ELEVEN ARE DEAD
IN VERMONT FIRE

Blaze Takes Heavy Toll of
Lives—Bodies Still in
Ruins.

OTHERS LIKELY TO DIE

Montpelier, Vermont, Feb. 15.—The
death-toll of the fire which destroyed
the Lawrence building and threatened
the business section of this city early
today, was placed at eleven tonight,
but only two of the bodies thought to
be in the ruins had been recovered.

Walter Washburn and Mrs. J. F.
Waterman were killed when they were
leaped from windows, missing the
fire-net spread to receive them. Near
one of the bodies found in the ruins
was the gold watch of William Gla-
mour, who rushed through the corri-
dors warning other tenants of the
danger when the fire began, and the
remains were thought to be those of
Gibson and his wife.

The cause of the fire has not been
discovered, the report of a boiler ex-
plosion preceding its outbreak having
been discredited. The property loss
of the four-story brick building was
placed at \$300,000.

One of the injured, Claude W.
Martin, was expected to die, and four
other victims were reported in a seri-
ous condition.

M. L. A. CLAIMS DOMINION
NOT GIVING FAIR SHARE

Winnipeg, Feb. 15.—Declaring that
the Dominion government was not
contributing its fair share towards
education, C. A. Tanner, member for
Kildonan, St. Andrew's suggested in
the legislature this afternoon the
calling of a conference of municipal,
provincial and federal authorities to
settle the rate of contribution each
should give.

STRIKE TO CRIPPLE
ALL BRITISH PORTS

Labor At Every Dock Ceases

Today As Walkout

Ordered.

120,000 WILL BE IDLE

Government Seeks Settlement

When Men Refuse In-

crease in Pay.

Associated Press Despatch.
London, Feb. 15.—Tomorrow at
noon labor in all the ports of the
United Kingdom will cease. Not-
withstanding the strenuous efforts
Minister of Labor Shaw has made
during the past two days to bring
about a settlement of the dispute be-
tween the dock workers and their em-
ployers, it has been impossible to
unravel the tangled skein, and this
evening the dockworkers ordered their
men on strike tomorrow.

The collapse of negotiations arose
out of the refusal of the employers
to make any advance over the terms
they offered the dockers last Monday
—an increase of one shilling a day in
the wages of the men and an inquiry
into the question of the "decausaliza-
tion" of dock labor. The dockers re-
jected the offer.

At the special request of Minister
of Labor Shaw, a conference
will be held tomorrow, which will be
attended by delegates from both sides
to the controversy. It was explained
today, however, that tomorrow's
conference would not have the effect
of postponing the putting of the
strike into effect.

Bone of Contention.
Decasualization is the chief bone of
contention and the dockers rejected
the proposed inquiry because, they
said, a similar inquiry was made in
1920 by a committee which recom-
mended guaranteed employment
under a joint plan, but which came
to naught because the employers re-
fused to carry out the plan.

The dock men also are equally as firm
in insisting on their demands for a two
shilling advance in wages.

This second great industrial strike
in the history of the new Labor
Government will, it is believed, be of
great embarrassment to the ministers
at a moment when they had made a
favorable impression on parliament
last week.

Electricity, the chief bone of con-
tention in the recent railway strike,
has been an admitted grievance which
has been partially remedied from
time to time, but never disappeared
entirely.

Minister of Labor Shaw tonight
made public the provisions of a bill
which will be introduced in parlia-
ment shortly by Ben Tillett and
other Labor leaders. It aims at de-
causalization of dock and waterside
labor, but it is considered that the
bill will be uncertain in the present
parliament.

Would Arbitrate.
The employers issued an official
statement tonight in which it is as-
serted that the dockers' refusal to
accept the offer of an advance of two
shillings in the wages of the men to
arbitration.

A strike of the dock workers in the
British Isles undoubtedly will bring
about a serious situation. Not only
are the 120,000 dockers involved, but
also an enormous number of other
workers, including railway men and
the entire transport work con-
nected with the docks. The country
would be paralyzed by the stoppage
of freight coming from the docks and
that the union also would deal with
any question of "blacklegging."

It has been asserted that an in-
crease of two shillings a day in the
pay of the dockers would cost the
employers about £2,000,000 annually.

SEVERAL MILLIONS
DEFICIT RECORDED

Toronto Report Says Account
of Drury Regime's Last Year
Shows Big Drop.

BUDGET SPEECH TUESDAY

Canadian Press Despatch.
Toronto, Feb. 15.—A news item in
a local paper this morning says:
"A deficit of several millions, with
the exact amount not yet being dis-
closed by the provincial treasurer,
will be presented to the Ontario Leg-
islature on Tuesday next as consti-
tuting the record of the last year of
Drury Government stewardship. On
that day Hon. H. W. Price, K.C.,
provincial treasurer, will table the
public accounts in the chamber and
will deliver his budget address, the
first one of the Ferguson regime,
and the one which will finally close
the chapters in the provincial ac-
counts which the U. F. O. legislators
have written."

