WOULD GET WORSE LICK Some of the Liberal members

Ontario are talking of forcing den to go to the country on Naval issue.

This they could do of course the same way that Borden forced Wilfrid Laurier and his associates to take their dose with reciprocity.

Well, let them bring on the test if they feel like it. The Conservative party are for it any moment, for, except the inconvenience, they are not still further decimate the ranks.

The feeling of the vast majority of Canadians is that an offer of three Dreadnoughts for the navy, is the fulfilment of an obligation far too long ignored.

The Laurier proposal is to the three, but to have them constructed in Canada, and man Canadian; two utter impossibilities for very many years. Premier den does not contend that this not finally happen, but he does and rightly believes, that some should be done now.

Mr. Guthrie, M. P., has stumping his Riding, and asserts there is nothing in the British orandum; to show that there is immediate necessity.

Of course there isn't. The members of the Old Co administration are not such fools to put in writing either their intentions, or their needs.

The country has it on the authority of Mr. Borden, that he privately given reasons why an at once of three Dreadnoughts would be most acceptable, and one will doubt his word.

Mr. Guthrie and others of nature should try and wake up facts.

CANADA'S BILLION DOLLAR YEAR.

During the first year of the Conservative Government, Canada has enjoyed unparalleled progress and is entering upon the new with every prospect of another breaking period. Trade for the time in the country's history will year pass the billion dollar mark.

January the total was \$53,680. There was an increase of one million in the February returns, by March the figures had just twenty-three millions. All up the totals climbed until by Oct the increase was \$101,277,469.
