FITS! FITS! FITS! FITS!

CURE OF EPILEPSY OR FALLING FITS

BY HANCE'S EPILEPTIC PILLS.

Persons suffering from this distressing malady will find Hance's Epileptic Pills to be the only remedy ever discovered for curing it. The following certificate should be read by all the afflicted; it is in every respect true.

A MOST REMAR KABLE CURE.

Tonganoxie, Leadenworth Co., Kan., April 2, 1876.

SETH S. HANCE, —Dear Sir:—The Epileptic Pills that I received from you last September have accomplished all that you recommended them to do. My son is hearty, stout, and robust; he is as hearty as any child in Kansas—indeed he is in the manner a new boy, being red and rosy. Before he commenced taking your Pills he was a very pale and delicate looking child, and had Epileptic Fits for about four years, and seeing your Pills advertised in the Christian Instructor, I sent to you and got two boxes of them, and he has not had a fit since he commenced taking them; he has been exposed to all changes of weather in going to school and on the farm, and he has not had a Fit nor a sympton of one since he commenced taking your Pills. He learns well at school, and his mind is clear and quick. I feel that you are not sufficiently paid for the service and benefit you have been to us in restoring our child to health. I will cheerfully recommend your Pills to every one I hear of that is afflicted with Epilepsy. Please send me some of your circulars, so that I can send them to any that, I hear of that is afflicted in that way.

Respectfully, etc., LEWIS THORNBRUGH.

Sent to any part of the country by mail, free of postage, on receipt of a remittance. Price one box, 33: two, 55; twelve, \$27. Address SETH S. HANCE, 108 Baltimore St., Baltimore, Md.

The Mason & Hamlin Organ Company have the pleasure of announcing that specimens of this fine organ (fac similes in their musical part of one furnished Dr. Franz Liszi), are now ready, and may be seen at their warerooms and principal agencies. The origin of this improved organ and of its name, is as follows.

is as follows.

Having occasion to make an organ for the very celebrated Dr. Franz Liszt, in which full sonorous power was especially desired, as well as such delicacy and purity of tone as could afford satisfaction to so critical a judgment as that of the great maestro, we took the opportunity to carry out and introduce improvements which had been first presented in our organs at the U. S. Centennial Exhibition, with others which had been long in progress. The result was more than satisfactory to ourselves; the improvement greater than we had ventured to expect. In our own warerooms in Boston and New York, the new instrument was seen and tested by an number of the best musicians in the country, who pronounced it a material advance upon all that had. number of the best musicians in the country, who pronounced it a material advance upon all that had before been accomplished. In the rooms of the Agent for the sale of our organs in Hanover, Germany, it was also greatly admired. The "Hanover Courier" declared it to be "at the very height of development of instruments of the class," evincing "extraordinary progress." After its receipt and trial, Dr. Franz Liszt wrote to the Agent: "The beautiful organ of the Mason and Hamlin Organ Company, of Boston, receives no less praise here than in Hannover. It fully justifies the remarkable, well-founded and wide spread renown of these superb instruments." It was immediately put in use in his orchestra.

in his orchestra. We are confirmed in our judgment, then, that the tones of this new organ are "the finest that have ever been produced from reeds," not because of mere oddity of effect, but from their true diapason-like quality and fullness, and from their excellent power and pervading and sustaining effect; and that, as a whole, it is, in proportion to its size and extent, "much in advance of anything we have before been able to produce."
