They will occupy a middle ground between the hastily written news items, crude specula-tions and flying rumours of the daily Journai, and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific, and theological character, we urge titerary, scientific, and theological character, we urge them upon the consideration of the reading public. SIR ASTLEY COOPER, BART., M. D., the eminent Medical Practitioner, has left a valu-able legacy to the world, in his GREAT PREVEN-TIVE OF CONSUMPTION, and unfailing cure for Pulmonary Diseases, without the use of Medicine. Sir A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST PRO-TECTOR to all persons of all ages and condi-tionis, as a certain and safe shield against those fearful diseases. Consumption, Bronchitis, Asthma, Comme Calda Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate.

THE CHEST.

"The Protector" is simply a chemically-pre-pared fur, lined with silk and padded, which, suspended from the neck, covers the chest in so agreeable a manner, that, once worn, it beco a necessity and a comfort. "The Protector," although but recently intro-

duced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long been a staple article in England, and on the

Continent of Europe, while it has grown in many countries to the position of an article of dress. To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protec WITHOUT RECOURSE TO DOCTORING of any kind The cost of wearing these articles is a mere trifle. and one will last some years. No one who va-lues the health of himself or his family will be without them. The hospitals in this country are not alone recommending them, but rapidly intre-ducing them. #### HOLLOWAY'S PILLS.

URPRISING CURE OF A CONFIRMED ASTH-MA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

of Scotland Roc'd, Literpool. Sir,-Your Pills have been the means, under Pro-vidence, of restoring me to sound health, after five years of severe affliction. During the whole of that period, I have suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attend-ed with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the active eminent medical men of this town, but they failed to give me the signifiest relief. As a last remedy. I tried eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy, I tried your Pills, and in about three months they effected a perfect cure of the discase, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs. I am, Sir, your obedient Servant, Signed H. MIDDLETON.

vil, to Professor Holloway. Dear Sir,—In this district your Pills command a nore extensive sale than any other proprietary medi-cine before the public. As a proof of their efficacy in Liver and Billous complaints, I may mention the fol lowing case: A lady of this town, with whom I am personally acquainted for years, was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do no-thing to relieve her sufferings, and it was not likely she could survive many mooths. This annunce-ment naturally caused great alam among her friends she could survive many months. This annunce-ment naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of axis her life. saving her life
