## THE WORLD OF LABOR

Gleaned From the Exchanges and Other Sources  
A Budget of News for Those Interested in Labor

The labor party in Calgary has decided to try for working class representation in the House of Commons, and will nominate two candidates to contest for seats in the approaching federal elections.

For the first time in the history of the Vancouver Labor movement girl pickets have been on duty before a local cafe that had been placed on the unfair list and they have done effective work.

Competent machinists in Lethbridge are now receiving as high as 75 cents an hour, and business is reported as being extremely brisk, not only in the C. P. R. shops, but the contract plants as well, the latter doing a rushing business since the settlement of the coal miners' strike. The C. P. R. is 100 per cent. organized.

J. A. Beland, formerly a member of the general executive board of the Amalgamated Sheet Metal Workers' International Alliance, has recently been appointed as fair wage officer for the Province of Quebec. He has been one of the hardest workers in the cause of unionism in Montreal and his appointment has given great satisfaction in local labor circles in that city.

The securing of a fifty-cents-a-day increase in wages by the civic employees' union in Vancouver has been followed by an encouraging number of new members as many of the civic employees who could see no good in the union have come to recognize their mistake. There is nothing that succeeds like success. You have got to show some people how to wake up.

At a recent meeting of the Winnipeg specialists lodge, affiliated with the I. A. M., the report of the executive committee, which favored the holding of a big mass meeting to boost the eight-hour day, or, more properly, 44-hour work-week, received the unanimous approval of the lodge, but it was decided that the rate paid per hour be increased in order that the same rate of wages be received for nine hours.

The city plant in Halifax, N.S., where a number of the members of the Granite Cutters' Union have been employed all summer, has been shut down, but two gangs are working at the quarry plant. It is expected that this work will last as long as weather conditions permit, there being no sheds there now. There is considerable work in the craft ahead in the city, as there is a large graving dock, a new station and six more piers to be cut in the near future.

The labor unions in British Columbia are nominating quite a number of working class candidates to contest seats in the oncoming federal election, and it looks as if they are going to put up a strenuous fight. These candidates are running on an anti-conscription platform, whereas in Ontario the organized movement has accepted the law as it now stands.

**W. H. A. MET**  
The regular meeting of the Women's Hospital Aid was held in the Library on Friday morning, when considerable business, mostly routine, was despatched.

Mrs. Schell, president, occupied the chair. The secretary read the minutes and the acting-treasurer gave the financial statement. Rummage sale to date totaled \$599.51, with several small sums still outstanding. Expenses, including advertising, carting, use of hall, etc., will amount to about \$70, thus leaving a good balance in hand.

Brass inscription plates for 3-wheel chairs presented to the returned soldiers' Home cost \$12, but the bill for the chairs was not received. Fees were paid in by Miss Watkins for Terrace Hill, \$15.00; Mrs. Mitchell, centre of city, \$7.25 and Miss Jones, North Ward, 50 cents.

A letter, enclosing a donation of \$10.00, from Mrs. J. C. Montgomery, Chatham St., was read and a vote of thanks was tendered Mrs. Montgomery for her generous donation and kind letter.

It was resolved that a letter of sympathy be sent by the Secretary to Mrs. and Miss Dunn of Paris, who have recently suffered bereavement in the loss of their relative, Mrs. Willets, who had on several occasions, given generous donations to both hospital and Nurses' Home.

The visitors' report for October, was read by the president: Mrs. D. J. Waterous and Mrs. R. K. Duncan had visited the hospital four times during the month. There were many patients, old and young, but all were apparently comfortable, and as happy as their different ailments would allow. An atmosphere of quiet contentment reigned throughout the building, and no complaints were heard. Fruit, flowers and magazines were given for the patients.

Mrs. J. M. Young and Mrs. James Adams were appointed to visit during November.

A vote of thanks was tendered to the merchants of the city; the housekeepers and all others who gave their contributions to rummage sale, thus making possible such splendid returns as recorded.

The special thanks of the W. H. A. were given to Mr. Slemin, Chief of Police, and his men for their assistance and protection during Rummage sale.

The W.H.A. wishing to assist the

but are demanding that wealth also be conscripted. The results in the two provinces will be watched with considerable interest.

Alb. Joe Gibbons of the Toronto Street Railway Employees' Union is looked upon as one of the best men in the amalgamated association, to straighten out a difficult proposition. In fact he is held in such esteem that international headquarters in Detroit often call upon him to use his good offices where differences arise between local organizations and the management of street railway companies in Canada. Joe had only returned from the Maritimes (provinces where he had succeeded in straightening up a local difficulty when he was called up to proceed to Ottawa to adjust differences between the local there and the street railway management. It is said that Joe always succeeds in getting things over right, and there is no doubt when he leaves the capital he will have another scarp dangling at his belt.

