How the Lines Have Been Laid Out by

Ottawa, Aug. 19.—The question of the division of the High Court of On-tario of the Independent Foresters into two or three high court jurisdictions is the chief topic for consideration at the present High Court meeting, which opened here yesterday. The Foresters lost no time in getting down to a consideration of this important

(A summary of the morning's proceedings appears in another column.)
At 4 p.m. work was resumed, when the special committee appointed to consider the question of dividing the High Court reported in favor of a division into three high court jurisdictions—eastern, central and western, the central to consist of Halton, Peel, Cardwell, Simcoe, York, Ontario, Dur-ham, Victoria, Muskoka, and Algo-ma; all east of the said counties to constitute the High Court of Eastern Ontario; all west to constitute the High Court of Western Ontario. The principle embodied in the report was discussed at length by, among others, the following brethren: Dr. Thompson (Toronto), A. N. Payne (Ottawa), W. T. R. The High Councilor ruled against recognizing the rank of Bro. Harper, A.P.H.C.R., of Ohio, now resident in Ontario. The feeling of the High Court was in favor of recognizing Bro. Harper.

At 10:30 the previous question was carried, and the High Court divided on the committee's recommendation to divide the High Court. The result was as follows: For a division into three high courts, 241 against 135; majority for 106. The result was hailed with loud cheers. Petrolea, Ont., Aug. 18. - The civic holiday here today was celebrated at home. In the morning there was a grand bicycle parade in Turkish costume, in which there were about forty lady riders; a monster traces procession and calithumpians; at two o'clock bicycle races, at four o'clock a baseball match, and in the evening a brilliant display of fireworks at the park, and the "Lady of Lyons" at the

Opera House.
The bicycle races, which were run in the face of half a gale of wind, were well attended, and the following are the results:
