

WEST-UNITED FARMERS' ORGANIZATION UNDER CRITICISM

At the Farmers' and Dairy-men's Convention Discussion Got So Warm It Had to be Stopped.

TOO MUCH POLITICS TO SUIT PRESIDENT

Hon. Mr. Veniot Gives the Farmers a Spel on the Subject of Roads—Other Addresses and Resolutions.

(Continued from Page One.)

of the Agricultural Societies United, followed with an address on co-operative buying. The speaker stated that the object of the agricultural society in such a step was to lower the price of articles of agricultural use so that they would be within reach of the pockets of the farmers. He explained how in the handling of unimproved fertilizers the agricultural society could effect a large saving by co-operative buying. Feeds, the speaker stated, were very scarce in Canada today, the mills had been closed down because of the embargo placed on the United States ports, and something had to be done to straighten out the situation. He urged the farmers to get their necessary supplies through the Agricultural Societies United, stating that much could be saved by them.

Referring to the speakers last evening Mr. McKenna stated that he agreed with them in their remarks that there should be no East and West, as far as conditions were concerned, but as far as the East was concerned he was with it heart and soul in its struggles.

Referring to the demand for the Dairy School at Truro, the speaker stated that the matter ought to be backed up by this province. The matter of an abattoir should also be brought before the Dominion government, as well as the promotion of a Maritime dairy school.

Mr. McKenna put forward a strong plea for co-operation of the part of the farmers which would put New Brunswick on the map.

Resolutions.

A resolution was passed calling upon the Dominion Government to appoint a commission to ascertain the actual cost of farm products on the basis of an eight hour day plus a reasonable profit.

The preamble to the resolution recited that "the cost of all farm produce is considered by the city consumers to be too high," and that "the farmer is entitled to the current rate of pay for his labor," and the government is asked to have the report of the commission published as soon as received. The resolution was moved by T. A. Goggin, of Albert county, and seconded by J. R. Taylor, of Westmorland county.

Other resolutions called upon the Federal Government to establish an experimental station on the North Shore, and to establish an Abattoir, cold storage and stock yards at the most advantageous point in the Maritime Provinces. The Provincial Government were asked to provide a text book on elementary agriculture in the public schools and to provide a quantity of clay tile for under draining to be distributed throughout the agricultural societies.

Still another resolution that was adopted asked that an egg laying contest be held for New Brunswick at the experimental station at Fredericton, starting on November 1st next, while a resolution which caused much discussion set forth that the association should not hold its convention during the week of the 17th of March so as not to call delegates away from home where they would wish to celebrate St. Patrick's Day.

Rev. Father de la Paroisse, of Nashua Creek, led the force "in favor of this resolution, but it was finally voted down, an amendment being adopted which left the matter in the hands of the executive.

There was a musical programme and address by Rev. F. A. Robinson, of Stanley, on Community Social Centres, while co-operative marketing of wool, lambs and other live stock was discussed by F. W. Walsh, acting live stock superintendent, New Brunswick Department of Agriculture; J. K. King and Robert Donaldson, representatives of the Dominion live stock division of Montreal.

Alexandra Temple Members' Banquet

Fiftieth Anniversary of Temple of Honor and Temperance Observed in Fitting Manner in Their Hall Last Evening.

The fiftieth anniversary of the founding of the Alexandra Temple of Honor and Temperance was commemorated in a fitting manner by the members of the lodge in their rooms in the Temple Building on Main Street last evening, where they celebrated the occasion with a splendid banquet and a long list of toasts which were proposed and responded to in a most eloquent manner.

After the tasty banquet prepared by the Ladies' Auxiliary had been enjoyed the first toast of the evening, that of "The King," was proposed by the chairman, S. B. Logan, D. S. T., and responded to by the singing of the National Anthem. A. H. Case, P. G. V. T., in proposing the next toast, "The Church," referred to the fact that the Temple throughout the fifty years of its existence had ever been actively associated with the Church in its work.