"The fact that the budget speech
is scheduled for Tuesday means that
Monday is to be made the most
eventful day in this year's legisla-
ture so far. The debate on the speech
from the throne will have to be
wound up and the members will have
to vote on two amendments, one de-
claring confidence in the Government,
and the other, for which Hon. Man-
ning Doherty is responsible, declaring
that the Government lacks the con-
fidence of the House because it has
failed to recognize the Progressives
as the official opposition."

U. S. OIL COMMITTEE
SUSPENDS WORK

Recess Decided On After Two
Sensational Rumors Are
Discredited.

Canadian Press Despatch.
Washington, Feb. 15.—The Senate
oil committee took a ten days' recess
tonight after receiving information
which discredited two of the class
sensational rumors which recently
have come before it. Frank A. Van-
derlip, whose public references to
the "side" of President Harding's
Marion Star had shocked the country,
told the committee that he himself
did not believe the rumors which he
gave circulation; had no facts to sup-
port them, and had made no efforts
at verification.

Otto H. Kahn and B. F. Yoakum,
who had been depended upon as
siding with the "side" regarding the
story of a \$1,000,000 oil slush fund,
notified the committee they had no
knowledge whatever about it, and
were ready to say so on the witness
stand.

EXPRESS MAN GRIEVES
OVER FATE OF HORSE

Associated Press Despatch.
New York, Feb. 15.—Samuel Ker-
schewitz, an express man, has just
signed away the life of his friend
and partner of 15 years in court
here. The S. P. C. A. complained
that the express man was driving a
horse whose condition was such that
it ought to be mercifully killed.

Kerschewitz sobbed as he heard
the evidence and said he had not
realized his horse's suffering, but
agreed that if the animal actually
was in pain he wanted him killed.
When the time came for the owner
to sign the death warrant he broke
down and it was several minutes be-
fore he could affix his signature.

to an end here tonight.

CITY VETERANS
RAP SUGGESTED
PENSION CHANGE

Will Forward Resolution To
Ottawa Protesting Lowered
Scale.

BONUS ENDS IN FALL

Following the action of the various
Great War Veterans' Associations
throughout Canada in protesting
against any change in the system of
pensions for widows and dependent
parents and others connected with
deceased comrades, the local branch
of the G. W. V. A. passed the fol-
lowing resolution, which will be for-
warded to the Federal government at
Ottawa:

"Whereas pensions as now paid by
the government of Canada to widows,
orphans, dependent parents, and
others connected with our departed
comrades, and to our living disabled
comrades, carries a bonus of 50 per
cent, and whereas said bonus expires
under the present law in September
next, and

"Whereas all comparisons made
between the scale of pensions paid by
Canada and other participating
countries and dominions in the late
war are based on amounts including
said bonus of 50 per cent, wherein
Canada claims equal or more gener-
ous treatment of her pensioners than
any other country or dominion, and

"Whereas it is understood that the
said bonus was primarily granted to
in a measure, to bring the scale of
pensions up to amounts in agree-
ment with the high cost of living,
and

"Whereas it is well known that
the cost of living today has not
diminished to any extent which
would in the slightest justify reduc-
tion or cessation of said bonus, and

"Whereas the Great War Veterans'
Association of Canada steadfastly
adheres in its declared principle of
protecting the rights of the class
who would so grievously suffer
should any reduction be made in
the scale of pensions as is at present
in force, which includes said bonus, and

"Whereas the members of London
Branch of the G. W. V. A. reaffirm
their belief in and desire to serve
Canada in time of peace as in stress
of war, and as citizens of this Do-
minion recognize the necessity for
economy in government and conse-
quent reduction in taxation, respect-
fully point out that the very last
source of federal expenditure to be re-
duced should be the scale of pensions
as at present in force, including the
bonus of 50 per cent. We would
recommend that, without delay, in
the coming session of parliament, a
source of unjust uncertainty to

our dead comrades, and one of con-
stant irritation on which adds to suf-
fering of our living disabled comrades,
be removed, and that an act be passed
making the present scale of pensions,
which includes the 50 per cent bonus,
permanent, we would respectfully
point out the immense sum which this
Dominion pays as interest on tax-
free Victory Bonds in answer to ar-
gument advanced toward cancelling
the tax-free feature of these bonds,
it has been pointed out that the gov-
ernment would be breaking faith with
those who now hold the bonds. It is
a notorious fact that the tax-exempt
Victory Bonds have gradually come
to be held by wealthy corporations
and individuals. How much better to
break faith with them than with the
army of Canada's glorious dead who
lie in Flanders fields?

Therefore be it resolved, that Lon-
don branch of the G. W. V. A. here-
by goes on record as being opposed
to any reduction in the scale of pen-
sions, and calls upon veterans and all
right-thinking citizens of Canada to
join together in impressing upon our
government the foregoing facts.

"Asking all our 922 branches to in-
dorse this resolution."
George Turner, secretary.
