

RIVERSIDES WIN SECOND SENIOR GAME

Defeated 40th Battery Last Night Rather Decisively by Score of 6 to 1.

Toronto, Dec. 30.—Playing the same brand of hockey which was successful in defeating the Argonauts, the Riversides last night in their second O. H. A. senior game vanquished 40th Battery 6 to 1. The margin in both games was the same, five goals, the score of the first being 8 to 3. The Soldiers were not at full strength and their defeat was no surprise. McDonald was missed at the wing and Butterfield would have added strength at rover.

The Battery was lamentably weak in goal, and Corbould let a number past him which should have been easy stops. Corbould has shown here before, and he never gave as weak a performance as he did last night. James, their other goaler, was not in uniform, or he would probably have replaced Corbould. At the other end Collett showed the same form he did against Argonauts. The young fellow made stops last night which looked impossible. There was no luck to his work. He saw all the shots and handled them. The only goal scored against him was from a pass right in the mouth of the goal.

Despite the fact that the Battery were defeated by five goals, it must be said in their favor that the score does not indicate the play. If they missed one, they missed a dozen chances to score, and were unlucky, too, with their shots. The forward line did not check back as they should have done. This, of course, is Smith's weakness. The wings checked back spasmodically. Lovering Jupp at right wing was not up to his form. He had been in bed all day and should never have played.

When the Battery get into better condition and are able to use McDonald and Butterfield, and probably James in goal, they will win many games. Last night's game did not show their true form.

Is Brantford Market to Go?

What has Local Option done for the rural sections of the province? Deserted farms, chattel mortgages and the stifling of agriculture. Local Option in Brantford will do this and more. It will destroy your market, the workingman's best asset, and make vacant many now prosperous stores.—Adv't.

AUSTRALIAN CAQETS SAW QUEBEC WIN

Defeated Canadiens 5 to 2, While Champions Lost to Wanderers.

Quebec, Dec. 30.—Outclassing the Canadians in every branch of the game, except, perhaps, in the goal-keeping, the Quebec team swept the Canadiens off their feet to-night, and won by 5 to 2.

Buttogs showed championship form, especially in the forward line, where their combination has greatly improved. Their defence too proved more effective than that of the visitors, Mackinnon being unable to cope with the Quebec attack. Producers scored both goals registered against his former team, Smith scored three for Quebec and Malone and MacDonald, put in the other two. The game was fairly rough and heavy, checking was the rule. Among those present were the Australian Cadets, who were greatly taken with the game.

ALWAYS SO.
Montreal, Dec. 30.—The Wanderers in to-night's National Hockey Association fixture, decisively defeated the Ottawa, 4 to 0. Both clubs were handicapped through the absence of regular players. Ottawa suffering especially in the absence of Art Ross and Duford, both of whom are ill. Odie Cleghorn, laid up with grippe, was missing from the Wanderers' line, who came to terms yesterday, did some substitute work on the line. The first period was unusually fast and play was even, with no scoring. Wanderers, with more substitutes available, kept up the pace in the second, when Ottawa weakened, the locals scoring two goals. The Wanderers had the game practically to themselves in the final period, the Ottawa contenting themselves with defensive play.

Puckerings.
Stratford seniors will play Woodstock intermediates at the latter city to-night in an exhibition game. Clinton has entered a junior team in the Northern League. This will enable Seaford to play in a double or a single home-and-home schedule.

An Elmira correspondent points out that Seaford has been mentioned frequently in many Ontario papers of late as runners-up in the Northern League finals. Elmira was the club to enjoy that distinction.

At Sarajoa on Tuesday night the Seaford seniors were fined ten dollars by the referee for failure to appear on the ice until 9.15. They arrived at the hotel at 7.30, but made no effort to get to the rink so that the game might start on advertised time.

Hamilton Spectator.—Now that Hamilton has been satisfactorily placed in the senior grouping of the Ontario body, it is not likely that a team will play in the Northern League. The grouping of the teams in the latter organizations was even more unsatisfactory than in the O. H. A. as far as Hamilton was concerned.

Fact vs. Fiction.
"Look at the prosperity of Oxford, Northumberland Durham, Kent, and other counties!" exclaim the temperance agitators. Some more fictional to the gentlemen look whence they direct your vision and see for yourselves. The government reports state that the population of the very teetotal centres has decreased approximately one hundred thousand, while all that has increased has been pauperism. That is the fact of it.—Adv't.

BRANTFORD PEOPLE

GET INSTANT ACTION.
Those who have used it in Brantford are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL ADLER-ika relieves almost ANY CASE of constipation, sour stomach or gas. It removes such surprising food matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. M. H. Robertson, Limited, druggist.

