APPETITE TEASERS

"Lost my appetite." That is a cry one often hears on all sides when the warm, gentle days draw near. To be sure, one begins to tire as winter comes to a close, of all the "things which come from cans and bottles" and of prunes and corned beef. One looks forward to asparagus time and spring lamb days.

But until those times come within reach of the pocketbook, tease the appetite with a few of these dainty dishes:

ORANGE ROUNDS.

Peel, and cut round, medium slices from a well flavoured orange. Remove seeds and marinate for ten minutes in cool, heavy French dressing. Drain and dust the slices of orange lightly with crushed mint, then lay them on crisp toast rounds, with a spray of fresh cress on top, and serve at once.

PINE AIGRETTES.

Chop six slices of canned pineapple, or four fresh pineapples, and set to drain. Add two tablespoonfuls of grated Canadian cheese, a half teaspoonful of sugar, two teaspoonfuls of toasted crumbs and the stiffly beaten

Wood's Phosphodine.
The Great English Remedy. white of an egg. Mix lightly, then heap on bread rounds and brown in the oven, but do not dry or burn. Serve at once.

SALMONETTES.

Drain, free iron skin and bone, and flake, one can of salmon. Add the juice of a small onion and half a lemon, pepper, salt, a teaspoonful of chopped chives and enough Russian mayonnaise to bind the mixture. Heap on toast diamonds and place a stuffed olive on top. Serve cold.

EGG MINTS.

Melt a large tumbler of mint jelly. Chop the white of three hard-boiled eggs, purvize a tablespoonful of salted almonds, and add to the jelly with a teaspoonful of minced pepper. Add salt, pepper, a teaspoonful of powdered gelatin dissolved in a little boiling water. Mix well and turn into little round moulds (after dinner coffee cups will do) that have been wet with cold water. Set to chill and firm. Unmould on lettuce leaves, put a spoonful of mayonnaise on top of each and a little of the egg yolk put through a ricer on top.

LIVER CANAPES.

Boll and mince fine a quarter-pound of calf's liver. Add to it the juice of an onion, pepper, salt, two teaspoonfuls of East India Chutney sauce, two minced gherkins and a half package of cream cheese. Blend all together,

spread on toast rounds and put an olive stuffed with celery on top.

CHICKEN ROLLS.

From raised dough shape tiny biscuits. Mince enough cold boiled chicken to fill a cup. Season the chicken with pepper, salt, a tablespoonful of each of whipped cream and well seasoned mayonnaise and a tablespoonful of very finely minced celery, and a teaspoonful of chopped capers. Break open (but not apart) each hot biscuit and fill with a teaspoonful of the mixture. Serve hot, two to a portion, with two or three sprays of fresh cress and a red radish.

TOMATO ROUNDS.

Blend together one package of cream cheese and a small amount of Roquefort cheese, pepper, salt and enough cream to soften. Spread on toast rounds, and cover with a slice of tomato dipped in sharp mayonnaise. Add a spray of cress and serve.

CREAM OF POTATO SOUP WITH CHEESE.

Cook four medium-sized potatoes in about a pint of salted water, adding a bay leaf, one sliced onion, a saltspoonful of paprika and the chopped green tops of a large stalk of celery. Cover the kettle and when the potatoes are tender press the whole through a colander. Melt one tablespoonful of butter, blend in one tablespoonful of flour and add gradually one quart of milk. Stir constantly until the same boils, then blend with the potato pulp and stir in three tablespoonfuls of grated cheese. Serve as soon as the cheese is melted and sprinkle each portion with paprika.

Would Not Be Without Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. The Tablets are a perfect home remedy. They regulate the bowels and stomach; drive out constipation and indigestion; break up colds and simple fever and make baby healthy and happy. Concerning them, Mrs. Noble A. Pye, Ecum Secum, N. S., writes: "I have found Baby's Own Tablets of great benefit for my children and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

What Good is the Robin?

"Now what good is the robin? Everybody knows the robin. A boy came along the road with a .22 rifle, saw a robin sitting there, and killed it. I went over and picked the robin up. Two cutworms were squirming on the ground; the robin had them in his beak. I held the bird up, and two more fell out of his mouth. Remember one cutworm will cut down five tomato plants in a night. The cutworm does his work and then hides under the soil; Mr. Robin comes hopping along, picks in there and pulls him out and turns him into a robin. If anyone tells you that a robin will destroy one hundred cutworms in a day, take it from him that it is true." —Jack Miner, at the National Conference on Game and Wild Life.

Wooden Soles.

Wood enters more and more into shoe-making.

The high price of leather had led to the use of wooden soles.

Beech wood makes good soles, it is stated, and the advantages of wooden soles are great.

The wood is a better non-conductor than leather and serves better to keep the feet warm and dry.

It is said that in Paris fashionable footwear is often provided with wooden soles, with small pieces of leather to deaden the sound in walking.

People with tender feet, accustomed to soft, pliable leather soles, might find discomfort in wooden soles, but there are many who wear them without apparent discomfort.

TOO MUCH POLITICAL GRAFT

Many say it can't be prevented, neither can warts or corns; but they can be cured by Putnam's Corn Extract; it cures corns and warts without pain in twenty-four hours. Use only Putnam's, 25c at all dealers.

Worth Remembering.

Sure cure for bunions—Take out inside of small onion, fill with salt and bind on a few nights.

To make shoes waterproof—Rub thoroughly three or four times with castor oil, allowing the oil to dry in.

Gasoline will remove gum from rugs or polished floors.

Patches sewed on the sewing machine are smoother and last better than those placed by hand.

Hang pictures flat against the wall and on a level with the eyes.

To prevent scars from scalds or burns, rub the new skin several times a day with sweet oil.