The question of an eight-hour day is to the fore in earnest at all the machine, car, and locomotive shops on the various railroad systems in Western Canada where the mechanical trades are organized in powerful systems, federations, and pull together. The slogan is, the nine-hour day is out of date, and it's time to get the eight-hour into all new schedules. This question is up wherever new agreements are being discussed. It is felt that the eight-hour day should not be applicable to the train men alone, but all classes of labor employed in the railroad industry. It is coming. The long work-day is doomed.

With the exception of the Intercolonial the system federations of all the other railroads in Canada are affiliated. The system federations embrace the Brotherhood of Railroad Carmen, International Association of Machinists, International Union of Boilermakers, and Iron Ship Plumbers, United Association of Plumbers and Steamfitters, the Brotherhood of Blacksmiths and Blacksmiths' Helpers, and various other crafts. Steps are now being taken to try and secure the affiliation of I. C. R. men, which would mean the solid organization of the mechanical crafts on every line operating from the Atlantic to the Pacific ocean.

The Butchers' Union of Vancouver, which was organized during the present year, has been making phenomenal headway and has now a membership of nearly 300, and growing rapidly. The workers in meat packing plants in this district who have up to the present been in an unorganized state have had to work long hours at straight rates, many receiving as low as thirty cents an hour, and some an even lower rate of wages. The union has prepared a new scale of wages, and schedules of hours, which it is proposed to present to the employers, and expect to secure an agreement something that has never been in vogue as yet in these establishments. It is also proposed to ask for better working conditions.

## Laugh When People Step On Your Feet

Try this yourself then pass it along to others; it works!

OUCH! I T! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this medicinal authority who claims that a few drops of a drug called freezezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezezone will cost very little at any drug store, but it is sufficient to remove every hard or soft corn or callus from one foot. Millions of American women will welcome this announcement since the inauguration of the high heels.

hospital in some special way, resolved to make an appropriation of \$500.00 to supplement the supply of linen, and appointed Mrs. Schell and Mrs. Nelles a committee to meet with Miss Forde to make the necessary selections.

On motion, Mrs. Reville was asked to continue to act as Treasurer until Mrs. Watt is able to resume her duties.

Sympathy with the treasurer, Mrs. George Watt, in her illness was expressed, and the Secretary was requested to convey the same by letter to Mrs. Watt.

The meeting was then adjourned.

**UNION CANDIDATE**  
Winnipeg, Nov. 10.—Without a murmur of dissent the Union Government forces in South Winnipeg, at a convention, selected George W. Allan, K.C., as their candidate at the impending federal election. Speakers belonging to both the Conservative and Liberal parties, the Great War Veterans Association, the Army and Navy Veterans and a large number of ladies present, pledged support.

Hugh John MacDonald said that those who thought this election was going to be a walk-over since there had been union government, were living in a fool's paradise.

## VICTORY LOAN IN TORONTO LAUNCHED

Sir Thomas White Calls Up on Canadians for Funds To Save Dominion

Toronto, Nov. 10.—"Canada can—if Canada will."

The words, with their declaration and challenge were those of Sir Thomas White, as the Canadian Finance Minister, facing a great audience in Massey Hall last night, pointed his appeal to the people of the Dominion to make it possible for this country to support her men at the front and keep up her end of the fight against Prussian militarism. The Finance Minister's address was the first step fired in the Dominion-wide Victory Loan campaign which in the next three weeks will be confidently expected, turn into the Dominion Treasury funds far in excess of the \$150,000,000 asked for. He spoke to an audience of more than two thousand people, and their enthusiasm made it clear that Toronto will do her part as readily and as thoroughly as she has in meeting every patriotic appeal made since the war began.

Sir Thomas did not take time to discuss the details of the loan. He chose instead to tell his hearers why the Government was asking for their savings. There were three reasons why the loan was being floated; in order that the men at the front might be supported, that Canada's war effort might be made still more effective, and in order to maintain the business prosperity that the war has brought to Canada so that the Dominion may "carry on" in the struggle. The Minister was cheered vigorously as he declared the unalterable determination of the Government to keep up the divisions in the field so that Canadians may hold their place in the line. He was followed with close interest as he explained how necessary it is for the Government to provide vast credits in Canada in order that the Imperial Government may continue to purchase foodstuffs, munitions and other supplies.

Canada is Prosperous. As to the country's ability to supply the money Sir Thomas had no doubts whatever. Never before in the history of the Dominion had the country been so wealthy even allowing for the increased national debt. In two years of war trade had doubled and bank savings, despite the \$350,000,000 invested in war loans, had increased by \$400,000,000. This year Canada would have a favorable trade balance of between \$500,000,000 and \$600,000,000.

