(A PAPER PUBLISHED IN THE PRESENT, FOR LIVING MEN & WOMEN)

ASSURES ITS SUBSCRIBERS

- That it will never be edited with saw or scissors, but written by men and women who are authorities in their respective specialties.*
- That it will be devoted to Society, Art, Literature and News, regularly illustrated with original engravings, and cover with absolute thoroughness a field not even touched by any other Canadian periodicals.*
- That it will never desert a good cause, because it is unpopular, nor truckle to a bad one because there is "money in it."*

PROMISES ITS ADVERTISERS

- That it will be printed on good paper, with better type and taste, by the best pressmen;*
- That its circulation shall never fall below 4000 copies weekly, and that it go to people who have leisure to read it and money to buy everything that it recommends;*
- That it will not advertise liquors, lotteries or other public nuisances; that it will advertise honest wares for honest men and give full value; and that its rates will never be less than \$10 an inch, per year, net cash.*
