"PERFECT 36" NO LONGER IN FASHION SHOW

CHICAGO, March 18—Farewell to the "perfect 36's." Fashion designers have put the delectable creatures out of the running, at least for this season and there is much lamentation among the sprightly models who formerly swept majestically up and down in front of the buyers.

"There ain't no such a thing as a feminine form today," wailed Gertie one of the models. "A lady might as well be a barrel of sauer kraut as a perfect 36. A classy built dame can't show the styles no more. What they need for a model is a circus freak—Rubina, the rubber lady—or something like that. She's got to have a spaghetti spine, double joints and accordion pleated muscles to fit into more than one gown a year."

Gertie is right. There are two ways to follow the fashions this year. One is to follow them, all the way, in the morning milady will need a slim, wasp waist; in the afternoon she will require a few curves and in the evening she will have to be as straight as a ramrod. As for the gowns displayed at the opening of the Fashion Art League today, one must be a mathematician to guess whether the forms they encase are spheres, hemispheres, parabolas or comet-like wisps of atmosphere.

There is every fashion conceivable to fit every individuality conceivable and this is the secret of the second method, which is not to follow the fashions at all. Anything is fashionable: A hem cut from last year's dress will give the remnant the fashionable unfinished effect. A few patches cut from foulard and sewed over the worn spots in last year's serge will give the fashioned applique effect. A thousand dressmakers and designers are attending the convention.

A TOLERANT PEOPLE (Regina Daily Post)

"The people will not tolerate any government whose fiscal policy is only a means of gathering revenue and which disregards the tariff as a means for the developing of Canadian industry," said Sir Thomas White.

The people of Canada are broadly tolerant as Sir Thomas might learn from Canadian history. Once in 1896 they tolerated the establishment of a government which had as its avowed policy a tariff for revenue only, and which, moreover, talked loosely of "free trade as they have it in England." That government did not carry out its promise to the people but in 1911, having at last undertaken something in the way of tariff reform appealed again to the people and found that this policy endorsed by a majority of the people before whom the tariff was placed as an election issue. Sir Thomas White as one of the original members of the Borden cabinet, should know that it was only by means of Quebec support secured on a different election issue that the government obtained office.

Sir Thomas lacks authority for his statement. No election in thirty years has been fought and won on the tariff issue alone. The next one will be.

The fourp'ny doss

WHEN Peter Wright, the great Chief of the British Seamen's Union, was in Canada he said that many a time in the old days a fourp'ny doss was the only thing that stood between him and a sleep on the sidewalk.

SAILORS and soldiers and good hardy men the world over have a vivid recollection of these places.

THE "Doss," as such does not exist in Canada, but Hotels for Working Men are a definite part of the Salvation Army's activities in the larger Canadian cities.

DUTCH FIXING SPOT TO INTERN KAISER

THE HAGUE, March 18—A royal decree issued March 16th says the place to be allotted to former Emperor William of Germany as his residence will for impart of the Province of Utrecht, and that it will be fixed later by the Government. The decree was in connection with an announcement to the Allied Premiers regarding their recent note concerning the one-time Monarch.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Ever since that time, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial

total for the combined territories was \$48,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled. Shows Solid Growth.

In all the various departments the same rate of growth has been recorded. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the position which the Salvation Army occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

GERMANY IN TURMOIL

COPENHAGEN, March 17—A wire from Kiel reports the town bombarded by the cruiser Eckernforde, which is at the disposal of the new Government. The cruiser shot through the streets from the harbor, killing some 500 persons and demolishing a number of buildings.

BERLIN, March 17—All through Germany the strike situation grows worse. Ebert's return is now expected at an early date.

Troops marching through the northern suburbs yesterday and carrying an old flag at the head of their column for the purpose of exciting enthusiasm and winning followers for the new government were savagely attacked by a crowd of workmen.

Women! Here Is A Dandy Thing

Few drops on corn or callus stop pain, then they lift off.

Your high heels have put corns on your toes and calluses on the bottom of your feet, but why care now?

This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it Freezone. Small bottles of Freezone can be had at any drug store for a few cents. Don't limp or twist your face in agony and spoil your beauty. Get a little bottle of Freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you can lift it off with the fingers.

Just think! You get rid of a hard corn, soft corn, or a corn between the toes, as well as hardened calluses, without suffering one particle. Millions of women keep a tiny bottle on the dresser and never let corns ache twice.

TORONTO, Mar. 18—The disturbance which was over the Gulf of St. Lawrence yesterday has moved out to the Atlantic and the weather is now fine in nearly all parts of the Dominion. Another moderate disturbance is centered this morning over Nebraska, moving northwestward.

FORECASTS—Fine today, Friday east to southeast winds showers before night.