The Rev. W. D. Wilson, in responding to the toast said that he had been a member of the Independent Order of Temperance for over fifty years having joined the order whilst a boy in the Old Country, where he hoped yet to see the glorious example of Canada imitated, and prohibition go into effect. In his role of Chief Liquor Inspector of the Province he was endeavoring to carry out the ideals of the Church and the Templars.

Rev. J. C. B. Appel also responded to the toast and said that the present members could look back on a proud record of fifty years but that was not sufficient, they must do more than rest on their laurels if their predecessors at hundredth anniversary were to celebrate as equally a grand achievement in the last half of the century.

The next toast was a "Silent Toast" in memory of departed members. "Safe to Day Arms of Jesus," was sung feelingly by Mr. Marley while the order, with bowed heads, paid silent tribute to those who had passed to the Great Beyond. Mr. Stockton then gave another vocal selection which was heartily applauded.

E. N. Stockton in proposing the toast "Our Canada" said that a country's greatest asset was its citizens and the soldier citizens of the Dominion had proven themselves on the field of battle second to none. He urged all to take up the arms of peace in these post-war days to retain the glorious record in peace which had been established in war.

The Rev. Neil MacLaughlin in responding said that Canada's unpassed natural beauty must not also constitute the nation's grandeur, but we must have law, morality, and righteousness in our country, these were the basis of good citizenship and on such a foundation might the present generation lay out for themselves a place in history which might be fittingly ranked with the grand traditions of the early founders and settlers of Canada.

H. W. Brown proposed the toast "Our City." His Worship the Mayor expressed the great pleasure he felt in responding to such a toast amongst so many old friends in the North End of the city. He had also had the honor some thirty-five years ago of attending the fiftieth anniversary of the Portland Temple of Honor. Such organizations he said, tended to bring out what was best in a citizen and he was glad to be able to congratulate the lodge on behalf of the city for their long period of good work.

A. B. Cowan proposed the toast to the Supreme Templar, David I. Rogers of Gloucester, Mass., who was unable to attend, and a letter of regret was read from him by the chairman of the evening.

Fred P. Gallop, P. G. V. T., proposed "Temple of Honor and Supreme Council," responded to by J. B. Eagles, P. G. V. T., who said that since its foundation in March 18th, 1870 the Temple had never been dormant, seven hundred members had been enrolled since so as not to call delegates away from home where they would wish to celebrate St. Patrick's Day.

G. Bisset, P. G. T. proposed "The Ladies' Auxiliary" which was responded to by Rev. David Hutchinson.

S. C. Webb, Grand Treasurer, proposed "Junior Sections" responded to by G. T. Blisset, P. G. P.

Charles T. Green proposed "The Press" which was responded to by a representative of that body. Commissioner Thornton was present as an invited guest.

The evening was closed with the singing of the National Anthem. The anniversary celebration will be continued throughout the week and a fitting programme has been prepared for each night.

ADJUTANT HURD'S FATHER IS DEAD

John Hurd, Father of Well Known Salvation Army Officer, Died in Montreal Yesterday, Aged 79 Years.

Montreal, March 17.—Adjutant Hurd of the Salvation Army, and Frank Hurd, of this city, received a telegram this evening informing them of the death of their father, John Hurd, which occurred this afternoon at Montreal. Deceased was 79 years old and is survived by a widow, three daughters, Mrs. Bonner, North Sydney; Mrs. Wilson, Boston; Mrs. Hale, Montreal; and three sons, including William Hurd, Montreal; Adjutant Hurd, one of the sons who is well known in the maritime provinces as a Salvation Army officer.

LAST NIGHT'S ARRESTS. Two men were arrested last evening by the C. N. R. policeman for being drunk in the railway yards. Two others were taken in custody at midnight for not giving a satisfactory account of themselves in an alleyway running off Charlotte street.

The Speaker intervened. He requested withdrawal of the word "mean." Mr. Nesbitt complied, but insisted on the use of "unfair." And his reply to Mr. McKenna stood at that.

