

Our Baker Has Tested The Flour You Buy

EACH day's milling of Quaker Flour must prove its baking perfection before it leaves the Quaker Mills. It undergoes hourly tests during the milling process. It must then pass its most exacting critic—our Master Baker. From each day's milling he bakes bread. His loaves must be perfect in size, colour, texture and flavour. Use Quaker Flour and you will always be certain of success in baking. "The happy baker uses Quaker."

Here and There

Gold production in Canada in 1922 passed the million ounce mark for the first time since 1902.

Public works to be undertaken in Vancouver this year will cost in the neighborhood of \$10,000,000, of which \$3,000,000 will be spent by the Canadian Pacific Railway on pier construction.

The Canadian Pacific steamship Montcalm carried 900 emigrants for Canada on her last voyage from Liverpool, the largest number of emigrants to leave that port this year.

Work was commenced last week on the new elevator at the Ballantyne pier, Vancouver, which will cost approximately \$2,000,000 to complete. The new elevator will have a storage capacity of 1,500,000 bushels.

Three thousand seven hundred licensed grain elevators in Manitoba, Saskatchewan, and Alberta have a total storage capacity of over 100,000,000 bushels. Ontario, Quebec and Maritime provinces have storage elevators with capacity up to 33,180,000 bushels.

The first lodge of Free and Accepted Masons in the history of the Merchant Marine World, was recently organized on the Canadian Pacific liner Empress of France, when cruising the Mediterranean Sea with a party of 800 Canadian and United States tourists.

Four thousand seven hundred and eighty-four cars of last season's fruit crop have been shipped out of the Okanagan district of British Columbia up to February 14th, according to a statement made to the Vancouver Board of Trade recently by E. W. Peters, general superintendent of the Canadian Pacific Railway, B.C. division.

Sault Ste. Marie.—The new downtown ticket and telegraph office of the Canadian Pacific Railway and the Dominion Express Company at the corner of Queen and McDougall street, in the building formerly occupied by the Public Utilities Commission, is one of the finest in the province. There are some larger offices in the larger cities, but none that are better equipped.

Herald Rindal, divisional engineer for the Canadian Pacific Railway, who has been located at Vancouver for the past thirteen years, and F. W. Alexander, divisional engineer for Alberta at Calgary, have exchanged posts, it being the company's policy to develop its engineers by giving them experience with the varying conditions in different parts of the Dominion.

A number of western interests have combined and chartered the Canadian Pacific steamship Pretorian, and the vessel will sail from Montreal on August 1st for Fort Churchill, for the purpose of proving to the satisfaction of the interested parties whether or not conditions of navigation to and from Hudson's Bay can be made a commercial success. Between three and four hundred passengers from the west will make the trip.

J. S. Brown, president of the Brown Fruit Company of Edmonton, Alta., returned on the Metagama last week from a three months' visit to Europe. He was present in Germany when the French invaded the Ruhr, and he said that the feeling was very bitter between the two races. On the other hand, a Canadian, American or Britisher was given a cordial welcome; this being largely due to a speech in which Lloyd George advocated a compromise. Travel in Germany, he said, was surprisingly cheap, he having made one trip of nearly 190 miles for the sum of fifty cents in Canadian currency.

When the Canadian Pacific steamship Metagama, which left St. John's on March 1st for Glasgow, reaches her destination, Captain G. D. Evans, O.B.E., her commander, will have completed his last voyage in command of the vessel. Captain Evans, who is the oldest and one of the most highly esteemed commanders in the service of the Canadian Pacific Steamships, Limited, is retiring after a career at sea of 43 years, during which time he crossed the Atlantic in command 578 times, and conveyed 247,923 passengers, of whom 71,000 were Canadian and American troops. He was in command of the Mississauga when this ship was sunk by the Germans in 1918, and he will be remembered by many passengers as the captain of the Mississauga, the Montcalm or the Empress of Scotland.

Reaching the People

A prominent real estate dealer in Toronto says that he gets better and quicker results from the Classified Want Ads. than from any other source of publicity. He states that the results are out of proportion to the small expenses involved.

There is a more in it for you if you want to reach the people.
