sions on Madagascar.

French Voters' Lists Frauds.

PARIS, Sept. 24.—In consequence of the
discovery of glaring frauds in the lists of
voters, the Government has dissolved the
municipal council at Toulouse and ap-
pointed a commission to replace them,
in the dark.

PARIS, Sept. 24.—The liquidators of the
Panama Canal Company decline to dis-
close the amount of subscriptions to the
new issue of shares, and there is conse-
quently no way of proving the correctness
of the assertion of Le Soir that only 40,000
shares were taken in Paris and a like num-
ber in the provinces.

A British Bark Abandoned.

LONDON, Sept. 24.—The British bark
Ravenscourt, Capt. McLean, from San
Francisco for Queenstown, was
spoken on May 15. The Ravenscourt had
on board the crew of the British bark Dun-
canthorpe, Capt. Murphy, which was
abandoned at sea while on a voyage from
Iquique for the United Kingdom.

On the Nile.

PARIS, Sept. 24.—A report has reached
here that Col. Colville, the administrator
of Uganda, is mustering the remains of
Pasha's Sudanese troops for a march on
Bar-el-Ghazel on the Nile, with the object
of heading and preventing the Montell
mission. The departure of Col. Colville
will be the signal for a joint Anglo-Italian
expedition to Khartoum from Suakin and
Kassala.

A Radical Victory.

CHRISTIANIA, Norway, Sept. 24.—Up to
Saturday the results of the elections for
members of the Storting, or Great Court,
in 52 of the 114 districts were known. Out of
the 52 districts 34 return Radicals. In only
fourteen of the districts thus far heard
from were members of Right elected. All
indications point to the maintenance by the
Left of such a majority as will insure the
overthrow of the Stang Ministry.

Fenians Heard From.

DUBLIN, Sept. 24.—The group of old
Fenians and Invincibles have taken ad-
vantage of the discontent caused by the
delay in action upon the home rule ques-
tion, and have formed a new society called
the "Old Guard." They have issued a
circular calling upon Irishmen every-
where to enroll themselves in a united
brotherhood to resist all attempts to
suppress the Irish flag or to stave the onward march
of freedom. Not one of the prominent
members of the Irish party signed this
appeal.

Fifty Japs Murdered.

LONDON, Sept. 24.—A letter has been
received at Tokio stating that the rumored
murder of over 50 Japanese, engaged in
camphor making at Taiwan, Formosa, is a
fact beyond a doubt. The intelligence was
brought to Nagasaki by one of the ill-fated
party, who had a narrow escape from shar-
ing death with his comrades. The Japanese
camphor gatherers were murdered by
Chinese, and all property belonging to
them was appropriated by the assassins.

The French in Madagascar.

PARIS, Sept. 24.—Advice from Madag-
ascar states that the French are erecting
forts at Diego and Suarez, outside the
French reservation, and are also occupying
several points on the coast to the south-
ward. Their aim apparently is to secure
control of the Mozambique Channel. The
Hova Government complains also of other
acts of aggression on the part of the
French, which they assert are designed
with a view of inciting hostilities.

National Science Congress.

VIENNA, Sept. 24.—The German Con-
gress of National Science opened here to-
day. There were about 2,000 delegates in
attendance. Chevalier Stanislaus De
Madyski, Minister of Public Instruction,
delivered the opening address. He con-
tended that the study of natural science
did not, as had been asserted, force human
ideas into the background. The greater
progress made, he said, the more strenuous
would be the effort to weld natural and
moral science into a harmonious whole.
This was the aim of the state in public
instruction.

Moors vs. Jews.

TANGIER, Sept. 24.—The persecution of
Jews throughout Morocco continues. They
are plundered and beaten wherever found,
and compelled to pay a tax of 45 for pass-
ing along the principal highways. The
immediate release of Muley Mohammed,
the eldest brother of Sultan Abdul Aziz, is
demanded by the Eshirra tribe. Upon
the death of his father, Muley Hassan,
Muley Mohammed proclaimed himself
sultan, despite the fact that his younger
brother, the present sultan, had been pro-
claimed sultan at Fez. Muley Mohammed
was imprisoned by order of his brother and
compelled to sign an act of adhesion to
Abdul Aziz. The Eshirra tribe not only
demand his release, but the liberation of
all political prisoners now confined in
Morocco as well. If this demand is not
complied with they threaten to sack the
city and release the prisoners themselves.

Too Much Talk.

