

Bennett, Mulally and Martin

Will Poll a Record Vote in St. John's West.

The Whole West End is aflame in favor of Bennett, Mulally and Martin, the standard-bearers of the Liberal-Progressive party. Mr. Bennett's great big committee, who stood loyally by him in 1913, have flocked to a man around the standard of himself and colleagues, and are working assiduously to have him and colleagues lead the poll with the greatest majority ever given candidates in the West End. With Bennett, Mulally and Martin looking after your interests, there is very little fear of grass growing on Water Street. These men have a large stake in St. John's. John R. Bennett, almost alone for the last six years, has fought loyally and well, and is a man to be trusted. The Coaker-Squires team talk of grafters and graft, but not a man in Newfoundland can point a finger at John R. Bennett and say that he ever was paid a cent from the public funds that did not belong to him. An honest man, with the interests of his country and native town at heart, who has been held up to ridicule and contempt by a fellow from Prince Edward Island, who scarcely knows his way about the city, and who is ready at all times to reflect on a Newfoundland; and another, a creature who is afraid to go over to Mr. Grace, because the voters of his native town would not touch him with a fork. The other candidate has

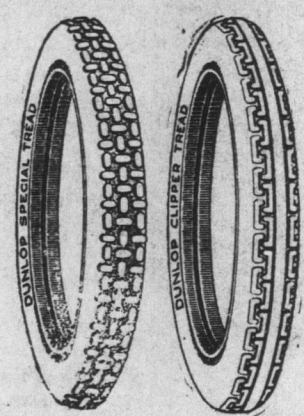

proven himself worse than the two mentioned by associating himself with such a combination as Coaker, Squires and Campbell. Now, voters of St. John's West, what can you expect from such men as Campbell, Squires and Brownrigg, when you compare them with those of such independence as John R. Bennett, J. J. Mulally and J. T. Martin. They are not dipping their hands into the Canadian barrel to pay their campaign expenses. No \$800.00 cheques were given them. No! They are men of sterling worth, not straws nor pawns of Coaker. Nor are they likely to be. Their interests are yours. They are men of the city, men in whom you have implicit confidence, and men who have been of real service to you, and who will prove themselves worthy of your votes. The Coaker trio have been foisted on St. John's by Squires, but have no more chance of election than the painted blacks of Africa, which that Jinker from Prince Edward Island referred to at the Coaker meeting a few weeks ago in the Casino. Coaker in his circular of the 6th inst., says they have no chance, and is only using them as tools. Don't be misled by their cheap clap-net. Vote against Coaker and stagnation. Mark your ballots on polling day for BENNETT, MULLALLY and MARTIN, progress and honest Government. Away with the Coaker "Liberal Deformities."

Grand Rally on the Southside.

A grand rally of friends and supporters of the Liberal Progressive Party in St. John's West, will be held on the South Side this Friday evening at 8 o'clock. The meeting takes place in Bowring's big store, upper premises, which has been comfortably fitted up for the occasion. Addresses will be delivered by the candidates for St. John's West, and if possible Sir Michael Cashin will also address the voters. From a recent canvass of the South Side, the Hon. J. R. Bennett and his colleagues, Mr. J. J. Mulally and Mr. J. T. Martin, will receive an

almost unanimous vote in that important section of the district. We predict a bumper house for the Liberal-Progressive standard bearers there and an enthusiastic welcome. St. John's West is awake to its duty, and as each day passes by, the evidence of an overwhelming majority for Bennett, Mulally and Martin on polling day is more and more apparent. There is no room for the Squires-Coaker combination on the South Side, and the voters residing there see safety in no other course but to vote the straight ticket for Bennett, Mulally and Martin.

CHANNEL, Oct. 9.
Mr. C. T. James, candidate for the Liberal-Progressive Party, held a very successful meeting last evening in the Orange Hall here. The Hall was well-filled, and the audience listened very attentively, whilst the candidate proceeded to prove that he was the right man to represent the district of Burgeo and LaPole. Some who went there doubting, went away satisfied. After cheers being given for Mr. James, the meeting closed by singing the National Anthem, and there isn't any doubt now as to who will be member as far as Channel is concerned.

