**MUSIC NEXT**

Our Public School is now teaching Manuel Training and Domestic Science, which is an advanced step in the right direction. Both of these studies are most essential in an institution such as Harkins Academy, and the School Board of Trustees is to be congratulated in arranging to have a teacher to instruct the students. There is yet a very important study, which up to the present has been neglected, namely—Music in the School. We have been pounding away for the past three years, endeavoring to arouse the public to the necessity of teaching music in the schools, and are glad to be in a position to announce that we have been very successful indeed, although the services of a teacher have not yet been procured, nor music is not yet taught in the school. However, we are daily receiving calls from interested parties, who like ourselves, feel that music should be taught, and these callers are ready and willing to do any and everything in their power to bring about the teaching of music in Harkins Academy.

It is a pleasure to know that this matter is rapidly coming to a head and about all that is necessary now,

is for some one to take the initiative and within a very short time it, no doubt, would become a certainty. It is stated that a number of persons, who are interested in this matter, will shortly hold a meeting, at which it will be decided to circulate a petition for signatures, requesting the School Board to look into the matter and make arrangements to have a music teacher procured.

The expense would be practically nothing and considering the vast amount of good, which could result, the community will be repaid a thousand fold for the small expenditure. We sincerely hope that this matter will be proceeded with and can assure the public, that we are in hearty sympathy with the movement and are prepared to do all we possibly can to bring about its accomplishment.

**OBITUARY**

**JAMES F. McLAUGHLIN**

The death of James F. McLaughlin occurred at the Miramichi Hospital on Tuesday morning, after an illness of several days due to stomach trouble.

Mr. McLaughlin was a son of the late Mr. and Mrs. Wm. McLaughlin, of Chatham, in which town he was born and where he lived for a number of years previous to moving to Newcastle. Since coming here, about ten years ago, Mr. McLaughlin has been one of its most esteemed citizens. He was of a genial disposition and was liked and respected by everybody.

He is survived by a widow, two sons, Vincent at home and Arthur in Binscarth, Man., and one daughter, Cleora at home, to whom the sincere sympathy of the community is extended. Also surviving are seven brothers and three sisters. The funeral, which was largely attended was held at 2 o'clock Wednesday afternoon from his late residence, proceeding to Chatham, where interment was made in St. Michael's cemetery.

To The Editor of The Advocate

In the passing of the late Col. Mersereau the Independent Order of Foresters have lost a prominent and useful member, and the Community an energetic, helpful and loyal citizen. The loved and loving brother, husband, father and friend died when manhoods evening almost touched the golden beams of the setting sun, while the lengthening shadows were falling towards the east. He had not passed on life's highway the milestone that marks the farthest point, but being weary he lay down by the wayside and fell into that dreamless sleep that presses the eyelids down and steepens the senses in forgetfulness. While yet in love with life and raptured with humanity he passed painlessly away from friends and kindred and loving care to silence and the dust.

It was Col. Mersereau's good fortune to live out almost this allotted span of life and to die full of years and full of honors. While others just in the happiest and the sunniest hour of all the voyage when gentle winds were kissing every sail, have dashed against the sunken rocks, he was destined to reach the haven before night-fall while the western sky was all aglow with crimson and gold.

His brave and loving soul in all the storms and vicissitudes of life was oak and adamant, but in the sunshine it was vine flower. He ever looked on the brighter side of life. Climbing the heights he left the valleys far below, while on his brow there fell the dawn of a bright day. He loved truth for its own sake. In every contest he stood with the right and the weak. In him the poor found a faithful friend.

**Every Joint In His Body Sore And Stiff**

"When I started taking Tanlac I had been laid up with rheumatism for three months, and was so bad for a month that I couldn't even walk. I had had it for a year and spent nearly a hundred dollars, but kept getting worse instead of better," is the statement made, recently by Wallace Corey Lowe, a prosperous farmer, living at Head of Amherst, Nova Scotia.

"Every joint in my body was stiff and swollen and I suffered terrible pain all over. My legs and arms were swollen to twice their natural size and it would take me an hour to get out of bed and on my feet in the mornings. I hadn't the strength of an infant, couldn't lift a pound weight and was in pain day and night.

"I had dropped down from one hundred and fifty-six pounds to one hundred and twenty-one. My stomach was all knocked out by the strong rheumatism medicines so that nothing agreed with me. In a few weeks after I began taking Tanlac I was back to my normal weight and feeling as fine as I ever did in my life. It certainly is astonishing what Tanlac will do."

Tanlac is sold by all good druggists

A worshiper of civil and religious liberty he extended to all that freedom and toleration which he claimed for himself. Being a helper to all, particularly the oppressed he thus added to the sum of human happiness. Were everyone to whom he did some loving thing, to bring a blossom to his grave he would sweep tonight beneath a wilderness of flowers.

