1. Civil Engineering; 2. Mining Engineering; 3. Mechanical and Electrical Engineering; 4. Architecture; 5. Analytical and Applied Chemistry.
 *University of Toronto; (a) First Term; (b) Second Term. Subjects not numbered are common to all the departments. In the department of Analytical and Applied Chemistry all hours not otherwise allotted are to be spent in the laboratories.

TIME TABLE—FOURTH OR POST-GRADUATE YEAR.

There is no regular time table for the work of this year. The time of the students is spent almost wholly in the engineering, chemical, and assaying laboratories. The hours are from 9 a.m. to 9 p.m. every working day during the session. Lectures are given at short intervals as suit the laboratory work.
