FRENCH AVIATORS DESTROY 31 ENEMY AEROPLANES

Paris, May 1—The official communication issued by the war office tonight reads:

"Aviation: During the month of April our battle aerial corps displayed much activity, particularly in the region of Verdun, obtaining appreciable results in the course of numerous aerial struggles, where they kept, an incontestable advantage. Our pilots succeeded in bringing down thirty-one enemy aeroplanes. Nine of these fell within our lines, and twenty-two were seen by our observers to fall in flames within the German lines, where they were completely abandoned.

"During the same period six French aeroplanes were worsted in combats and fell within the German lines.