"GRAND FLEET" IS DEPICTED IN THE MOVIES

Mr. A. J. Balfour Presided at Opening Performance Yesterday.

EULOGIZED WORK OF THE NAVY

Foundation Upon Which Everything Else Has Rested.

London, Dec. 30.—"The British Grand Fleet, which as a Grand Fleet has never yet had the opportunity of being in action, has, nevertheless, from hour to hour, day by day, through all the months of the war, been the foundation upon which everything else has rested," was the summary of A. J. Balfour, first Lord of the Admiralty, of the lessons to be derived from a moving-picture record of the activities of the fleet, over the first production of which he presided yesterday afternoon.

Mr. Balfour declared that the film shown "was packed with lessons of the deepest import to Britons and to the world." The success of all the land operations of the allies, from Archangel on the north to the Persian Gulf ultimately depended, he believed, on the British fleet, because were it removed the allied nations, "now banded together against the tyranny of the Central Powers, would be cut off from the outer world and from each other. He doubted whether the magnitude of the task thrown upon the British navy, and so far triumphantly accomplished, was any more than it should be. "Though silent," said the First Lord, "it is performing at this moment, not alone for the allies but for the whole world, the greatest, the most important part in the drama now being played out for the freedom of the world. The world has yet to know how much it owes to the British fleet, and how the assured victory which is coming to us in the future is coming at least as much the gift of the British navy as of the splendid valor of the allied troops, whether British or foreign."

Fact vs. Fiction.
"Hundreds of persons go insane every year from drinking liquor supplied in the hotels." That is the fiction of it; but granted even it were true the reports should affirm the opposite. Listen what the report of the inspectors of the hospitals for the insane for the province of Ontario say: "A total of 1,140 cases of insanity admitted in all institutions during the year 1914, 64 of which were directly traceable to alcoholism." That is the fact of it.—Adv't.

To The Editor

A LETTER TO THE RESIDENTS OF TERRACE HILL AND CITIZENS GENERALLY.
Editor Courier:
Sir—Why is it that the citizens, residing on Terrace Hill, are always wowed so persistently at election times and neglected at the intervals in between? Take the election for the Mayoralty in the campaign of 1913-14, when the purchase of the railway was one of the most important topics, the Terrace Hill district was promised a railway line in the platform enunciated in the school house meeting. The term of office has expired and Terrace Hill has not received the line. If the council had been sincere they could have purchased the rails cheaper by hundreds of dollars last year, than they can right now, as the price of steel is simply soaring. In place of that they do work that I think should have been done by the L. E. and N. Railway, claiming they were making an automobile driveway, thereby giving the automobilists the preference over the rights of Terrace Hill at a time when there was no mayoralty campaign on the horizon. Men would have been employed to build the railway, so the claim of making the driveway for the purpose of giving men employment seems a little bogus.

As to the present by-law, and the possibility of Brantford successfully confining the L. E. and N. R. to freight traffic only on the Terrace Hill, the repeated assertion of the by-law carrying, two of the leading lawyers in Hamilton were interviewed, and expressed themselves as being of the opinion that, that, if written on, it would not be enforceable. As Brantford cannot sell the road and pay the passenger privileges over the north end of the track in Paris, and any attempt to enforce it, would certainly involve Brantford in a big legal battle, which would make a good sized hole in the \$30,000.

It is noticeable that while they are trying to catch Terrace Hill voters, there has been no discussion for the special convenience of Terrace Hill voters. As owner of Terrace Hill property I am naturally interested in a railway for the district, but I shall vote against the sale of the Paris-Galt line, as there has been economy preached, but not practised by the city authorities, and the best evidence that this is a fact is the statement of Mayor Spence made in the Liberal reports that the sinking funds of the city had risen from \$100,000 in 1911 to \$147,000 this year.

The exponents of the sale are very dubious about raising the necessary funds unless there is a sale, now that there is an election on, but when they wanted to buy the old post office, they had no trouble to find an easy way out of the difficulty of finding the money without so much as even submitting a by-law to you. And there was not a word about scarcity of funds as that was something that they wanted to do. And I believe that if they seriously take the notion of spending money for a Terrace Hill line, or for any other purpose, they will quite readily find a method of raising it without making the taxes higher than now.

If the by-law carries it will be due, no doubt, to the plural voting of those who seem overly anxious to sell the road to another road in which a number of them either were or are financially interested, and, therefore, makes it seem to me that, that is sufficient reason of itself why the city should hang on to it.

The papers and commissioners know that no railway will butt in and make an offer, after having been turned down once, until after this by-law has been defeated. I am strongly opposed to its being sold, and shall use my influence to oppose it.
