**THIRD ICE-BREAKER
SOLD TO RUSSIA**

Giant Vessel of Latest De-
sign Will Keep Open Port
of Archangel.

Ottawa, May 27—Canada has sold
her giant ice-breaker, launched only
two weeks ago from the yards of the
Canadian Vickers, Limited, at Mont-
real to the Russian Government. It
will be completed during the coming
Fall, and, it is hoped, will be deliv-
ered in time to aid in the work of
keeping open Russia's winter port of
Archangel.

This is the third Canadian vessel of
the same kind to be turned over by
the Government to the Czar's empire,
during the last two years, The Minto
and the Earl Grey have been similar-
ly disposed of, and have been sent
across the seas to enter the service of
Britain's great ally. They have al-
ready done splendid work, and in the

"HANG ALL FOUR," SAY SLAVS
A great procession of Russians and
other brands of Slavs marched
through London to the hotel where
the Crown Prince of Serbia is stay-
ing, recently, carrying in effigy the
figures of the Austrian Emperor
Franz Josef, the German Kaiser, King
Ferdinand of Bulgaria and the Sultan
of Turkey.

expression of the Russian Govern-
ment's gratitude for the transfer of
the vessels it was emphasized that
they have paid for their value many
times over in the facilities they have
afforded for the landing of cargoes of
munitions at the White Sea Port.
The Latest Word.

The Minto and Earl Grey were
small vessels, however, compared with
the J. D. Hazen, as the new boat is
the greatest ice-breaker in the world
and represents absolutely the last
word in this class of construction. It
will cost, roughly, a million dollars,
and is being turned over to the Rus-
sian Government for exactly what it
cost. It develops 8,000 horse-power
and is of exceptionally powerful con-
struction. It is designed so that cer-
tain charges in construction will be
made to meet the wishes of the Rus-
sian authorities before it is turned
over to them, which will enable the
vessel to be used for the carrying
of a certain number of passengers,
as well as for ice-breaking purposes
proper. The boat was designed by
Mr. C. F. M. Dagnid, Naval Archi-
tect of the Marine Department.
