

### HAD BACKACHE

#### Was Unable To Do Housework For Two Years

##### Many Women Suffer Untold Agony From Kidney Trouble.

Very often they think it is from so-called "female disease." There is less "female trouble" than they think.

Women suffer from backache, sleeplessness, nervousness, irritability and a dragging down feeling in the loins. So do men, and they do not have "female trouble."

Why, then, blame all your trouble to "female disease"?

Most of the so-called "female disorders" are no more or less than "kidney disorders," and can be easily and quickly cured by Doan's Kidney Pills.

Mrs. C. Dupuis, Belleview Village, N.B., writes: "I was unable to do my housework for two years on account of backache. I could not get up the stairs. Doan's Kidney Pills cured me permanently after doctors failed to even relieve the pain. I can highly recommend them to all sufferers from kidney trouble."

### FUEL OF THE FUTURE

Industrial development is making immense drafts on the coal supply of the country. The ocean steamers, battleships, railroads and great manufacturing plants are eating up enormous quantities of coal annually and the supply in time must become exhausted. With the coal mines worked out and the forests denuded, from whence is to come the supply of fuel in the future for domestic and industrial use?

One scientist suggests that hydrogen may be utilized as a substitute for wood, peat, coal and oil for fuel. Hydrogen is known to develop four times the heat of coal, it makes no soot and could be used for heating purposes. Hydrogen is also known to be inexhaustible, as it is one of the chemical elements of water. The product of combustion is aqueous vapor, which can be condensed and subjected to the proper treatment for fuel.

While hydrogen presents the possibility of combustion, its segregation from oxygen presents a problem to be solved by the scientists to produce it in such quantities as shall meet domestic and commercial demand. To be used as a substitute for coal for fuel its production must be economical to make it possible of universal consumption.

Consumers of coal, wood, peat and oil as fuel have used these materials because no adequate substitutes were offered. The great industries' and

domestic consumption of coal is not condoned because this material is held by syndicates to sell as a profitable industry, but rather because science has not yet discovered an efficient and cheaper fuel. While consumers have protested against the price of coal, they are always grateful that fuel can be had. It is one of the great economic problems to be solved for the needs of future generations, as the present supply of fuel at current rates of consumption must in time become exhausted. It is time that scientists were seeking to discover an efficient substitute for coal and invention may reduce the cost of hydrogen to a level that will admit of general consumption for heating purposes. Nature has made adequate provisions for the comfort of her children and in her laboratory probably will yet be discovered fuel for domestic and industrial use when the present supply becomes exhausted.—*Drovers' Journal*.

Commercial Candour.—'Wanted a milk business, in York, with cows or without; without preferred.'—*Yorkshire Herald*.

'What's in here?' asked the tourist. 'Remains to be seen,' responded the guide, as he lead the way into the mummy room.—*Pick Me Up*.

Dr. McLaughlin:—  
Dear Sir:—I wish to tell you what your Belt has done for me. When a lad of eighteen years, I was carrying a heavy bag of corn, and somehow or other I must have hurt myself. A pain came on soon after, like a cramp in the stomach, and it was getting steadily worse until I found relief from your Belt. I tried doctors and patent medicines with no benefit. I then read in the papers of your Belts and their wonderful cures. After purchasing one of your Belts I found relief at once, and it has now completely taken the trouble away, and I can lift anything without feeling that hated pain. My food digests better, and I can now enjoy pleasure, where-as before it was useless to be where it was. I am very well pleased with your Belt, and would not back my old energy and life. I have delayed writing you part with it at any cost. I would gladly recommend to you so as to give the Belt a thorough trial. Yours

Dear Sir:—I cannot praise your Belt enough for what it has done for me. I am fully cured of the Rheumatism, thanks to your Belt, and feel as good as I did ten years ago. I am recommending the Belt to any person who has Rheumatism as a "sure cure."  
D. KAKKLIN, Josephburg, Sask.

Dear Sir:—It gives me great pleasure to tell you that I have had no backache or kidney trouble since me. I do not know how long it will last, but I am getting as long as the life of a man. I have delayed writing you so as to give the Belt a thorough trial. Yours

sincerely, W. MERRAY, No. 114 12th Ave. E., Calgary, Alta.  
Dear Sir:—I am pleased to say that one year and eleven months has passed since I stopped wearing your Belt, and I can say that your Belt has cured me permanently of my distressing ailments, such as nervousness, short and labored breathing, indigestion, sick headache, and other ailments. I have not been troubled with any of these ailments since wearing the Belt. I always recommend your Belt to all who are troubled with any of these ailments. I have written to you many times, but I have not had time to do so. I am very well pleased with your Belt, and would not back my old energy and life.
