

INTER-COLLEGIATE FOOTBALL

Prospects Bright for Successful Season

There will no doubt be a meeting of the Intercollegiate Football Association in the near future, when the schedule will be arranged. It is expected that Acadia will go to Sackville for the first game, Mt. Allison will go to Fredericton to play U. N. B. and the latter team will play Acadia at Wolfville. While the Acadia team will be later in beginning than the other teams, still there is some very promising material available and the team will no doubt make their accustomed splendid showing.

U. N. B. Football Squad Start Early

Fredericton Gleaner, Sept. 21.—The University of New Brunswick football squad started training for this season's games yesterday afternoon at College Field under the direction of Capt. H. H. Trimble, who evidently believes in getting to work as soon as possible, and Coach Jack Asten, a former British professional rugby player, who has been engaged by the Athletic Association.

Between thirty and forty players were on the field this afternoon and had a light workout in kicking and passing. A lot of promising material has made its appearance among the Freshman class and U. N. B.'s chances this year appear to be better than has been expected. Practices will be held daily in an endeavor to find out just what material is available and where to use it to the best advantage. The scrim has been the hardest hit part of the team by the loss of last year's graduates, but it is evident that there is material to fill up the holes; in fact it looks as though some of the old regulars will have to settle down in order to hold their positions on the team.

The new coach, who has been connected with U. N. B.'s squad for the past two years in the capacity of trainer, has been engaged mainly through the efforts of last year's graduating class, who have discarded the inefficient system of class funds and are now contributing towards the coach's salary.

Mt. A. Also Starts Training

Sackville Post, Sept. 22.—Mt. Allison University football squad had its first workout yesterday afternoon on the college campus, under the direction of Capt. Ray Ashford and Coach "Bill" Godfrey. The latter, who is well known throughout the Maritime Provinces as an allround athlete, captained the Mt. A. team during his college days. He should make a good coach. Myers, Clark, Ashford, Elliot and Prince, of the old squad, are here again, with a few new men.

Times have never been so hard that they didn't soften.

HIGHER LETTER RATES

An advance of one cent per ounce is announced in the letter postage rate between Canada and other parts of the Empire. The former rate was two cents per ounce, with an added one cent as war tax. The new rate will be three cents an ounce with one cent war tax additional. The postage rate to foreign countries has been increased from five cents for the first ounce and three cents for each succeeding ounce, to 10 cents for the first ounce and five cents for each additional ounce of fraction thereof. The postage rates within Canada and the United States and Mexico remains at three cents for the first ounce and two cents for each additional ounce.

PEACE AT LAST

After four and a half years of bitter warfare the United States and Germany are once more on "note writing" terms. Every one who has longed for a cessation of world wide agony rejoices that the terrible conflict is ended.

Make an effort to get on speaking terms with your conscience—try contributing to the Memorial Fund. You will feel so good you'll want to tell your neighbors in our weekly report.

On the July estimate, the State of Washington will market about 45 per cent of all the apples harvested for commercial purposes in the United States. The July estimate placed the whole output in that country this year at 17,000,000 barrels. Of this total, the State of Washington was expected to yield close to 8,000,000 barrels.

Dr. L. J. Lovett, of Bear River, has been selected as the Liberal candidate to contest the constituency of Annapolis-Digby in the coming election.

Business will put away encouraging profits when it puts away discouraging prophets.

SOME GOOD RESOLUTIONS

The Maritime Board of Trade recently in session in Charlottetown passed the following resolution:

That the present freight rates in Canada, following the line of a general reduction in wages, should be reduced at once in order to enable industrial and commercial life to return to a sound business basis.

Another resolution adopted was to the effect that the board take up with the express companies and if necessary with the Railway Commission the matter of fresh fish transportation and make a strong effort to have the former quick service restored.

A resolution was passed that the Intercolonial Railway and the Prince Edward Island Railroad be divorced from the Canadian National System at Toronto and operated as a separate railway unit, under the Department of Railways and Canals.

