### \*\* Compared of the ALMS HOUSE R. N. WYSE, Newcastle, N. B.

Just a Word in Season to You.

We cannot resist telling of the splendid assortment and good values we have to offer you at this season of the year. We have paid good attention to our stock, seeking to have all the wantables and needables at this time. A glance at the following list will tell you part of the story, but a visit to the store will furnish what we have not enumerated. Competitors do not like us to sell goods at such low prices, but there is system and not madness in it. Our sales have reached such proportions that we have to buy very large quantities, and as we go to the manufacturers as a rule, we claim we can buy some lines cheaper, and therefore can sell cheaper than others. We could make more money out of these goods but prefer to increase our trade and secure your patronage.
