Action Entered To Quash By-Law

W. H. Clark Applies For Order From Presiding Judge Setting Aside G. T. P. By-Law On Grounds That Injury Is Done His Property.

Short, Cross & Biggar, acting as solicitors for W. H. Clark, the lumberman, entered action this morning for an order to quash the Grand Trunk Pacific by-law.

The papers in connection with the application recite that the agreement by virtue of certain clauses injures and depreciates the value of the property of W. H. Clark.

The application is made to the presiding judge and will come up on Friday of next week, Nov. 2nd.

The hearing of the G. T. P. case before the railway commission in the meantime was postponed for one week and will therefore come up for hearing in Ottawa tomorrow.

Mayor May is also in Ottawa attending the commission.

W. H. Clark, when seen admitted that he was taking action but said he had nothing to say about the matter at all.

Wm. Short, of Short, Cross & Biggar, stated that the application was Mr. Clark's personal application and that they were not acting as solicitors for the Canadian Northern nor had the C. N. R. anything to do with the application to quash.

Mr. Van Arsdel did not know of the action until told by the Bulletin. He had nothing to say for publication.

WANTS HIS COUNCIL FIRED

Portage la Prairie, Oct. 24.—Something of a sensation was created at the assizes here today on the arraignment of Eli Grobb, charged with the murder of Bailiff John Clarkson of Treherne.

A special jury was first to hear the case of the accused's sanity. At this stage, the prisoner addressed the court, and asked for the discharge of his counsel, G. A. Stewart Potts of Winnipeg, who, he said, was incompetent and whom he had discharged five months ago.

He asked the court to appoint a counsel, but the judge refused to take any notice his plea. Several times during the afternoon the accused appealed to the judge to make his counsel sit down. Grobb's sister told the court that at various times his family had thought of having Eli examined as to his sanity, but had put the matter off, hoping he would get better.

(Bulletin Special)

Portage la Prairie, Man., Oct. 24.—Eli Grobb accused of the murder of John Clarkson last winter, was up before the assizes here today. A number of eminent doctors were examined closely as to the sanity of the prisoner and all stated that in their opinion the prisoner was not capable to instruct his counsel or pleading to an indictment. The grand jury has returned nine true bills already and there are four more cases to be dealt with yet.

Want Car Line on Kinistino

East Enders Signing Petition Against Commissioners Plans

Claim That Namayo and Sutherland Plan Will Not Serve the East Side—Want Track to Rat Creek on Kinistino Ave.

East end residents are not by any means satisfied with the plan for street railway construction recommended by the commissioners which proposes to build the line up Namayo to Sutherland, thence across to First, thence down First to Jasper, making a loop by those streets. They have prepared a petition which is being numerously signed and which will be presented to the city council on Tuesday evening next, a delegation with a solicitor as spokesman accompanying the petition.

The following is the petition:— To the Mayor and Aldermen of the City of Edmonton:—

Gentlemen,—We, the signers of this petition, being ratepayers and residents of Edmonton, respectfully beg to make known our wishes respecting the proposed street railway recently discussed in your meeting.

We desire that the line be extended as far east as Kinistino on Jasper, northward to Edmonton, or at least to Sutherland street, instead of being laid on Namayo avenue, for the following reasons:

First—Kinistino avenue is much more central for a street car line than Namayo avenue. A car line on the latter street would be practically worthless to us.

Second—While we do not wish to encourage any strife or rivalry between the east end and the west end of the city, we cannot help feeling that undue favoritism is being