Rural Route No. 1, Mascouche, Quebec. The Minard's Liniment People.

Sirs—I feel that I should be doing a wrong if I neglected to write you. I have had four tumors growing on my head for years. I had them cut off by a surgeon about fifteen years ago but they grew again till about three months ago I had one as large and shaped like a lady's thimble, on the very place where my hair should be parted, and it was getting so embarrassing in public that it was a constant worry to me. About three months ago I got a bottle of your liniment for another purpose and saw on the label good for tumors. Well I tried it and kept at it for exactly two months, with the result that it has entirely removed all trace of the tumor, and were it not that they had been cut fifteen years ago, no mark would be seen. I have not been asked for this testimonial and you can use it as you see fit.

(Signed) FRED C. ROBINSON.
P.S.—I am a farmer and intend using Minard's Liniment on a mare for a strained tendon, and am hoping for some results.
FRED C. R.

Mt. Allison University opened at Sackville, N. B., on Saturday with an enrollment of over 250 students.

I. O. D. E. BURSARY AWARDS MADE

Miss Florence Tupper, of Kentville, is Successful Nova Scotian Applicant

TORONTO, Sept. 20.—This year's award of the I. O. D. E. bursaries in Canadian universities is announced. The bursaries, valued at \$250 per annum, are open only to sons and daughters of totally disabled soldiers and form a share of the Order's memorial to the men and women who gave their lives in the war. Among the winners for 1921 are:

Quebec—Edward W. Steacie, Montreal, who will enter McGill University. He is a son of Captain Richard Steacie, 14th Battalion, killed at Ypres.

New Brunswick—No applicant in this Province. Bursary awarded to second applicant in Manitoba, J. Sumner, son of Private J. Sumner, 42nd Battalion, killed at Zillebeke.

Prince Edward Island. No applicant. Bursary awarded to second applicant in Saskatchewan, Wm. Blackburn, son of Lieut. Alfred Blackburn, 152 Battalion, killed in action.

Nova Scotia—Florence L. Tupper, Kentville, daughter of Private Charles M. Tupper, 12th Construction Company, permanently disabled on active service.

Minard's Liniment used by Physicians.

and others

Ladies are especially invited to be present.

E. H. DODGE,
Secretary

Your Boy's Future

The Boy's future shall not be left to chance.

The Boy can be interested in his own future.

The Boy's ideas are "stepped" by the knowledge of his Father's early investment for him.

His "preparation" expenses are provided for by the "Vocational Endowment."

Success and Marriage close the first chapters of the Boy's Future, and the early plans made for him are brought to completion.

What are his chances for a good start in life?

Of course you have plans for him. It is easy, however, to think of what you intend to do for your boy, but what if your plans should fail? Do not overlook the fact that ordinary plans are dependent upon you being here to carry them out.

You can make sure of your boy's future—you can put your entire plan for him into immediate effect.

The Canada Life offers a simple and convenient way by means of a small yearly deposit, through the

"Vocational Endowment"

which is arranged to mature when you think it will be most needed by your boy. In this way \$1,500, \$2,000, \$5,000, or more, is sure to be ready for his first serious step in life, whether you are here or not. This plan, of course, applies equally well to your Daughter's future.

Our New Plan

1st—The Vocational Endowment Fund is guaranteed in cash at the time selected by you.

2nd—In the event of your death, no further deposits are required and the fund will be paid at the time selected.

3rd—All deposits will be returned with 3½ per cent. compound interest if the child should die, providing such a sum does not exceed the amount of the endowment, or, if desired, the benefits of the policy may be transferred to another child.

There are many other valuable features which will be explained in full on request.

Do Your Part Without Delay

The uncertainties of life call for immediate action. A yearly deposit which is very small in proportion to the Fund guaranteed enables you to make sure, absolutely, whether you live or die, that your Boy's future is assured.

Ask for Particulars.

Canada Life