The Finance Minister, before closing, made an eloquent appeal to the people to get down to a real war basis, to emulate as far as was within their power the self denial and self-sacrifice of the gallant men at the front.

## WAR MENUS

How to Save Wheat, Beef and Bacon for the men at the front. Issued from the Office of the Food Controller for Canada.

## MENU FOR SUNDAY.

Breakfast.  
Fried Ciscos. Brown Bread and Butter.  
Tea or Coffee.  
Dinner.  
Chicken Stew with Dumplings  
Mashed Potatoes Boiled Onions  
Apple Pie  
Supper.  
Potato Salad Bread and Butter  
Jam Cake

The recipe for Chicken Stew with dumplings mentioned above, is as follows:  
Chicken Stew with Dumplings: Take a chicken, not necessarily a young chicken, cut up, and cover with boiling water. Bring to a boil, put on back of stove, cover closely, and simmer several hours. If the gravy is not sufficiently thick, add a little flour to thicken, and season with pepper and salt. In serving place on the platter freshly-cooked tea biscuits split in two, and pour the stew over these.

Wheat and meat saving recipes by Domestic Science experts of the Food Controller's Office.

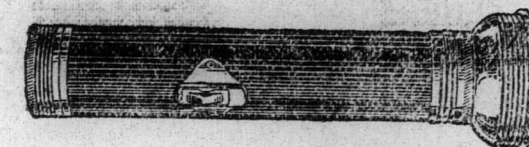

## MENU FOR MONDAY

Breakfast.  
Oatmeal Porridge.  
Toast Marmalade.  
Tea or Coffee.  
Dinner.  
Mutton Stew with Vegetables  
Baked Potatoes.  
Stewed Eggs.  
Supper.  
Scalloped Potatoes  
Corn Bread Maple Syrup  
Tea.

The recipe for Corn Bread, mentioned above is as follows:  
Corn Bread—

1 cake compressed yeast  
2 cups sweet milk, scalded and cooled.  
2 tablespoons brown sugar.  
2 tablespoons lard.  
1-2 cups white cornmeal.  
1 cup sifted flour.  
1 teaspoon salt.  
2 eggs well beaten.  
Dissolve yeast and sugar in lukewarm milk and add melted fat. Stir in the cornmeal, flour, salt and add well beaten eggs. Beat thoroughly. Fill greased bowl two-thirds full. Set to rise in a warm place for about an hour. Be careful that it does not over rise. It should be baked as soon as light. The baking will require from twenty to thirty minutes, according to thickness of loaf.

## TORN RECEIPT A CLUE

By Courier Leased Wire  
Cleveland, O., Nov. 9.—Torn bits of an express receipt, pinned together and found to relate to an express package shipped to Cleveland from Chicago to-day, set the police on the trail of the slayer of Dr. Harry L. Chapin, Cleveland physician, author and world wide traveler, who was found dying from a fractured skull in a down town hotel last evening. Dr. Chapin died soon after being found. Coroner Byrnes declares Chapin was murdered by being struck with a heavy weapon. The suspect is a former Cleveland man with whom the murdered physician had business dealings for more than two years and his arrest is expected today.

## U. S. WITH ALLIES.

By Courier Leased Wire  
London, Nov. 9.—The arrival in London of the American mission, Col. House's statement to the press and the announcement of the United States State Department fills a conspicuous place in the morning newspapers. Editorially The Times says: "The theory that America stands more or less aloof from the allies may still survive, but henceforward she shares our inmost counsels not only regarding the objects of the war, but as to the way to win it. In several points lately things have not been going too well for the allies, but none of their reverses or disappointments matter if only the great war power of the United States is directed rightly to the common end."

## ASK RECEIVER.

By Courier Leased Wire  
San Francisco, Nov. 9.—In a petition on file to-day in the Superior Court, a receivership is asked for the Newland Electric Company on the ground that its vice-president, A. H. Newland, is of German descent and openly disloyal to the United States.

## McCurdy Nominated

Halifax, Nov. 10.—F. B. McCurdy was nominated for Colchester at a Conservative convention held in Truro last night. John Stanfield, the late member, declined re-nomination on the ground of ill health. A delegation was appointed to wait on the Liberals and suggest his name as a union candidate on which all could agree.

## AUTOMOBILE OWNERS ATTENTION!!

On and after November 12th, 1917, all repair work, parts, gasoline, oil and supplies of any kind, will be strictly cash.

The rate for all classes of repair work will be charged eighty cents per hour.

BRANTFORD AUTOMOBILE DEALERS.