Pensions Law. T. W. Caldwell, Carleton, N. B., thought there was something wrong with the pensions law. He also criticized the soldiers' settlement act, which he said, would probably do very little to increase production, at any rate in Eastern Canada. There was little government land being taken up in the East. He thought the object of the soldiers' settlement act was a good one, inasmuch as it was to encourage men to engage in what he considered "the noblest calling on earth."

H. B. Morphy, North North, adjournment today by a special Federal Grand Jury, who has been investigating the coal industry since December 17, 1919. More than half of the defendants are operators. It is said.

Bond was fixed by United States District Judge A. B. Anderson at \$10,000 in some of the cases and at \$5,000 in others. The defendants will be arraigned May 4. Names of those indicted will not be made public until they are arrested.

The indictment, which has eighteen counts, charges in general that miners and operators conspired to enhance the price of necessities by restricting distribution, limiting manufacture and by other means, and by conspiring to commit offences against the United States as designed in the criminal code. The penalty on conviction is a fine not exceeding \$10,000, imprisonment for not more than two years, or both fine and imprisonment.

Affects Central Field. While no names were made public, it was learned that almost all those facing charges are active in the central competitive field, which embraces Indiana, Illinois, Ohio and western Pennsylvania. The Grand Jury was instructed to go fully into all reports of violations of the Lever law without regard to the place of origin of the reports.

It is not expected that any arrests will be made this week as two or three days will be required to prepare the papers for serving.

The investigation was in charge of Dan W. Simms of Lafayette, Ind., special assistant United States Attorney General appointed to enforce the injunction order of the court against officials of the United Mine Workers of America at the time of the coal strike, and L. E. Black, former United States Attorney.

It was said the Grand Jury examined 300 persons, including Dr. H. A. Garfield, former Federal Post Administrator; Cyrus Garnsey, assistant to Dr. Garfield, and many coal operators and mine union officials.

Judge Anderson's determination to call the Grand Jury was based largely on the alleged facts disclosed in an information filed with the court in connection with the coal strike.

SOVIET SCHEME FAILS TO WORK

"Life Stronger Than Communist Doctrines," Krasin Tells Comrades.

DEFICIT IS 61 BILLIONS

Production Diminished by 70 Per Cent. and Majority of Factories Idle.

Paris, March 16.—Admission by Soviet leaders that their industrial programme has resulted in chaos was made at a conference held in Russia recently. The correspondent of The Sun and New York Herald here has come into possession, through the French Foreign Office, of a complete report of these proceedings, in which are detailed industrial conditions obtaining in Russia, a few weeks ago. They furnish little basis for hope that in the immediate future Russia can aid materially in provisioning Europe or can contribute to world trade, so widespread is the chaos there. The report states that the Soviet Government has appointed the Allied Commission to be appointed by the Council of the League of Nations will find in Russia.

Most significant is a statement made in the Bolshevik conference referred to by Krasin, Soviet Commissioner of Ways and Communications, speaking of the breakdown of communism. "I must say that life has shown itself stronger than communist doctrines," he told his fellow Bolshevik leaders, "and until we recognize as absolutely impossible the establishment of economic life under our regime as it exists at present we can do nothing."

Conference Hears of Failures. At this conference were Leonid, Trotsky and Rikow, president of the Popular Economic Council, who received a complete report on Russian industrial work, as well as on Russian finances. The latter report showed that during the first year of the Soviet regime there was a deficit of 61,600,000,000 rubles.

A situation even worse than this was found to exist in the factories, where production has diminished by 70 per cent. A majority of the factories in Russia are idle, owing to lack of raw material and coal, while those still in operation have found that the returns from operation scarcely met the cost of production.

The condition of the railroads makes impossible the transportation of coal and iron from the Donetz basin, which furnished 90 per cent of Russia's coal supply, more than 7,000,000 tons of coal now being there awaiting transportation.

