

ORDER and Procedure—Continued.

his rights in speaking now, 167. Mr. Bowell, in rising to close the debate, referred to this incident, and Mr. Power replied, 188.

Debate, useless, expense of.—See "Bill, expense of."

Debates, B. in extenso.—See "Bill."

Debates, reports of.—Unrevised edition done away with; galleries for correction, to be returned within 24 hours, 264.

Debating subjects previously discussed.—Considerable discussion arose upon Mr. Power calling Mr. Ferguson's attention to the subject of his Inqy. and speech (feasibility of Hudson Bay route) having been previously debated in the Senate; and Mr. Power made an explanation thereon, 222-3.

Division, demand for.—Mr. Almon objected to 3rd R. of Trade Combine B. having been carried without the division called for by himself and by Mr. Murphy; it proved that the demand had not been heard; and Mr. Miller pointed out that the Hon. Senator had failed to take the indispensable step of calling for yeas and nays, 461.

Divorce procedure.—See the debates on "Divorce cases" (in General Index); especially the "Dillon" case, where constitutional points, such as divorces to R. Catholics, were discussed at great length; and Divorce Courts for Canada advocated. Withdrawal of exhibits of B. of previous session.—See "Balfour" (in General Index).

French translation of Bills.—See that heading (in General Index to Subjects).

Funerals of deceased Senators.—M. for payment (Messrs. Flint and Glasier), precedents for this course quoted, and M. agreed to, 687-8.

Government, condemning in advance of papers.—Mr. Kaulbach objected to denunciation of Govt. (for interposition in a death sentence), in advance of papers then being m. for, thus prejudging the case, 202.

Govt., differences in.—See "Cabinet" (above).

Government prerogatives.—See the debate on "Death sentence, commutation of," M. for papers.

Legislation, Govt., backward state, &c.—Opposition criticisms and Govt. replies, on 2nd R. of Electric Light Inspection B., 693-9. Further comments, on 2nd R. of Customs duties (new Tariff) B., 870 and following pages.

Members' absences not chargeable.—See debate on "Sessional Indemnity B.", 838-40.

Ministers differing in opinion.—See "Cabinet" (above).

Motion, Amt. to, not in Orders.—See "Orders."

Motion, effect of.—It was debated whether, the adoption of Dillon divorce Com. Report having been voted down, its further consideration could be m.; but it was pointed out, by Messrs. Miller and Angers, that the M. which had been voted down was only that the Report be adopted "now," thus leaving future consideration open, 515.

Motion, postponement.—Some Hon. Senators objecting to further postponement of M. for reconsideration of Dillon divorce Com. Report, Mr. Power pointed out that it is quite unprecedented, when a gentleman in charge of a B. consents to a postponement, that the other members should insist on proceeding with it. The consideration was postponed, 614.

Motion without Notice.—Mr. Kaulbach objected to Mr. Angers' M. for adjt. over Ascension Day, without two days' notice; but he afterwards withdrew his objection, 311.

ORDER and Procedure—Continued.

Newspaper report, quoted.—Mr. Ferguson quoted Toronto *Globe* report, in support of his assertion as to Mr. Dalton McCarthy's speech at Toronto, 205.

Newspaper reports, erroneous.—Correction made (Mr. Bowell) of Ottawa *Citizen's* report upon difference of Ministers on Amt. to Insurance Act. Amt. B., 857.

Correction made (Mr. Miller) of Montreal *Gazette's* report of division on Insolvency B., the "hoist" having been m. by Mr. McCallum, not by Mr. Miller, as stated, 620.

Newspaper reports, unreliable.—Impropriety of calling attention of Parlt. to cablegrams affecting important subjects, pointed out by Mr. Bowell, upon the Behring Sea question, a cablegram forming base of an inqy. having proved false, 226.

Order, ques. of, precedence in debate.—See "Debate" (above).

Orders, mode of bringing M. upon.—On Monday, June 11, Mr. Clemow's Notice of M., for reconsideration of Dillon divorce Com. Report "on Wednesday next" was called. Discussion arose as to proper mode of bringing this M. upon the Order paper; finally the M. was allowed to stand until Wednesday, 482.

Orders, M. as defined, incomplete.—Mr. Clemow's M. for further consideration of Dillon divorce Com. Report did not include Minority Report. Ques. as to the sense of the Minutes was discussed; finally both reports were brought under simultaneous consideration, such having been the intention, 514-518.

Orders, omission of Amt. from.—Mr. O'Donohoe's Amt. (to M. for adoption of Divorce Com.'s Report) to re-commit the Report, although reported in the Debates, was not entered upon the Orders; consequently a question of Order was, in a resumed debate, raised by Mr. Bellerose, 431. The cause of the omission was discussed: whether through failure to reduce it to writing, &c.; Mr. Power pointed out that there was nothing to hinder any member from moving the same resolution at once, 432. Finally Mr. Landry m. the same Amt., 433; and the debate thereon proceeded.

Orders, precedence of resumed debate.—Pointed out by Mr. Power, that resumed debate on Dillon Divorce case should have place next after 3rd Rs., instead of at end of Orders, 383; remarks: Messrs. Almon, Kaulbach, Power, 384; and the suggested order of business was adopted.

Similar discussion took place, as to the proper position of this debate on Order paper, and on the effect of the new Rules of Senate: Messrs. Clemow, Bowell, Power, 406.

Papers, tabling of.—On 2nd R. of Ocean Steamship Subsidies B. (fast Atlantic line), Mr. Power said Govt. had no right to ask assent to proposal, till House knew what the arrangements are, the documents not having been tabled, 809-10. Mr. Angers said they had been handed to the Clerk, that they were laid on the Table, and Mr. Power had no right to say they were not; Mr. Power replied, 810. Mr. Angers re-affirmed that the papers were brought down several days ago, and are on the Table now; and further remarks passed thereon, 814. On Mr. Angers' m. 3rd R., Mr. Power commented on this incident, disclaiming discourteous intent, 823. Mr. Angers explained that, when tabled, a mistake was made in calling them French Treaty papers, but the error was corrected, and Minutes are correct, 823.

Petition for leave to petition.—See "Bill."
