Life and Character Reading.

Life and Character Reading,

JULY 19.

The governing sign of this data is Cancer, the head sign of the water Triplicity, and shown on the Zodiac as the Crab. This is the feminine nocturnal sign of the grand man, the Positive Pole of the Water Triplicity. The higher attributes of this date are feeling and sympathy. This sign is known as the paradox of the twelve. A few harmonious people are to be found in it, who, as far as known, have not given any especial attention to mental or spiritual development; but generally speaking, the genius of the Cancer person is exceedingly difficult to explain. Those born under it are persistent, determined and have a great deal of intuition and purpose.

The governing planet of this date is the Moon, and the birthstone is an emerald. The astral colors are russet brown and green.