To rid your house of mice, mix any kind of food they like, with tartar emetic and put it where they can eat it.

For frost bite, rub gently with snow or bathe with very cold water.

Wholesome and Timely

This is a good time to play up oranges, lemons and grapefruit in your dietary scheme. These fruits are somewhat less costly and can be used to advantage. Above all, they are wholesome for most people.

LEMON CRACKER PIE.

Mix together four tablespoonfuls of rolled cracker crumbs, one cupful of hot milk, one cupful of sugar, two tablespoonfuls of melted oleo, half a teaspoonful of salt, the juice and grated rind of one lemon, and one lightly-beaten egg.

Turn into a pie plate lined with pie crust, dust over with grated nutmeg and bake until set. If desired, the top can be covered with a meringue made from the stiffly-whipped white of one egg and one tablespoonful of powdered sugar.

ORANGE BREAD PUDDING.

Beat three eggs lightly and add half a cupful of sugar cooked to a caramel and dissolved in half a cupful of hot water. Also add half a cupful of additional sugar, three cupfuls of milk,

two cupfuls of sifted dry bread crumbs, half a teaspoonful each of ground cinnamon and salt, juice of two oranges and the grated rind of one, and one cupful of dried currants. Butter an ornamental mould, dredge with sugar and turn in the pudding mixture. Set in a pan of hot water and cook for custard. Serve with a foamy sauce flavored with orange.

ORANGE MACAROON BISQUE.

This is very simply made. Heat one cupful of thin cream with a few grains of salt and add the yolk of one egg beaten with three tablespoonfuls of sugar. Remove from the fire as soon as the cream has thickened slightly and add, while hot, one tablespoonful of finely grated orange rind. Allow it to cool and fold in one cupful of double cream whipped solid, three-quarters of a cupful of crushed macaroon crumbs, the juice from two oranges and the juice of half a lemon. Freeze slowly as for ordinary ice cream. This cream is particularly delicious served in individual portions with a crushed and sweetened strawberry sauce.

GRAPEFRUIT SHERBET.

Boil one pint of water and a cupful and a half of sugar for ten minutes; then stir in half a teaspoonful of gelatin softened in a teaspoonful of cold water, and when dissolved strain the syrup. Cool, add the juice and pulp from two grapefruit, and half a cupful

of Maraschino cordial. Turn into a chilled freezer and when the mixture begins to congeal blend in the stiffly-whipped white of one egg and two tablespoonfuls of the chopped cherries. Continue freezing until firm and smooth.

GRAPEFRUIT AND ORANGEADE.

Slice into a large bowl one grapefruit and two oranges. Add one cupful of sugar and place it on the ice for two or three hours. The seeds, if not removed before, will float to the top and can be easily taken out. When ready to serve, crush the fruit and sugar with a potato masher (this brings out the flavor from the rind of the fruit), and add one pint of iced ginger ale, one pint of cracked ice, one pint of chilled water and a bouquet of fresh mint. Serve from a tall glass pitcher.

Washington Flag Etiquette.

The United States flag always is hoisted over the Senate or House of Representatives when in session. The flag floats from the flagstaff of the White House while the President is in Washington, and its absence indicates the absence of the President from the capital. It is displayed over the department buildings in Washington from 9 o'clock a. m. to 4.30 p. m. every week day.

Shoveling Out Gas.

Weighing considerably more than the atmosphere, the poisonous gases employed in modern warfare always seek lower levels. Thus the gas clouds penetrate trenches and deep dugouts, and in most cases it is a matter of many hours before they become sufficiently diluted with the atmosphere to permit of safe breathing. So the matter resolves itself into a problem of driving the poisonous fumes out of the trenches and underground shelters, or at least thinning them out until the air is again made safe.

For this reason American soldiers in France literally "shoveled" poisonous fumes out of their trenches. Attached to a shovel is a sort of canvas scoop or "flapper" which permits the men to heave the heavy gases over the parapets and beat the fumes and disperse them in the surrounding air.

CURE YOUR COLD WITHOUT MEDICINE

Just Breathe "Catarrhozone", Its Balsamic Vapor Does the Rest.

It's a tiny germ that sets up the irritation that makes colds so disagreeable. Colds die quickly if Catarrhozone is used, simply because the vapor of Catarrhozone instantly destroys the germ that keeps the cold alive.

Every breath you draw through the inhaler fills the whole breathing apparatus with pure piney essences that stop colds at their very beginning. You experience a pleasant sensation of relief at once. Soreness, congestion and irritation leave the nose and throat, the head is cleared, and every trace of cold or catarrh is cured. Catarrhozone is so sure, so pleasant, such a safe remedy for winter ills that you can't afford to do without it. Get the dollar outfit, it lasts two months and is guaranteed to cure; small size 50c; trial size 25c, all dealers or The Catarrhozone Co., Kingston, Canada.

A Literary Feat.

Mrs. Humphrey Ward, in the reminiscences which she is publishing in the Cornhill, tells of a wonderful episode in which Henry James translated at sight Mr. Kipling's "McAndrew's Hymn" into splendidly idiomatic French. M. Bourget was of the company, and though he reads and speaks English fluently, he complained of the technical expressions made use of by Mr. Kipling in the poem in question. "Whereupon," says Mrs. Ward, "Mr. James took up the book and there and then put 'McAndrew's Hymn' into vigorous idiomatic French—an extraordinary feat, as it seemed to M. Bourget." As it would seem to anyone, even though possessed of a complete mastery of both languages, for McAndrew is at home with such expressions as "thrust-block," "coupler-flange" and "crosshead jibs," etc., which is a good deal more than can be said of the rank and file of Kipling's readers.
