The Council Docade to Run Over the Tails Railway Matters.

When the City Council opened its session on Saturday evening the mayor announced that the meeting was called to consider the London and Port Stanley Railway matter and the bill to incorporate the Cleveland syndicate. He had telegraphed Mayor Oill, of St. Thomas, asking him to attend the meeting with a number of members of the St. Thomas Council. Mayor Oill replied that he did not think from the present state of affairs that it would be of any advantage to visit London. Later he suggested by telephone that the London Council come to St. Thomas on Monday morning and meet the council of that city. Accordingly it was decided that the mayor, council and city solicitor should go to St. Thomas this morning and interview their aggravated brethren there.

A Happy Home.

"We used to buy a pound of baking powder and get a litle present with it, all for 50 cents. My husband got dyspepsia, the children were iretful and I did not feel like myself at all," said Mrs. Jones to Mrs. Smith the other day. "We could not account for our poor health; but a change came. We commenced to use Pure Gold Baking Powder. The dyspepsia is gone, the children are happy, even the baby is always laughing, and I am myself once more."

A Bad Runaway.

A team of horses from Young's livery ran away on Richmond street early last evening, the result of an unsound rig. Just as the C. P. R. tracks had been crossed the pole became detached from the Gladstone, and off the horses went at a breakneek pace. At the corner of John street they both fell and received severe and painful injuries, from which the blood flowed freely. The four young men who were in the rig were uninjured. A spectator states that they were driving slowly and were in no way responsible for the accident, Independent Order of Oddfellows.

ing the other fellows went out and leit me. I waited around a while for them to turn up, and when they didn't, I decided to go to bed. Before going, though, I got a telegraph blank and an envelope with "rush" on it. Then I wrote out a dispatch to the mayor, stating that an indignation meeting was being held over our absence at so grave a crisis in London's railway affairs. Helt the message for the mayor and went to bed. It worked like a charm. I had all those fellows up packing their grips at 4 o'clock in the morning to start for home. Then I told them the joke, and they couldn't see where it came in."

Buildhist scholars from Japan, China, India and Siam, and the leaders of the Sinto, Moslem and Jewish faiths will take part in the conference, as well as the foremost men of Christianity. The arrangements for this remarkable congress have been placed in the hands of an advisory council, composed of the chosen leaders of each great religion. Archbishop Walsh, of Toronto, in answer to a request that he should act as a member of this council, sent the following reply to Rev. John H. Burrows, D.D.:

Reverend and Dear Sir.—I beg to acknowledge with sincere thanks the high hoor done me by my appointment as a member of the advisory council on religious congresses of the world's congress auxiliary in connection with the World's Columbian Exposition of 1893.