DUBLIN, Sept. 24.—The Freeman's
Journal publishes a letter from Dr. Thomas
Addison Emmett, of New York, in regard
to the dissensions in the party. Dr. Emmett
calls Mr. Justin McCarthy's attention to
the dissensions consequent to the national
movement in America from the constant
reference to scandals and public discussion
of differences existing between factions of
the Irish party. The National Federation,
Dr. Emmett adds, was about to hold meet-
ings in order to raise money for the
Nationalist cause, but the whole movement
in America had been imperiled by Mr.
Healey's letter about Mr. Gladstone's
subscription to the parliamentary fund.
He recalls the fact that the Irish
Federation in America has sent Ireland
\$890,000 during the last three years, and

Ireland could have relied upon a yearly
balance of \$100,000 but for the continued
wringings in the party. Dr. Emmett
appeals to Mr. McCarthy and to all Irish
representatives to stop their discussions
and paralyze no longer the efforts of the
warmest friends of Ireland in the United
States.

Cholera Patients Cremated.

WARSAW, Sept. 23.—Sixty bodies in the
city of Biazki, in the district of Kalisz,
Russian Poland, where the cholera is mak-
ing fearful ravages, were set on fire last
night and completely destroyed. A num-
ber of the inmates of these houses, who
were suffering from the dread disease and
were too weak to make any effort to save
themselves, were burned to death.

connect Pittsburgh and Lake Erie by water
is now being made by the engineering com-
mittee of the Pittsburgh Chamber of Com-
merce. The inspection of routes will soon
be completed.

While Dr. M. Stevenson, living near
Clearfield, Ohio, was driving home on
Sunday with his wife and three children
they were struck by a runaway team. One
of the children was instantly killed and
Stevenson fatally injured.

Robert Wyper, who occupied a room in
the Columbia boarding house, and who
arrived in Buffalo on Sept. 13, was found
dead in his room Monday morning, having
taken enough laudanum to kill twenty
men. Wyper was at one time a boat-
swain in the royal navy, from which he was
discharged with a small pension as a con-
firmed invalid. He leaves a wife at Niagara
Falls.

Although the United States grand jury
failed to find an indictment against Mr.
Newsome, who was alleged to have brought
Miss Lily Flanagan to Buffalo under con-
tract to work for him in his typewriter
agency as a stenographer and typist, the
case will come up again. Inspector De
Barry said this was the only criminal pro-
ceeding. There is a civil action for \$1,000
under sections 1 and 3 of the act of 1882.

It is said ex-Queen Lil of Hawaii will
sue the United States for \$200,000 damages
for the loss of her crown.

PAID DEAR FOR A KISS.

The Jury Thought It Was Worth Four
Hundred Dollars.

ROCHESTER, N. Y., Sept. 25.—A county
court jury yesterday charged Charles
Drabble \$400 for a kiss which he forcibly
took from the unwilling lips of Miss
Mayme E. Hempel, a pretty young stenog-
rapher, who called at his office several
months ago to secure a position. Drabble
was the manager of the local branch of a
photograph company, with an office in the
Ellwanger & Barry building.

He advertised for a stenographer in
June and Miss Hempel responded. The
story which she told in a modest manner
on the stand was that Drabble, after talk-
ing with her for a few minutes, suddenly
threw his arms around her and kissed her.
She afterward began an action for assault,
claiming damages for \$1,000.

SMALLPOX IN DETROIT.

Samuel Chadwick, a G. T. R. Draughts-
man, Succumbs to It.

DETROIT, Mich., Sept. 25.—Samuel
Chadwick was taken to the pest house
Saturday from 681 Third avenue, in an ad-
vanced stage of confluent smallpox, and
died at that institution yesterday.

Mr. Chadwick, who was chief draughts-
man of the Grand Trunk Railway lines
west of St. Clair tunnel, returned from a
visit to England about three weeks ago
and was taken with the disease one week
ago. It was not until Saturday, however,
that his attending physician decided on the
character of the disease and notified the
health officer.

There were 24 other boarders in the
house, and extra precautions will be taken
against the spread of the contagion from
that point.

A Teacher Murdered.

SAN DIEGO, Cal., Sept. 25.—Mrs. Mary
J. Platt, teacher in the Indian school on
the Pichango reservation, near Tecumseh,
Arizona county, has been murdered by
Indians.

Killed at Baseball.

SENECA, Mich., Sept. 25.—Geo. Bacon, a
blacksmith, was one of the nine that went
to Jasper to play baseball with a club of
that town on Sunday. The second ball
pitched hit Bacon squarely on the head.
He died yesterday.

STEPPED ON A NAIL.

Death of a Hamilton Boy from
Lockjaw.

HAMILTON, Sept. 24.—Joseph Cloheey,
second son of Mr. Thomas Cloheey, died
yesterday at his parents' residence,
Catharine street north, of lockjaw. About
two months ago the lad, while jumping
with other boys, stepped on a nail, which
penetrated his foot. Under the physi-
cian's directions Mrs. Cloheey poulticed
the foot for a week and it healed. Two
weeks ago yesterday the boy complained
of his jaw being stiff, and he afterwards
became rigid all over. On Monday he was
brought to the hospital, and on Tuesday
he died. The lad was 16 years old, and was
a favorite among his companions.

ACCIDENT ON THE C. P. R.

Freight Train Derailed and Twenty-two
Cattle Killed.

OTTAWA, Sept. 24.—There was a whole-
sale butchery of cattle on the C. P. R. track
near Britannia this morning. The train
was thrown from the track by running over
a cow. The stock train consisted of 255
head of cattle belonging to Mr. Gordon
Irons, proprietor of one of the largest
cattle ranches at Calgary, and three other
cars loaded with 43 cattle belonging to
Mr. J. McMullen, of Prince Albert. The
cattle belonging to Mr. McMullen, 22
cattle, were killed or butchered and three
disabled. The cattle were in splendid
condition, and were expected to realize
\$100 apiece when they reached the English
markets.

ing of the Patrons of Industry of East Elgin

BALTIMORE GONE CRAZY

Over Baseball—Ministers Catch the
Fever—Vestimental to the
Champions.

BALTIMORE, Sept. 24.—Staid, conserva-
tive Baltimore has gone wild on baseball.
The scene at the opera house, where the
games are played on the blackboards, was a
bedlam last night when in the eighth inning
the Baltimore took a long lead of St. Louis
and the defeat of New York by Pittsburgh
was announced. The theater was packed
to the doors and hundreds had been wait-
ing away. When the good news came the up-
per row was deafening. In the orchestra
circle a prominent Protestant minister led
the cheering, and back of him priests and
politicians were waving their hats. Down
town in front of the newspaper offices the
same scenes were enacted. The mer-
chant was subscribing liberally to the
entertainment fund. A benefit perform-
ance will be given at the largest theater in
the city. It is estimated that each player
will receive over \$2,000 as his share of the
receipts.

Great Storm in Japan.

SAN FRANCISCO, Sept. 24.—The steamer
City of Rio Janeiro brings news of a de-
structive storm which raged in the Akita
and Aomori prefectures in Japan Aug. 25
and 26, and was followed by great floods.
Over 300 persons were drowned, and more
than 15,000 houses were destroyed.

Lost in Buffalo.

BUFFALO, N. Y., Sept. 24.—Mrs. Mary
Smith, of Toronto, Ont., is lost. Her hus-
band is in Buffalo looking for her, but does
not know his wife's address. Mrs. Smith
came here with her 10-year-old daughter
from Toronto last Tuesday, intending to
visit friends on Oak street. Her husband
was to join her and is greatly worried as to
his wife's whereabouts.

A Great Gift.

WASHINGTON, D. C., Sept. 24.—In behalf
of Pope Leo, Archbishop Satelli, the Apo-
stolic delegate, yesterday conferred an
appointment as a prelate of Holy See with
the title of monsignor on Rev. Father
James McMahon, of the Catholic University.
The honor was given in recognition
of Father McMahon's gift to the university
of the McMahon Hall of Philosophy, which
will cost between \$350,000 and \$400,000.

Strike Leaders Convicted.

BETTE, Mont., Sept. 25.—Judge Knowl-
es, in the United States court, found six
leaders of the A. R. U. guilty of contempt
of court in interference with the movements
of mail and inter-state commerce on the
Union Pacific Railroad at the time of the
recent strike, and sentenced them to im-
prisonment for 30 days in the county jail
and to pay a fine of \$100.

LOS ANGELES, Cal., Sept. 25.—Judge
Ross in the Federal Court sentenced two
strikers, members of the A. R. U., to
eleven months imprisonment in the
county jail and to pay a fine of \$5,000 each.
The men were among those who attempted
to intimidate non-union employees of the
Southern Pacific road during the strike.

PUNCTUATION was first used in literature
in the year 1520. Before that time words
and sentences were put together like this.

LABOR MATTERS.

Over Three Thousand Shirt Makers
on Strike in New York.

London Painters Have a Grievance
Against Baroness Burdette-
Coutts.

FALL RIVER, Mass., Sept. 24.—The sixth
week of idleness opens without any promise
of an early resumption of work.

NEW YORK, Sept. 24.—The strike of
shirt makers for more pay and less work,
which was ordered Saturday night, has
assumed a size which is a surprise even to
the executive board. Over 3,000 shirt-
makers are on strike. The demands of the
strikers are for an advance of 50 per cent,
and also that ten hours shall constitute a
day's work.

LONDON, Sept. 24.—Recently the secre-
tary of the London Painters' Trade Society
addressed a letter to the Baroness Burdette-
Coutts, stating that a complaint had
been lodged against her by a branch
of the Painters' Union for permitting
her stables at Brookfield to
be used by union painters. In reply
the baroness writes that Brookfield is
owned by her husband, but she denounces
the "Monstrous and intolerable oppression
that the union claims to have the right to
practice, and which would deprive every
workman of the right to work out his
own advancement by his own energy, and
rob him of his birthright of personal
liberty." The action of the union is
generally condemned by the newspapers,
which call attention to the great services of
the baroness to the working classes in
spending many years and much of her
fortune for their benefit.

BIG CAR WORKS BURNED

At Erie, Pa.—Several Acres of Buildings
in Ashes.

ERIE, Pa., Sept. 25.—The plant of the
Erie car works, the largest concern of the
kind in the country, was almost wholly
destroyed by fire last night. Several acres
of buildings and a number of cars were burned.
The works had been used by the Lake
Shore Railway for the past fifteen months
as repair shops, and all the cars destroyed
are the property of that company. The
fire was incendiary and was the second at-
tempt made to burn the works within two
weeks. The loss will foot up \$500,000,
upon which there is small insurance.

THE PEOPLE'S FORUM.

The Horse Exhibit.
To the Editor of the ADVERTISER:

I have a number of complaints in con-
nection with the management of the different
departments of the Western Fair, and take
this opportunity to say a few words in
praise of the management of the horse de-
partment. I am an old exhibitor; in fact,
one of the oldest in the Province, and can
safely say that this department has never
been conducted better or anything like as
well as it has this year. I have spoken
to several of the horsemen and all are
satisfied and cannot say too much in
praise. The horses were distributed in
classes to parade before the grand stand,
the first time in the history of the Western
Fair that it has been so. This gives
buyers and others a better chance to view
the prize animals and also better satisfac-
tion to the horse men. Everything about
the stables was in perfect order, and in fact
I never saw anything like it at a large fair,
every place kept so clean no one had a
chance to grumble, except perhaps one or
two that failed to get the red ticket.
Yours truly,
JAMES MCCARTNEY,
Thamesford, Ont.

Lord Aberdeen's House.

Haddo House, Aberdeenshire, the well-
known family seat of the Earl of Aber-
deen, has been let, along with about 40,000
acres of shooting, to Mr. F. C. Laurence,
the late tenant of Glenmuick, which is now
rented by Sir Algernon Borthwick. Haddo
House is a plain modern mansion, about
four miles from Aberdeen. It is built upon
the ruins of the old castle of Gight, and
occupies a picturesque position amid steep
wooded hills, overlooking the Ythan. In
1644 the old castle was taken and plundered
by the Covenanters. Byron's mother (a
Gordon) was heiress of the castle, which
was sold in 1787 to pay her husband's debts,
when it was purchased by the then Lord
Aberdeen.

Lost Cattle Traced in a Queer Way.

Last June some extensive depredations
by cattle thieves occurred in the western
part of Wentworth and in Brant county. A
farmer named Skelly in Union Dumfries
lost ten head of very fine animals. Another
farmer lost six, and others lost smaller
bunches. Nothing was heard of the
animals until recently, when what
looked like the hides of Skelly's cattle were
found in the Hamilton market, being
offered for sale. The hides were traced to
a local slaughter house, where the animals
had been killed. As the cattle were valu-
able animals, Mr. Skelly had had each one
tagged on the ear, the same as at the
Agricultural Fair, the tag showing the
date of birth and other notes regarding the
pedigree of the animal. In this way the
hides were identified. The ears had been cut
off and buried with other slaughter
house refuse, but when a search was insti-
tuted at the place the tagged ears were
found. From further information ob-
tained the hides were traced back and the
supposed guilty parties arrested. Their
names are Thomas Bishop, Oliver Kitchen
and J. Bacon, of Lynden, and they have
been taken to Brantford for trial. The
detective work in the case was quite
clever.