The Liberal Reform Party candidates, Hartley and English, held a meeting in school house last night with very small attendance. They were interrupted several times by parties calling three cheers for Sir Michael Cashin and the Liberal-Progressive Party. Cashin is sure to come back.

HR. GRACE, Oct. 9.
In reporting the Liberal Progressive meeting held at Bryant's Cove last night, the Star states what is happening in Harbor Grace District; Mr. Piccott recently sent out a request that those who wanted him nominated write him and tell him so. The Star says, "Piccott received few replies to his circular," etc. The Star's report is a colossal lie. Piccott's circulars were received here with open arms and responded to in the affirmative. Piccott is not "Going Out" of politics, but is "Going In," he and his colleagues, with a large number of supporters than ever before. The report of the meeting in the Star and Advocate was cooked by a discounted individual in Harbor Grace.

HANT'S HR., Oct. 9.
Great reception here to-day in honor of Hon. J. G. Stone, R. Matthews and A. Carnell, great enthusiasm prevailing; bunting being displayed in different directions. Big meeting at the L.O.A. Hall, singing crowds gathered. Thronged fall to get seating capacity. Citizens from New Melbourne attend. Meeting such an ovation that has seldom been given any speakers here, carrying people back to days when men like Hon. Sir W. V. White-way, Sir Robt. Bond, Boyd, Webber and other distinguished men were representing the district. During the address the applause was deafening. Mr. A. Carnell's ability has surprised the people. Mr. R. J. Matthews calibrates without a rival and Mr. Stone vindicated his cause so ably that the audience could scarcely control their hands and feet. The feeling is unanimous: A solid vote for Stone, Matthews and Carnell is sure.

'An Amazing Story.

ABOUT MR. SQUIRES' ELECTRIC LIGHT BILL.

Last night in a leading club of the city, several parties were discussing the latest exposure in relation to Mr. Squires, namely, that in addition to having his own regular annual pass on the railway lines he used to have a book of passage tickets for his family, and that according as it was used up he sent it up to the Reid offices and got another one, and one of those engaged in the conversation remarked that he would not be surprised if the next thing to come up about Mr. Squires was that the Reids were putting in his provisions, to which comment a third party made the retort that he understood that Mr. Squires, in the Fall of 1916, owed the Reid Company a bill for \$1,038.00 for electric fittings and lighting, and that it was when he was asked by one of the Reid accountants to pay this amount that he produced a bill for legal expenses for \$1,500.00, and that when a final adjustment of this account was made about a year later the electric bill had been increased by some \$400.00, and that to square Mr. Squires' account for \$1,500.00 the Reid Company handed him a receipt for \$1,482.00 and a cheque for \$18.00 as an unpaid balance. Of course this transaction may be perfectly proper and above board, and Mr. Squires may be able to give an absolutely complete explanation, but we do think that at the public meeting to-night he ought to make such an explanation, particularly when he is asking the intelligent electors of the city of St. John's to accept as genuine his declarations that his policy in seeking the suffrages of the people is, as he himself has phrased it already, to put the Reids in their place and to see that they carry out their contractual obligations to the country in the best manner of the operating of the railroad and other services which they are obligated to do. Mr. Squires has already been charged with the following peculiar proceedings:

(a) Getting \$5,000.00 in Bank of Montreal notes from the Reids in the autumn of 1917 at a time when he was chairman of a sub-committee of the Executive Council inquiring into some claims of the Reids in connection with railway work.
(b) Drawing a letter to be signed by Mr. H. P. Reid for publication in the newspapers denying that he ever received this amount, and presenting this letter to Mr. Reid who refused to sign it on the ground that it contained statements that were not true.
(c) Attempting to practise a barefaced deception on the public by this means, and to prevent their realizing the truth of these statements.
(d) Obtaining from the Reids the money to start the Daily Star newspaper which is now proclaiming in every issue that his purpose is to see that the country gets justice from the Reids.
(e) Getting books of mileage tickets from the Reids for his family in addition to his own regular annual pass.
(f) Owning the Reids \$1,038.00 for electrical fittings and an electric light bill, and presenting a bill to the Reids for \$1,500.00 for alleged legal services to square the account.

