Mr. Harry Kavanagh, Hortonville, was in town last week and had with him the bean sower, which he has invented. It is a very light, simple, and effective article for the purposes for which it was invented and will be of general utility in farm work. It plants the required number of beans in hills at an exact and proper distance and only uses one bushel per acre. Mr. Kavanagh has used the sower considerable and claims he can sow over three acres per day with little exertion and a saving of fully fifty per cent in the seed.

Mr. Whitney N. Parker, of the Royal Flying Corps, came home from Toronto, on Saturday. He and Robie, have been there since the first of the year. Robie will proceed to Camp Borden, but Whitney, remains home for a while. We are glad to see him with us again and wish them both success.

A NERVOUS BREAKDOWN

When The Blood is Out of Order the Nerves Are in a Starved Condition

The nerve system is the governing system of the whole body, controlling the heart, lungs, digestion and brain; so it is not surprising that nervous disturbances should cause acute distress. The first stages of nervous debility are noted by irritability and restlessness, in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown. The victim, however, need not despair for even severe nervous disorders may be cured by improving the conditions of the blood. It is because Dr. Williams' Pink Pills actually make new, rich blood that this medicine has cured extreme nervous disorders after all other treatment had failed. The nerves thrive on the new blood made by these pills; the appetite improves, digestion is better, sleeplessness no longer troubles the former nerve-shattered victim and life generally takes on cheerful aspect. Every sufferer from nerve troubles, no matter how slight should lose no time in giving Dr. Williams' Pink Pills a fair trial, thus regaining their old-time health and comfort. Mrs. Victor Booth, Parry Sound, Ont., offers proof of the value of Dr. Williams' Pink Pills in nervous troubles. She says:—"Some years ago I was taken ill with typhoid fever. The attack was not a severe one and after a few weeks I was around again but I did not recover my former strength, and my nerves began to give me trouble. The trouble went on from one stage to another until finally St. Vitus dance developed. I was under the care of our family physician but my condition appeared to be growing worse. It was at this stage I decided to try Dr. Williams' Pink Pills and after taking a couple of boxes I could see they were helping me. I continued taking the Pills until I had used eight boxes when my health was fully restored, and I have enjoyed that blessing. I have recommended the pills to others and I always keep them in the house, having proved their great value. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Sunday June 30th has been appointed by the Canadian Government as a day of national prayer and humiliation for success of the allies.
