Another Lady Driving a Car Lost Control of Machine and the Londoner Saved Her Life by Clinging to the Fender-A Mishap in Toronto.

[Canadian Press.]
Toronto, Ont., Sept. 23.— A most extraordinary automobile accident occurred this morning at the corner of King and Bay streets, when Mrs. George Bennett, of 6 Pearl street, East London, was run down by a car and carried half a block, sustaining no more serious injuries than shattered nerves and solled clothing. A woman was driving the car, and when she saw that she was going dangerously close to a pedestrian, she lost her head and turned the steering wheel the wrong way.

hung on, her knees scraping the pavement, until the car crashed into the boarding in front of the new Bank of Toronto building.

The machine was going with sufficient speed to take a wheel off when it struck the curb.

Mrs. Bennett, who was accompanied by her husband, was the least excited of a large crowd which witnessed the time of the corner of the new Bank of Toronto building.

Hamilton, Sept. 23.—Strong and vigorous resolutions of censure against the Provincial Government west unanimously passed this morning at the annual meeting of the Canadian Conference of Charities. Allen Studholme, M. P. P., criticised the Provincial Secretary for turning down apputations which had waited on him to secure greater assistance for the feeble-minded; and other speakers, including Adam Brown, J. C., McConcachie, of Kingston, and Chief Hind, of Obshawa, urged for more legislation so as to increase their powers to deal with husbands deserting their wives and children.

tion fell through the loft, but was not badly injured.
P. C. Edgar Fowler was on his beat, and noticing the fire, he broke the door in. He took the horses out into the yard and turned them loose.
The brigade was summoned, and when the firemen arrived there was a merry blaze. They soon had several streams playing on the fire.
Two of the horses were stallions, and in a short time they were mixed up in a fierce fight. They were separated with considerable difficulty, many of the firemen assisting in this work.
