Water Cure.

THE COMMON SENSE WATER CURE

APPLIED BY THE USE OF

THE LALONDE AUTOMATIC COMBINATION CUSHION SYRINGE

CURE IS BETTER THAN SICKNESS.
PREVENTION IS BETTER THAN CURE.

Takes away the cause of sickness by washing clean the Colon or large intestine. The injection is given by sitting on a warm cushion filled with water, the weight of the body forcing the water into the passage. This syringe can be used also as a hot water bag.

Good for men, women and children, for rectal, nasal and vaginal use.

WM. SLATER, 83 Ryde Street, Montreal—"I have been for the last ten or twelve years subject to dyspepsia, headache, costiveness, blind and bleeding piles, and had doctored long and often, but with no satisfactory results until I used LALONDE'S COMBINATION SYRINGE, which has wonderfully improved my condition by restoring me to good health."