As a citizen he discharged all his public duties faithfully and well, animated by love of Country, and actuated by devotion to duty. Though deeply interested in public affairs he seldom entered into political contests, when he did so his demeanour and bearing towards opponents was such that factious hatred, which in the long run tires out every other passion could find no occasion to cast reproach on his conduct, or fling obloquy on his name.

His private life was blameless. Every part of it will bear the most minute examination, without detracting from its worth. There were no dark subways, no subterranean passages where we must tread softly lest we stir the ghost of a buried crime. His life was an open book known and read of all men.

Col. Mersereau regarded with a true perspective. He did not look on life as a narrow vale, cooped and cabined in between the cold and barren peaks of two eternities—the one before, and the one behind. He strove to look beyond the heights, to realize the dawn of a grander day. From the voiceless lips of the unreplaying dead there comes indeed no word, but with the eye of faith he could see a star, and his listening love could hear the rustle of a wing.

No man in the community will be more missed, and none more mourned. But many words cannot assuage grief. All that we can do is to regret his passing and to pay a fitting tribute to his memory and his worth.

Respectfully Yours

**J. D. O'CONNELL CAPTAINED AT ST. JOHN FOR ICE CREAM BILL**

"The Children's Friend" Refused to Pay for Ice Cream Ordered from St. John Firm for Havelock Picnic and Which He Alleges Was Not Fit to Eat.

St. John, N. B. Sept. 25—J. D. O'Connell multi-millionaire sugar planter of Cuba and known throughout the Maritime Provinces and in eastern United States as the "Orphan's Friend" was arrested here this evening by High Sheriff Wilson for debt. He was lodged in the county jail but was able later on to make arrangements for his release. His story is that he ordered ice cream from a local ice cream company for a picnic he was giving in Havelock. He says that part of the ice cream was not fit for human consumption and when he was presented with the bill refused to pay. As a result a capias was issued for his arrest and he was taken into custody this evening at the Royal Hotel. He says he will stay in St. John and fight the case to a finish.

**DELEGATES HOME FROM CONVENTION**

J. L. Stewart, editor of the Chatham World, was a visitor to St. John yesterday enroute to his home after attending the sessions of the Sovereign Grand Lodge, I. O. O. F. which met this year in Detroit, Mich. Members of the order from all parts of Canada and the United States were present and in the big parade which was held no less than 40,000 persons took part, and it required 45 hands to provide music for the occasion. The sum of \$9,000 had been put up in prizes for this parade and over a third of the amount \$3,500 was won by Canadians.

It was a great session, the Commodore said, and one which will be long remembered by all who were privileged to be there, and the people of Detroit gave the visitors a very warm welcome to their city.

**WEATHER CHANGES**  
Following cool weather during the greater part of last week the thermometer climbed suddenly on Sunday until the weather was as warm as summer. The heat was followed by a heavy shower of rain at night with cool, windy weather yesterday and today.

**JUDGE CHANDLER WEDS IN ENGLAND**

Press despatches from London contained the information that Hon. Judge Chandler of the Court of Kings Bench of New Brunswick was married at Oxford, England, on Monday last to Mrs. Coster nee Hazen. The bride is the widow of George Coster of St. John, barrister, and is a daughter of Mrs. Robert Morris Hazen. Her first husband was a son of Rev. Dr. Coster, clergyman in the Church of England.

Lord and Lady Beaverbrook and Miss Helen Drury are in the city of Constantinople. From a journalistic standpoint His Lordship will be in an advantageous situation to get first hand information of the conditions that exist there at this critical time.

**McGRAW'S GIANTS CAPTURE PENNANT**

New York, Sept. 25—The New York Giants clinched the 1922 National League championship today by defeating St. Louis 5 to 4 in ten innings. The Giants can now lose all of the remaining seven games and still finish in the lead, even if Pittsburgh wins its remaining three games. In that event the final standing would be as follows:

Team	Won	Lost	P. C.
New York	89	65	.578
Pittsburgh	88	66	.571

Needing one more game to win the American League pennant the New York Yankees cannot decide the issue with the St. Louis Browns before Thursday when they play the Red Sox at Boston.

The Yankees have four more games on their schedule, three with Boston and one with Washington. The Browns have three games to play with the Chicago White Sox, beginning Friday, and defeat in any one of them would eliminate the St. Louis Club from the race, even if the Yankees lost all of their remaining games.

Calgary.—Ronald W. Greene, of Winnipeg, who was recently appointed assistant general agent of the Canadian Pacific Railway ocean traffic, with headquarters here, has arrived in the city to take over his duties here. Mr. Green will have offices in the C. P. R. depot and will handle all Atlantic and Pacific steamship business in the Province of Alberta.

W. C. Casey, general agent of the passenger department of the C.P.R. ocean traffic recently arrived in the city. While discussing ocean traffic, Mr. Casey said that the addition of the two new steamships, the "Empress of Canada" and the "Empress of Australia" on the Pacific coast run, has ensured a 25-day service between Hong Kong and London and Paris. He said that Orient passenger traffic was reasonably fair at the present time and believed that traffic would be very heavy in the fall, both to and from the Orient.