Lenin's economic experts also reported that they were unable to transport any cotton from Turkestan or foodstuffs from Siberia owing to the railroad breakdown.

Peasants Hoard Food. The proceedings show that Rikow and others reported that it was impossible to compel peasants to send food to cities, since they refused to exchange their produce for the paper money printed by the Soviet and which has no value.

According to Rikow, the experiment of communizing Russia's economic life has been a complete failure. The peasant now considers himself a proprietor and owner of the soil, and as he fears that some one will at some future time try to deprive him of it, he will cultivate only enough to meet his own needs," Rikow said.

As a result of these reports Lenin has abandoned his programme of collective government of the principle of individual government. Industry no longer is to be run by a Soviet committee, but by special chiefs, analogous to superintendents for each factory. Not only does this indicate drastic revision of his economic schemes, but he has been forced to abandon the eight hour day for a working day of ten hours at the same time making work obligatory.

From what occurred in this Soviet conference there is no doubt the Allies will be asked to help in the industrial rehabilitation of Russia and aid in saving the Lenin Government.

The miners' union had violated the injunction issued by the court, and that there were indications that a conspiracy to violate the Lever act might be traced far beyond the officers of the United Mine Workers of America and the mine workers themselves.

The information set out the alleged acts of the defendants and others, showing that the injunction had not only been violated, but that the Lever act had been, and was then being, "grossly, openly and defiantly violated."

Judge Anderson instructed the jury to inquire into all those matters, and also to investigate fully the "defiant attitude" toward the laws of the country as indicated by the leaders of the United Mine Workers of America when they were enjoined and were mandated to cancel the strike order.

"To form only the order to cancel was complied with," the court said.

THE MOORE MURDER

Detectives Believe They Will Unearth Details of Other Mysteries—St. John People Involved.

Special to the Standard. Greenville, Maine, March 17.—The mystery concerning the murder of Robert G. Moore and the serious wounding of his wife was deepened today after it became known that two operatives of a Boston detective agency had been for St. John to delve into the past history of the Moore, who formerly lived in Canaan, N. B. This agency, operated at Greenville a year ago, when it was retained in connection with the Broadbent murder for which George A. Long was convicted.

Long had many friends in Maine and some of them were said to have thought that the motive of the recent murder was revenge, as the murderer man and Pomeroy, who is said to have given the information concerning Mrs. Broadbent's name.

It was learned today that the detectives who are en route for St. John will however, undertake to establish a more definite connection with the Broadbent murder, and will try to forge a link in the chain connecting the murdered man and Pomeroy, who is said to have engineered the killing. Pomeroy's home is in St. John, and the investigators have received confidential information which gives support to their theory of revenge dating back to the time when many of the principals were in Canada.

Scott, the other prisoner, has told the county officers that he was drawn into the affair unwillingly and is willing to turn state's evidence before the Grand Jury. The clues upon which the detectives are working are supposed to have been furnished by him.

Lawrence, Mass., March 17.—Mrs. Sude Rooney was arrested here tonight charged with having been an accessory before the fact, to the murder of Robert C. Moore at Greenville, Maine, last Saturday night. According to the police, she and William Pomeroy who is under arrest with J. C. Scott, were in Moore's home, and lived as man and wife for about two years, although Mrs. Rooney told the police they had not been married.

Mrs. Rooney will be given a hearing tomorrow. The police said that she denied all knowledge of the murder, except what she had read in the newspapers. They said, she had told them she worked in Moore's home a time about two years ago and met Pomeroy there and that she went with Pomeroy to Nova Scotia and later to various locations, coming here last January. She obtained employment here in a dye works.

Pressing problem of the day for many thousands of Americans is how to get free of their Liberty bonds. It is to be naturally expected that the Government will give more than a fair trial to the "blonde beauty" named by the allies.

The falling out of the rogues in Germany was not exactly the man that the Allies will more readily come into their own by the indemnity payment. The chocolate drop with a kick is said to be on its way to the U. S. Well, Jack Johnson used to have considerable of a punch.
