WORKS OF NATURE. In a state of health the intestinal canal is compared to a river whose waters flow over the adjoining lands, through the channels nature or art has made, and improve their qualities; so long as it runs smoothly the channels are kept pure and healthy; if the course of the river is stopped, the water in the canals is no longer pure, it soon becomes stagnant. There is but one way of removing the obstructions from the bowels—BRANDRETH'S PILLS, which never fail, but are always effectual for the perfect cleansing of the system from fullness or distension. Remember, never suffer a drop of blood to be taken from you. Evacuate the bowels as often and as long as you are debilitated or so long as you are sick. See that BRANDRETH'S PILLS are in white letters in the wrapper stamp. Sold by all Druggists.
