address. Premier Drury intimated that

relating to the Ontario government an

was still under the control of and sub-lect to the will of his government and emphasized his contention that there would ensue, while he was at the head

of affairs, no repetition of the so-called lean-up deal of a year ago, when cer-ain action was taken that had to be

ubsequently ratified by the Legislature.

Turning to the Chippawa develop-ment the premier questioned the state-

ments that his government had been

against all public owned enterprises and

asked his hearers to regard the attitude of the house during the last two

questioned, where despite great fin-ancial difficulties we have said to the hydro commission, go slow or there will be no money forthcoming?

cial liability and responsibility.

"That was, is and will be our stand," asserted the premier, "four square and clean cut."

Mr. Drury then review the work of the special commission appointed to pass opinion upon the entire scheme and repeated his charge that municipalities are always bad debtors.
"You can never collect from them,"

In conclusion the premier referred In conclusion the premier referred again to the Chippawa enterprise.

"I believe," he said, "that this project is being entered into with every assurance of success, and that power can and will be made at prices that will be within the reach of all, and I was announced today by B. E. Fraser, postoffice inspector here.

The want to tall was announced today by B. E. Fraser, postoffice inspector here.

the big Chippawa plant at the edge of Hamilton, president of the hydrothe turbulent Niagara and directly below the heights of Queenston was witnessed by more than 1,500 representative citizens of Toronto, London, Hamilton and other Western Ontario municipalities.

Beck paid a glowing tribute to the wonderful spirit of co-operation exhibited by the hydro municipalities which was mainly responsible, he explained, for every dollar that was spent inhility assumed. turbulent Niagara and directly be- electric municipality union, Sir Adam

DITCH" OPENING

The arrival of the London, Middlesex County and St. Thomas delegation at noon completed the party. A special train chartered by the hydro-electric power commission conveyed the interpower commission stands in its proud the falls. Brief stops were accomplished at various points en route to allow inspection.

Becomes Reality.

These men stood as a body," he said, "ever ready to support whatever was held to be in the interest of the poople, and today the hydro-electric power commission stands in its proud with laurel or anything which signifies reward for work well done. "Miss Luiu Bett" gained for Zona Gale the Pulitzer prize for writing the best was held to be in the interest of the poople, and today the hydro-electric power commission stands in its proud with laurel or anything which signifies reward for work well done. "Miss Luiu Bett" gained for Zona Gale the Pulitzer prize for writing the best was held to be in the interest of the poople, and today the hydro-electric power commission stands in its proud with laurel or anything which signifies after all 11 years of operation we have complished at various points en route to allow inspection.

"For the past two years," he continued, "I have done my utmost to see the work completed as soon as possible. I believe that was only sound business. And I pursued that end, despite violent objection of the financial experts of the capacition."

contemplated asking for an explanation.

"Public ownership has certain disabilities, and if we are to lead the way in this form of enterprise we must move with great caution and exercise every economy.

"I do say this, however, that the Drury government does not intend to abrogate its interest in the Chippawa or other developments, or does it desire to forego its responsibility to such, but will do its utmost that these are maintained for the benefit of all.

"We have been assailed as enemies of public ownership and friends of the C. P. R. I say, however, that no government in Ontario has been so free from corporation control as the present."

Sifts Radial Plans.

Taking up the hydro radial proposal at some length, Fremier Drury outlined the growth of this movement from its inception, and reiterated the official pronouncement made by himself at Glencoe in August last, when he said if the municipalities vote on a hydro radial scheme and desire to proceed with the same they can do so unhampered by the government, but must be ready to assume all financial liability and responsibility.

"That was, is and will be our stand," asserted the premier, "four square and asserted the premier asserted the premier to the chief, with the first pamed in greatest favor, since it deceive, specket by entimes as many people as either Ido or Volapuk.

Accordingly, the only option that remain is for one of the invented or the heddon the section and is for one of the invented or the chief, with the

international sanction.
