Boston.

## THE "LADY OF GASPE" SWUNG ACROSS THE "CORDOVA'S" BOWS

Quebec, Aug. 7.—An investigation into the cause of the collision between the steamers Crown of Cordova and Lady of Gaspe, below Three Rivers on July 28, was opened here this morning, before Capt. Lindsay, wreck commissioner, with Captains Cliff and Nash as nautical assessors.

The witnesses examined were Capt. Campbell, first officer Hutchinson and Napoleon Lachance, pilot of the Crown of Cordova. It appears from their evidence that the ship left Montreal two miles astern of the Lady of Gaspe. This distance was maintained until a little below Three Rivers, when the Cordova seemed to be gaining rapidly on the Gaspe, the latter appearing to be anchored in mid-channel, crossways.

The Cordova's engines were put to stop, when suddenly the Gaspe swung alongside each other, the two ships were thrown aboard the Gaspe from the Cordova, with the request that they be made fast to keep the ships together.

The Cordova launched three boats and took off the majority of the Lady of Gaspe's passengers and landed them on the beach. They were subsequently assisted by boats from the shore until the Gaspe was beached.

The investigation will be resumed tomorrow.

## FISHING CASE IN THE POLICE COURT

The case where J. F. Belyea charged a number of West End fishermen with fishing a weir in the harbor contrary to the Dominion Fishery Act was resumed in the police court yesterday afternoon.

The informant conducted the prosecution himself and Daniel Mullin, K. C., represented the defendants. John F. Calder, the fishery inspector, was the only witness examined and stated that the government had not granted any licenses for weir fishing in the harbor of St. John since July 1912. Application received from several people for licenses had been refused. The department had issued licenses but found that they were in error and sent out an apology. The department still retains the right to issue regulations governing fishing and to enforce them.

A great deal of time was taken up with different questions and objections and finally the case was closed. Magistrate Justice said that he would look into the evidence and the case was adjourned until a future date when His Honor will give judgment.

## PROF. CUSHING DEFENCE OF DIVISION

Addresses Seven Thousand in London—Medical Congress Holds Sessional Meetings—Banqueted by Society.

London, Aug. 7.—Prof. Harvey Cushing, of Harvard University, addressed a gathering of seven thousand persons in Albert hall today in connection with the medical convention. He called attention to the fact that present day's circumstances were strangely similar to those of the time of a London conference held thirty years ago. On both occasions, Prof. Cushing said, the profession faced threats of legislation being enacted "against experiments upon animals necessary to the pursuit of knowledge."

Prof. Chevalier Jackson, of Pittsburgh, and Prof. Charles Lester Leonard, of Philadelphia, read papers at sectional meetings.

Dr. Fred H. Albee, of New York, demonstrated his new method, seen for the first time in England, of treating a disease of the spine. He operated on a child at the Orthopaedic Hospital in the presence of a large gathering of surgeons.

London, August 7.—The thousands of doctors attending the International Medical Congress opened by Prince Arthur of Connaught yesterday, were scattered all over London today as twenty-three sectional meetings had been arranged in as many halls.

Suffragettes today again claimed the attention of the delegates by patrolling in the neighborhood of all the halls carrying notices, and printed in English, French and German, and also chalking "votes for women" on the sidewalks.

The Anglo-American Medical Society gave a luncheon to 100 distinguished delegates to the congress. Sir Malcolm Morris, one of the leading specialists on skin diseases took the chair and welcomed the guests. Dr. S. J. Meizer, of New York, replied on behalf of the American contingent, and Dr. Chaffard, of Paris, responded for the other visitors.

## THE "LADY OF GASPE" SWUNG ACROSS THE "CORDOVA'S" BOWS

Officers of Crown of Cordova testify in Enquiry Into Collision Between Steamers in St. Lawrence.

Quebec, Aug. 7.—An investigation into the cause of the collision between the steamers Crown of Cordova and Lady of Gaspe, below Three Rivers on July 28, was opened here this morning, before Capt. Lindsay, wreck commissioner, with Captains Cliff and Nash as nautical assessors.

The witnesses examined were Capt. Campbell, first officer Hutchinson and Napoleon Lachance, pilot of the Crown of Cordova. ## PARLIAMENT MAY NOT OPEN UNTIL JANUARY

Experience Shows Little Progress Made When Session is Held Before the Christmas Holidays.

Ottawa, Aug. 7.—Present probabilities all point to the session of parliament being summoned immediately after New Year's in place of November as has been the custom for some years. Experience has abundantly demonstrated the fact that with the session commencing four or five weeks before the Christmas vacation little or nothing can be accomplished until after the holidays.

It is believed that quite as much progress could be made and prorogation brought about just as soon in a session starting at the beginning of January as in one opening at November. The new rules effectively guard against blockades of supply.
