**SAVE THE COUPONS GOOD FOR PRESENTS**

Extract of a letter from a Corporal at the front to a Suffolk Clergyman:—

"What hurt us most" he writes, 'was the poisonous gas, which made the air green and yellow, choking and poisoning men where they stood. Tobacco saved many lives in that battle. We began to feel choky, but put big chews in our mouths, and this caused us to expectorate the gas. Now whenever we notice the gas, we chew tobacco, which greatly helps.

## Examine this Book FREE!

A Copy of "Sixty Years" will be sent for inspection

The protective tariff has absolutely broken down and failed to produce the revenue required by the Dominion of Canada and it has also failed to build up large industries which are supposed to consume the products on the farms. Some change must be made. The tariff burden on the farmers of Western Canada is enormous, costing not less than \$200 a year in extra taxes upon the average family. These taxes are not seen because they are indirect, but they are nevertheless certain and are included in the price of pretty nearly everything the farmer has to purchase.

In order to show how the tariff works and the political machinery which keeps it in force, and the political corruption which it generates, we will send a copy of Edward Porritt's great book, "Sixty Years of Protection in Canada," absolutely free and postpaid to the first 200 farmers that apply for it. They are to keep it for five days, read it and examine it, and if in their opinion it is worth \$1.25 they are to send us that amount of money. If, however, they decide that the book is not worth \$1.25, they are to mail it back to us in as good condition as they receive it and there will be nothing to pay. In making this proposition we rely entirely upon the honesty of our readers. "Sixty Years of Protection in Canada," by Edward Porritt, is acknowledged by all to be the most complete and enlightening history of the Canadian tariff ever written. Nowhere else can one find such a thorough going treatment of the political and economic facts of protection, the influences which dictate tariff changes, the free trade movement in Canada, the various attitudes taken by the Liberal and Conservative parties and the importance of the Grain Growers' movement. The economic pressure felt thruout all Canada is bound to keep the tariff in the forefront of our national problems, and every Canadian voter should read this book and understand this question. It is written in a fascinating style and is as pleasant to read as a popular novel. No one can claim to be acquainted with the history of Canada who is not familiar with the facts contained in Mr. Porritt's book.

The contents of the book are as follows:—The Grip of the Protected Industries on the Dominion; The Repeal of the Corn Laws and the Fiscal Freedom for Canada; Reciprocity—The Movements for Free Trade and Annexation; Reciprocity—The Movement for the Elgin-Marcy Treaty—1846-54; Reciprocity—The Abrogation of the Treaty—1854-1866; Reciprocity—Overtures by Canada between—1866-1900; The Beginning of the Movement for a National Policy; The First National Policy Tariff—1858-1870; The National Policy as a Measure of Retaliation—1870-1874; The Fight in Parliament and the Constituencies for the National Policy—1874-1878; The National Policy in Operation—1879-1896—The Era of the Red Parlor; The Liberals Adopt and Extend the National Policy—1896-1904; The Tariff Revision of 1906; Mergers and Water-wagon Finance; Home and Export Prices for Farm Implements; The Farmers' Organizations of Ontario and the Prairie Provinces; Sir Wilfrid Laurier and Mr. Borden in the Prairie Provinces; The Reciprocity Agreement with the United States.

Every farmer who is interested in public questions and the high cost of living should have a copy of "Sixty Years." The book contains 476 pages, is printed in large type and handsomely bound in red cloth covers, and fully indexed.