We think that before Mr. Squires asks the people of this country to accept him as a political leader on an anti-Reid policy, he owes it to himself as well as to them to make some explanation with regard to these matters.

The Latest Coaker Circular Letter.

CIRCULAR LETTER NUMBER 12.
Port Union,
October 6, 1919.

Dear Friends,—
The campaign is now in full force. Our men are: Scammell, St. Barbe, Jennings, Jones and Samson, Twillingate, Mr. Samson was C. of E. teacher at Catalina, but is now working on our staff here, he is an A.A. teacher, fair speaker and reliable. Mr. Hibbs, Popo; Mr. Hibbs will give Oake the biggest licking a Tory ever got in the country. Oake is a fisher-weight, he was once a Union clerk and dismissed from his job. Bonavita team: Bob Winsor, Abbott and myself; Trinity, Target, Halfyard and Guppy; Port Go Grave, Grimes.

We must return our 12 men. Every Union man should work his best. Remember our motto will be \$12.00 for fish in future: this can't be done except we are returned as a solid unit of 12. I am still the leader of the F.P.U. Don't listen to gossip of Tory agents. I feel sure our party will carry 24 seats. Burgeo, Fortune, Burin, Mr. Grace and Carbonne are sure. If our friends work right in the Bay de Verde, Hickman the traitor will not be returned. Punish the traitors sure. Don't split your votes, every vote must go straight ticket; a split means a smack in the face for the F.P.U. Election day is November 3rd. Arrange to have men as agents in every booth: don't trust to Deputy Returning Officer unless absolutely sure of their attitude. Aid the distribution of the Advocates of your town, give them out as soon as they arrive.

[Paragraph three is deleted by us, as it is a base libel on three persons, viz. Mr. W. A. McKay, the candidate in Twillingate District, Mr. "Fred" Strong, and Mr. "Ned" Roberts as Mr. Coaker terms these gentlemen, and too abusive to be published in a decent journal. If they will call at the News office we shall be glad to show them the document. The reference to Mr. McKay will be telegraphed him to-day.—Editor Daily News.]

Fish conditions are even worse from week to week, and prices will be sure to decline. Awful conditions will exist by the time elections come off. Our only hope is to have the new Government back by the 15th of November and have it take up the fish situation and aid the fishermen and exporters. My plan is to fix prices, scooped at by Morine who wants low prices and bad times in order to make sure of financial embarrassments, which mean Confederation. He wants job of Lieutenant-Governor and a K.C.M.G. A cold storage scheme would keep fish up to \$12.00, as half the fish would be exported fresh; this means no Confederation and prosperous times.
Another plank is the building of a sealing fleet by the country, about 12 ships the size of the Sable Island, to be sent to the spring and summer coasts of the steamer in the summer. Sell cod oil, as price is likely to drop. Fish situation can only be handled by Government action. Cashin and Morine refused to take action. We will have to take action the first moment we become a Government.
Yours sincerely,
(Sgd.) W. F. COAKER.

Keep Your Money at Home

The time for more serious consideration of our natural resources was never more ripe.

Some twenty odd years ago, Bell Island, in Conception Bay, was only looked upon as a ballast pit for sailing vessels, to-day it is one of the very richest ore mines in the whole world.

It was never taken seriously by Newfoundlanders, until someone came in and discovered it was really a valuable iron ore field.

To-day the mineral deposits that surround Bell Island are valued at ONE BILLION DOLLARS.

COAL AREAS that promise to surpass even Bell Island have been opened up during the past year, and are now being developed with the aid of Newfoundland capital.

Development work to date has uncovered EIGHT SEAMS OF COAL, three of which are giving over six feet of coal, one over three feet and the balance from eighteen inches to two feet in thickness.

Should we not as Newfoundlanders aid in every way possible the full and complete development of such a magnificent showing?

It means much to the future economic independence of the Dominion.

Your financial support is solicited with the full confidence that ample returns will be received by each and every investor.

The shares are only one dollar, and we want to see every Newfoundland interested in the welfare of this country the owner of at least one share in this enterprise.
